CHARTER

of the City and County of San Francisco

THE CITY AND COUNTY AND ITS POWERS

Name and Boundaries of City and County

SECTION 1. The City and County of San Francisco shall continue as a municipal corporation known by name as San Francisco. The boundaries of the municipal corporation are those set forth in the Political Code of California and as such may be extended as provided by law

Powers of the City and County

SECTION 2. The City and County of San Francisco shall have perpetual succession; may appear, sue and defend in all courts and places in all matters and proceedings; may have and use a common seal and alter the same at pleasure; may, subject to the restrictions contained in this charter, purchase, receive, hold and enjoy, sell, lease and convey real and personal property; receive bequests, gifts and donations of all kinds of property in fee simple, or in trust for charitable and other purposes; and do all acts necessary to carry out the purposes of such gifts, bequests and donations, with power to manage, sell, lease or otherwise dispose of the same in accordance with the terms of the gift, bequest or trust.

All rights and titles to property, all rights and obligations under contracts or trusts, and all causes of action of any kind in any court or tribunal vested in the City and County of San Francisco or in any officer or employee thereof in his official capacity, at the time this charter becomes effective, as well as all liabilities in contract or tort and causes of action involving the same in so far as they affect the city and county or any officer or employee thereof in his official capacity which shall be outstanding, at the time this charter becomes effective, shall continue without abatement or modification by reason of any provision hereof.

All ordinances or resolutions in force at the time this charter takes effect and not inconsistent therewith shall continue in force until amended or repealed. All public improvements or other proceedings legally authorized under the charter superseded by this charter shall be carried to completion under previously existing laws or under this charter. The powers or duties vested in city and county officers, boards or commissions by law or under the charter superseded by this charter shall be exercised, continued and carried out by their successors or by other city and county officers, boards or commissions, consistent with the provisions of this charter.

All functions of the city and county, and the powers and duties of officers and employees charged with the performance "thereof," as these shall have been apportioned among departments and offices, and institutions, utilities, bureaus or other subdivisions thereof, as existing at the time this charter shall go into effect, shall continue to be the functions of such departments and offices and the powers and duties of officers and employees assigned thereto, except as in, or under authority of, this charter otherwise specifically provided. The legally authorized officers and employees of each of said departments and offices or sub-

divisions thereof shall continue as the officers and employees of said departments and offices or subdivisions thereof, subject to the conditions governing their respective appointments to such positions, and except as in this charter otherwise provided; and where part of the functions and duties of any department or office are, by this charter, transferred or placed in any other department or office, the persons performing such functions and duties, shall be transferred therewith. The compensations legally authorized for the several officers and employees shall be continued subject to the other provisions of this charter.

The city and county may make and enforce all laws, ordinances and regulations necessary, convenient or incidental to the exercise of all rights and powers in respect to its affairs, officers and employees, and shall have all rights and powers appropriate to a county, a city, and a city and county, subject only to the restrictions and limitations provided in this charter, including the power to acquire and construct plants, works, utilities, areas, highways and institutions outside the boundaries of the city and county, and maintenance and operation of the same, and the exercise of functions or maintenance of services outside the boundaries of the city and county, including the expenditure of funds therefor through any agency. The specification or enumeration in this charter of particular powers shall not be exclusive. The exercise of all rights and powers of the city and county when not prescribed in this charter shall be as provided by ordinance or resolution of the board of supervisors. See Digest—*King v. Leavy*, p. 136.

General Law Procedure

SECTION 3. Where a procedure for the exercising of any rights or powers belonging to a city, or a county, or a city and county is provided by statute of the State of California, said procedure shall control and be followed unless a different procedure is provided in, or by ordinance enacted under authority of, this charter.

ELECTIVE AND APPOINTIVE OFFICERS

SECTION 4. The officers of the city and county shall be the officers elected by vote of the people, members of the board of education, members of boards and commissions appointed by the mayor, members of the juvenile probation and adult probation boards or committees, members of the board of law library trustees, the superintendent of schools, the clerk of the municipal court, the secretary and jury commissioner of the superior court, the executive appointed by each board or commission as the chief executive officer under such board or commission, the controller, the chief administrative officer, the head of each department under the chief administrative officer and the coroner, public administrator, county clerk, tax and license collector, recorder, registrar of voters, horticultural commissioner, sealer of weights and measures, and such other officers as may hereafter be provided by law or so designated by ordinance.

Elective Officers and Terms

SECTION 5. The mayor, the members of the board of supervisors, an assessor, a district attorney, a city attorney, a sheriff, a treasurer, a public defender, and municipal court judges shall be elected by the

voters of the city and county. At the general municipal election in 1931, and every fourth year thereafter, there shall be elected a mayor, six supervisors, a district attorney, a sheriff and an assessor and at the general municipal election in 1933, and every fourth year thereafter, there shall be elected five supervisors, a city attorney and a treasurer; and at the general election in 1934, and every fourth year thereafter, there shall be elected a public defender, in each case for the term of four years. At the general municipal election of 1931, twelve municipal court judges shall be elected, who shall, by lot, classify their terms as four for two years, four for four years, and four for six years, and at the general municipal election of 1933, and each second year thereafter, there shall be elected four judges of the municipal court for terms of six years to fill terms about to expire. All terms of office of elective officials shall begin at twelve o'clock noon on the 8th day of January following the date of their election.

Any appointive officer or employee of the city and county who shall become a candidate for election by the people to any public office shall automatically forfeit such city and county office or position.

No person elected as mayor or supervisor shall be eligible, for a period of one year after his last day of said service as mayor or supervisor, for appointment to any full-time position carrying compensation in the city and county service. See Digest—*Rand v. Collins*, p. 135.

Absence from State, and Vacancies

SECTION 6. No officer of the city and county, except members of the police department acting under orders of the chief thereof, shall absent himself from the state, except by permission of the mayor and the board of supervisors. Violation of this section shall be sufficient cause for removal of any officer violating the same.

An office becomes vacant when the incumbent thereof dies, resigns, is adjudged insane, convicted of a crime involving moral turpitude, or of an offense involving a violation of his official duties, or is removed from office, or ceases to be a resident of the city and county, or neglects to qualify within the time prescribed by law, or within twenty days after his election or appointment, or shall have been absent from the state without leave for more than sixty consecutive days.

Qualifications of Officers and Employees

SECTION 7. No person shall be a candidate for any elective office, nor shall be appointed as a member of any board or commission or as an officer of the city and county unless he shall have been a resident of the city and county for a period of at least five years and an elector thereof for at least one year immediately prior to the time of his taking office, unless otherwise specifically provided in this charter. All employees of the city and county shall be citizens and shall have been residents thereof, for at least one year prior to the appointment, unless otherwise specifically provided in this charter, and members of the fire and police departments shall be citizens and shall have been residents of the city and county for at least five years next preceding appointment, and every elected officer, member of any board or commission and employee, including members of the fire and police departments, shall

continue to be a resident of the city and county during incumbency of office or employment, and upon ceasing to be such resident, shall be removed from such office or employment; provided that where competent citizens who are residents of the city and county cannot be secured to fill positions outside of the city and county, then non-resident citizens may be appointed to fill such positions; and provided, also, that positions requiring expert or technical training may, on the recommendation of the department head and the mayor, and with the approval of the civil service commission and the board of supervisors, be exempted from the requirements of this section. A "resident" within the intent and purpose of this section, means one who actually lives within the city and county and maintains an abode therein, where such resident with his family, if any, customarily spends the night, provided, however, that residence outside the confines of the city and county for a period not to exceed three months in any calendar year, or absence of a resident from the city and county upon any bona fide journey, whether for business or pleasure and for whatever length of time, or absence of a resident while in the performance of any duties as an elected or appointed official or employee of the State of California or the government of the United States, shall not be within the contemplation of this section; provided, however, that any officer or employee of the city and county may live outside the City and County of San Francisco upon the authorization of the director of health, filed in the office of the civil service commission, and granted on account of the ill health of said officer or employee or the ill health of a member of the immediate family of said officer or employee. *Ratified by the Legislature, Jan. 12, 1933.*

Bonds of Officers and Employees

SECTION 8. Unless otherwise provided in this charter, all officers, and such employees as may be specified by ordinance, on the recommendation of the chief administrative officer or the board or commission concerned, shall give bond in such amounts as may be required by ordinance, provided that the minimum amount of bond to be furnished by the controller be \$100,000; by the tax collector, \$100,000; by the county clerk, \$50,000; and by the public administrator, \$50,000. The surety on such bonds shall always be such as is specified by and approved in the manner provided by ordinance. The supervisors may, by ordinance, provide for group bonding of officers and employees. The premiums on all official bonds shall be paid by the city and county.

Powers Vested in Board of Supervisors

SECTION 9. The powers of the city and county, except the powers reserved to the people or delegated to other officials, boards or commissions by this charter, shall be vested in the board of supervisors and shall be exercised as provided in this charter. The board of supervisors shall, ex-officio, be the board of equalization for the city and county. It shall be the duty of the board of supervisors to canvass the vote cast at each election in the city and county, and certify the official count of such balloting. The supervisors shall determine the maximum number of each class of employments in each of the various departments

and offices of the city and county and shall fix rates and schedules of compensation therefor in the manner provided in this charter. On the recommendation of the mayor and the chief administrative officer, the board of supervisors may create or abolish departments which are now or may hereafter be placed under the chief administrative officer or under commissions appointed by the mayor.

The board of supervisors may, by ordinance, confer on any officer, board or commission such other and additional powers as the board may deem advisable.

Whenever the board of supervisors by ordinance shall declare that the public interest demand a night university, municipally established, maintained and controlled, they shall submit the proposal to the people, and if approved by a majority of the electors voting thereon, the board of supervisors may by ordinance provide for the establishment, maintenance and control of such a night university having courses of instruction in advance of the instruction maintained in high schools or junior colleges. Said university shall have the power to grant academic degrees and shall be open to any resident of the city and county qualified to enter and pursue the courses of instruction therein given. See Digest, *King v. Leavy*, p. 136.

Number, Compensation and Meetings of Supervisors

SECTION 10. The board of supervisors shall consist of eleven members elected at large, provided that for the period January 8, 1932, to January 8, 1934, the board shall consist of fifteen members. Each member of the board shall be paid a salary of twenty-four hundred dollars (\$2400) per year, and each shall execute an official bond to the city and county in the sum of five thousand dollars (\$5000)

At twelve o'clock noon on the 8th day of January next following their election, the newly elected and continuing members of the board of supervisors shall meet at the legislative chamber in the City Hall, and thereafter regular meetings shall be held as fixed by resolution. The supervisors constituting the new board shall, on January 8, 1932, and every second year thereafter, elect one of their number as president of the board for a two-year term. The president shall preside at all meetings, shall appoint all standing and special committees of the board and shall have such other powers and duties as the supervisors may provide.

The meetings of the board shall be held in the City Hall, provided that, in case of emergency, the board, by resolution, may designate some other appropriate place as its temporary meeting place. The board shall cause a calendar of the business scheduled for each meeting to be published and shall keep and publish a journal of its proceedings. Notice of any special meeting shall be published at least twenty-four hours in advance of such special meeting.

Suspension and Removal

SECTION 11. Any elective municipal officer, including municipal court judges, and any member of the civil service commission or public utilities commission or school board may be suspended by the mayor and removed by the board of supervisors for official misconduct, and the mayor shall appoint a qualified person to discharge the duties of the office during the period of suspension. On such suspension, the

mayor shall immediately notify the supervisors thereof in writing and the cause therefor, and shall present written charges against such suspended officer to the board of supervisors at or prior to its next regular meeting following such suspension, and shall immediately furnish copy of same to such officer, who shall have the right to appear with counsel before the board in his defense. Hearing by the supervisors shall be held not less than five days after the filing of written charges. If the charges are deemed to be sustained by not less than a three-fourths vote of all members of the board, the suspended officer shall be removed from office; if not so sustained, or if not acted on by the board of supervisors within thirty days after the filing of written charges the suspended officer shall thereby be reinstated.

The mayor must immediately remove from office any elective official convicted of a crime involving moral turpitude, and failure of the mayor so to act shall constitute official misconduct on his part.

Any appointee of the mayor, exclusive of civil service and public utilities commissioners, and members of the school board, may be removed by the mayor. Any nominee or appointee of the mayor whose appointment is subject to confirmation by the board of supervisors, except the chief administrative officer and the controller, as in this charter otherwise provided, may be removed by a majority of such board and with the concurrence of the mayor. In each case, written notice shall be given or transmitted to such appointee of such removal the date of effectiveness thereof, and the reasons therefor, a copy of which notice shall be printed at length in the journal of proceedings of the board of supervisors, together with such reply in writing as such official may make. Any appointee of the mayor or the board of supervisors guilty of official misconduct or convicted of a crime involving moral turpitude must be removed by the mayor or the board of supervisors, as the case may be, and failure of the mayor or any supervisor to take such action shall constitute official misconduct on his or their part. *Ratified by the Legislature, Jan. 26, 1935.*

Action by Resolution or Ordinance

SECTION 13. Action by the board of supervisors shall be by ordinance

or resolution in writing introduced by a member or by a committee of said board and passed or adopted by a majority of all the members of the board at each reading. Every legislative act shall be by ordinance. The enacting clause of all ordinances shall be, "Be it ordained by the people of the City and County of San Francisco." Every ordinance and resolution, except ordinances making appropriations, shall be confined to one subject which shall be clearly expressed in the title, and ordinances making annual or supplemental appropriations shall be confined to the subject of appropriations. Any ordinance enacting or revising and re-enacting a complete municipal code for the city and county, which code shall supersede or repeal all general ordinances prior thereto, shall be construed to be confined to a single subject.

If any subject is embraced in an ordinance and is not expressed in the title thereof, the ordinance shall be void only as to so much thereof as is not expressed in the title. Any ordinance may be amended by an ordinance amending the particular sections thereof.

An ordinance shall be passed by the board of supervisors only after reference to and report thereon from committee, unless it be an ordinance prepared and reported out by committee, and after two readings and votes at separate meetings of the board, which meetings shall be at least ten days apart; provided, however, that as to an emergency measure as defined in section 16, reference to committee or the readings and votes at separate meetings may be waived by a three-fourths vote of all members of the board. The existing or impending emergency as defined in such ordinance shall be declared by specific section in such emergency ordinance. No other resolution shall be adopted by the board of supervisors on the date of its introduction and without reference to committee, except by the unanimous consent of the supervisors present. The annual appropriation ordinance shall be passed only after two readings, not less than five days apart, and the second or final passage shall be not less than fifteen days after the introduction of each such ordinance.

No ordinance granting a franchise shall be finally passed within ninety days of its introduction.

Except as otherwise provided in this charter, or by ordinance, notice of the title or the purport and subject matter of each proposed ordinance which is introduced and referred to committee shall be published within three days after its presentation to the board and a copy of such proposed ordinance shall be kept available for inspection in the office of the clerk of the board. All ordinances shall be published upon passage for second reading. Emergency ordinances shall be published immediately on passage. Ordinances passed to codify, rearrange and publish existing ordinances, as provided for in section 17, shall not require publication. The term "published" as used in this charter shall mean publication in the official newspaper as required by charter. The official newspaper is hereby defined to be a daily newspaper of general circulation, published in the city and county and which has a bona fide daily circulation of at least 8,000 copies.

The vote on all ordinances and resolutions upon each reading shall be by ayes and noes. The vote by ayes and noes on all measures shall

be recorded in the journal of the proceedings of the board. *Ratified by the Legislature, Jan. 26, 1935.*

Approval by Mayor—Reconsideration and Veto

SECTION 14. Each proposed resolution or ordinance voted on by the supervisors and failing of passage and each ordinance or resolution adopted by the supervisors shall, within twenty-four hours of such action, be transmitted to the mayor by the clerk of the board, with appropriate notation of the action of the board thereon. Any resolution acted upon by the board of supervisors by unanimous consent of those present on the date of the introduction of such resolution and any ordinance adopted by the board as an emergency measure shall be acted upon by the mayor within three days after receipt thereof by him from the clerk of the board. All other ordinances or resolutions shall be acted upon by the mayor within ten days of such receipt.

The mayor shall either approve each resolution or ordinance adopted by the supervisors by signing and returning same to the clerk of the board within the time limit, or he shall disapprove and veto any resolution or ordinance, or veto or reduce any separate appropriation item therein and shall return each such resolution or ordinance to the clerk of the board with his written objections within the time limit. His failure to make such return shall constitute approval and such ordinance or resolution shall take effect without the mayor's signed approval. The clerk of the board shall note such fact on the official copy of such resolution or ordinance. If any separate appropriation item in any resolution or ordinance is vetoed or reduced by the mayor as herein provided, the remainder of any such ordinance or resolution may be approved by the mayor and, if not specifically approved by the mayor, shall take effect without such approval and shall be so noted by the clerk of the board.

The board of supervisors may reconsider any resolution or ordinance vetoed or disapproved, or any separate appropriation item vetoed or reduced by the mayor, and if, after such reconsideration, two-thirds of all the members of the board shall vote in favor of passage thereof, it shall become effective notwithstanding the mayor's veto. If a larger vote is required for the adoption of a measure by the provisions of this charter, such larger vote shall be required to overcome the veto of the mayor. The vote of reconsideration of each such vetoed resolution, ordinance or separate appropriation item therein shall be taken at the convenience of the board. If the ordinance, resolution or separate appropriation item is not passed over the mayor's veto within thirty days, the measure or item shall be lost.

In the event of any absence of the mayor for which he or the board of supervisors has failed to designate an acting mayor, no resolution or ordinance adopted by the board of supervisors shall take effect by reason of the failure of the mayor to approve, or disapprove, and return such resolution or ordinance within the time limits applicable thereto; and, in such case, the time periods or limitations as fixed by this section shall not start until an acting mayor is appointed by the mayor or elected by the supervisors, as in this charter provided, or the return of the mayor.

Any proposed resolution or ordinance voted on by the board of supervisors and failing of passage shall be reconsidered by the board on the written request of the mayor, stating his reasons therefor, filed with the clerk of the board by the mayor within ten days of the board's action on such resolution or ordinance. The board shall reconsider such measure at its convenience, but not later than thirty days after the filing of the mayor's request therefor.

Record, Publication and Effect of Ordinances and Resolutions

SECTION 15. All ordinances, after final passage or upon their becoming effective shall be certified by the clerk of the board and recorded in a book kept for that purpose, and resolutions adopted shall be certified and recorded in like manner. Except in case of an emergency measure passed and not previously published, and except as otherwise specified in this charter, publication of ordinances and resolutions in full shall not be required after final passage. Notice that an ordinance or resolution has passed or become final shall be published once within five days of such final passage. To amend an ordinance which has proceeded to second reading shall require publication of the ordinance as amended and proceeding de novo.

Emergency Measures and Effective Date of Ordinances

SECTION 16. No ordinance which is subject to the referendum provisions of this charter shall become effective until thirty days after its passage. Ordinances granting any public utility franchise or privilege shall not become effective until sixty days after their passage. Other ordinances shall not become effective until ten days after their passage unless enacted by a three-fourths vote of all the members of the board as an emergency measure as defined in this section. No ordinance affecting franchises, grants, bond issues or the sale, lease or purchase of land shall ever be passed as an emergency measure, and the people by initiative or referendum ordinance may further restrict the matters that may be passed as emergency measures. Immediate necessary preservation of public peace, property, health or safety, provision for the uninterrupted operation of any city and county department or office, or action required to comply with time limitations as established by law, shall be emergencies within the meaning hereof; provided, however, that such emergency shall actually exist and shall be specifically stated and defined in such ordinance, and shall be specifically voted on as provided in Section 13 of this charter. *Ratified by the Legislature, May 17, 1935.*

Codification and Rearrangement of Ordinances

SECTION 17. Ordinances previously adopted and continuing in force may be codified and rearranged, and thereupon shall be published in book form. Provision for codification and rearrangement may be made in one ordinance containing one or more subjects. Such publication shall constitute publication of the ordinance or several ordinances contained in each book or pamphlet so published. Any such publication shall contain a joint certificate of the mayor, the clerk of the board of supervisors and the city attorney of the correctness of such arrangement and publication. With any publication of the charter, there shall be included initiative ordinances and digests of reported court decisions relating to said charter and ordinances.

**GENERAL POWERS AND DUTIES OF BOARDS, COMMISSIONS,
DEPARTMENT HEADS AND OFFICERS**

The title to all real and personal property now owned or hereafter acquired by gift, devise, bequest or otherwise, by and for the purposes of any board or commission shall vest in the city and county.

(e) To require such periodic or special reports of departmental operations, costs and expenditures under its control as may be necessary and, exclusive of the board of supervisors, to submit an annual report to the mayor.

(g) To hold special meetings for the purposes and in the manner provided by the board of supervisors by ordinance, provided that no matter may be considered at any special meeting unless specifically designated in the notice calling such special meeting.

(h) To appoint a secretary, a superintendent, or other executive to

be the administrative head of the affairs under its control, who, unless otherwise specifically provided, shall not be subject to the civil service provisions of this charter, and shall hold office at its pleasure.

A quorum for the transaction of official business shall consist of a majority of all the members of each board or commission, but a smaller number may adjourn from time to time and compel the attendance of absent members in the manner and subject to penalties to be provided by ordinance. A majority, two-thirds, three-fourths, or other vote specified by this charter for any board or commission shall mean a majority, two-thirds, three-fourths, or other vote of all the members of such board or commission. Each board or commission shall keep a record of the proceedings at each meeting and a copy thereof shall be forwarded promptly to the mayor.

Powers and Duties of Department Heads

SECTION 20. Each elective officer in charge of an administrative office, the chief executive appointed by each board or commission, the controller, the chief administrative officer, and each department head appointed by the chief administrative officer shall have the powers and duties of a department head, except as otherwise specifically provided in this charter.

Each appointive department head shall be immediately responsible to the chief administrative officer or the board or commission, as the case may be, for the administration of his department, and shall file an annual report and make such other reports, estimates and recommendations at the time and in the manner required by law, or as required by the chief administrative officer, board or commission.

He shall act as the "appointing officer" under the civil service provisions of this charter for the appointing, disciplining and removal of such officers, assistants and employees as may be authorized. On the written recommendation of the department head concerned and the approval of the chief administrative officer, board or commission to whom such department head is responsible, the head of any utility, institution, bureau or other subdivision of such department may be designated as the "appointing officer" for such utility, institution, bureau or other subdivision. Non-civil service appointments and any temporary appointments in any department or subdivision thereof, and all removals therefrom shall be made by the department head or bureau head designated as the appointing officer only with the approval of the chief administrative officer or the board or commission in charge, as the case may be.

He shall issue or authorize all requisitions for the purchase of materials, supplies and equipment required by such department, provided that, on the written approval of the chief administrative officer or the board or commission in charge of any department, the head of any utility, institution, bureau or other subdivision of a department may

likewise be vested with such power. Each department head or the head of a utility, institution, bureau or other subdivision of each department shall be responsible for the proper checking of all materials, supplies and equipment ordered for its purposes, and for the approval or disapproval of bills for claims rendered for such materials, supplies or equipment.

The head of any department, through the chief administrative officer or the board or commission in charge thereof shall recommend to the board of supervisors such ordinances as may be required to carry out the powers vested and the duties imposed, and to establish or readjust fees or charges for permits issued to or work performed for persons, firms or corporations when these are subject to his or its jurisdiction.

Each department head may suggest the creation of positions subject to the provisions of this charter, and may reduce the forces under his jurisdiction to conform to the needs of the work for which he is responsible, any other provision of this charter to the contrary notwithstanding.

The mayor, the chief administrative officer, or the board or commission concerned, on the recommendation of any department head, or on his or its own motion, may combine or may transfer and redistribute among departments or offices under his or its authority, respectively, any function or duty assigned to or continued by this charter in any department.

The mayor, the board of supervisors, the chief administrative officer, the controller, or any board or commission appointed by the mayor relative solely to the affairs under its control, may require such periodic or special reports of departmental costs, operation and expenditures, examine the books, papers, records and accounts of, and inquire into matters affecting the conduct of any department or office of the city and county, and for that purpose may hold hearings, subpoena witnesses, administer oaths and compel the production of books, papers, testimony and other evidence. It shall be the duty of the chief of police to designate a police officer to serve subpoenas. Any person refusing to obey such subpoena and the other requirements hereof, or to produce such books, shall be deemed in contempt and subject to proceedings and penalties as provided by general law in such instances.

Non-interference in Administrative Affairs

SECTION 22. Except for the purpose of inquiry, the mayor and the board of supervisors shall deal with the administrative service for which the chief administrative officer is responsible, solely through such officer, and for administrative or other functions for which elective officials or boards or commissions are responsible, solely through the elective official, the board or commission or the chief executive officer of such board or commission concerned. Except for the purpose of inquiry, each board or commission, in its conduct of administrative affairs under its control, shall deal with such matters solely through its chief executive officer.

Neither the board of supervisors, nor its committees, nor any of its members shall dictate, suggest or interfere with appointments, promotions, compensations, disciplinary actions, contracts, requisitions for purchases or other administrative recommendations or actions of the chief administrative officer, or of department heads under the chief

administrative officer, or under the respective boards and commissions. The board of supervisors, and each board or commission relative to the affairs of its own department, shall deal with administrative matters only in the manner provided by this charter, and any dictation, suggestion or interference herein prohibited on the part of any supervisor or member of a board or commission shall constitute official misconduct; provided, however, that nothing herein contained shall restrict the power of hearing and inquiry as provided in this charter.

SECTION 23. The powers and duties of the departments and offices which by this charter are established or continued as departments or offices under elective officers, boards or commissions or the chief administrative officer, as such powers and duties exist at the time this charter shall go into effect, shall be continued as powers and duties of each such department or office, except as otherwise provided in this charter.

The board of supervisors may enact and provide for the publication in printed form of an administrative code, which shall specify or detail the powers, duties, methods and procedure in the several departments and offices.

Such ordinance shall fix the fees or licenses to be charged, which shall be not less than the cost to the city and county of regulation and inspection; and shall specify which department shall make the necessary investigations and inspections and issue or deny and may revoke the permits and licenses therefor. The chief of police in the performance of police duties shall have power to examine at any time the books and the premises of pawnbrokers, peddlers, junk and second-hand dealers, auctioneers and other businesses designated by the board of supervisors, and the tax collector shall have power to examine the books of any business for which a license is issued and a fee charged on the basis of the receipts of such business, and for these purposes such officials shall have the power of inquiry, investigation and subpoena, as provided by this charter.

Permits and licenses shall be issued by the departments as designated by ordinance, only after formal application for such permit or license. No such permit or license that is dependent on or affected by the zoning, set-back or other ordinances of the city and county administered by the city planning commission shall be issued except on the prior approval of the city planning commission. If any application for a permit or license is denied by the department authorized to issue same, the applicant may appeal to the board of permit appeals.

No license tax shall be imposed on any seller or manufacturer of goods, wares or merchandise operating at a fixed place of business in the city and county, except such as require permits or licenses in accor-

See Digest—*Rand v. Collins*, p. 135.

CONTROLLER

Controller—Appointment and Removal

SECTION 64. The controller shall be the successor of the auditor, and shall have the powers and duties of a county auditor, except as in this charter otherwise provided. He shall be the auditor and chief accounting officer of the city and county, and shall exercise general supervision over the accounts of all officers, commissions, boards and employees of the city and county charged in any manner with the receipt, collection or disbursement of city and county funds or of other funds, in their

capacity as city and county officials or employees. He shall have the power and duty of prescribing the method of installing, keeping and rendering accounts of, and the financial reports to be rendered by, the several officers, boards and employees of the city.

The controller shall keep accounts showing the financial transactions of all departments, offices and other subdivisions of the city and county. Such accounts and the accounting procedure shall be adequate to record (a) all budgeted revenues and appropriations, together with additions or transfers thereto, and to show at all times the amount of encumbrances, expenditures or transfers therefrom, and the balances therein; (b) all revenues accrued and liabilities incurred; (c) all cash receipts and disbursements; and (d), in general, all transactions affecting the acquisition, custody or disposition of values.

Subject to the provisions of this section, the public utilities commission shall maintain separate accounts for each utility in such manner as to exhibit exact and complete financial results of ownership, management and operation; the actual cost of each utility; all costs of maintenance, extension and improvement; all operating expenses of every description; the general expenses of the commission and bureaus thereof apportioned to each such utility; the amount paid or set aside for depreciation, insurance, interest and sinking fund; and estimates of the amount of taxes that would be chargeable against such property and the revenue thereof if privately owned and operated. All accounts shall be maintained in accordance with forms and requirements of the state railroad commission for public utilities engaged in like character of service, in so far as these shall be applicable to publicly owned and operated utilities.

It shall be the duty of the controller to determine, where practicable, the unit cost of work done by the city and county for the purpose of determining whether similar work could be done under public contract at a lower cost. The controller shall devise adequate systems of internal check of all departments and offices of the city and county relative to the custody, collection or disbursement of moneys.

Controller's Reports

SECTION 65. The controller shall annually make a complete financial report which shall be audited and distributed as provided in section 68 of this charter. The controller shall also make a quarterly report not later than the 25th day of the month succeeding the last preceding quarter, showing a summary statement of revenues and expenditures for the preceding quarter and for that portion of the fiscal year ending on the last day of such preceding quarter. Such statement shall include all general and funding accounts and shall be detailed as to assets, liabilities, income, expenditures, appropriations and funds, in such manner as to show the financial conditions of the city and county and of each department, office, bureau or division thereof, for that portion of the fiscal year to and including the preceding quarter, and with comparative figures for the similar period in the preceding fiscal year. The controller shall at the same time prepare statements showing at the end of each quarter the cash position of the city and county (and the unencumbered balance in each fund). He shall also prepare quarterly for each of the several

funds a summary of the resources available and estimated to be collectible, obligations authorized and estimated to be expendable, and surplus in such a manner as to show the estimated cash position of each fund at the end of the fiscal year. He shall also prepare monthly and transmit to all department heads concerned, reports showing the allowances, expenditures, encumbrances and unencumbered balances of each revenue and expenditure appropriation. A copy of each such quarterly report and special fiscal reports as requested, shall be transmitted to the mayor, the board of supervisors, the chief administrative officer, and kept on file in the controller's office. *Ratified by the Legislature, Jan. 26, 1935.*

SECTION 66. The controller shall audit the accounts of all boards, officers and employees of the city and county charged in any manner with the custody, collection, or disbursement of funds. The controller shall audit monthly all accounts of money coming into the hands of the treasurer. He shall make an audit monthly of each departmental revolving fund authorized by this charter or by the board of supervisors.

When requested by the mayor, the board of supervisors, the chief administrative officer, or any board or commission for its own department, he shall audit the accounts of any officer or department, and on the death, resignation, removal, expiration of term or retirement of the head of any department or office, or any officer or employee charged with the receipt, collection or disbursement of money, shall make an audit of the accounts of such department, officer or employee.

Custody and Examination of Official Bonds

SECTION 67. The controller shall be the custodian of all official bonds, excepting the bond of the controller, which shall be in the custody of the mayor. The controller must at least once in every six months examine all official bonds and investigate the sufficiency and solvency of the sureties thereon, and forthwith report in writing the facts to the mayor. Upon receipt of such report, the mayor shall take such action as shall be necessary to protect the city and county, and may require new bonds and may suspend any officer or employee until a sufficient bond is filed and approved. The mayor shall make similar periodic examination of the controller's bond.

Annual Audits by Supervisors

SECTION 68. The board of supervisors shall order an annual audit of the controller's books of accounts, records and transactions, to be made by one or more certified public accountants. The report of such auditor or auditors for the fiscal year shall be printed and a copy thereof furnished to the mayor, each member of the board of supervisors, the chief administrative officer, and the controller and to such citizens as may apply therefor.

BUDGET AND FISCAL PROCEDURE

Budget Estimates

SECTION 69. The fiscal year for the city and county shall begin on the first day of July of each year.

The budget estimate for every department and office of the city and

county, whether under an elective or an appointive officer or a board or commission, and separately for each utility under the control of the public utilities commission, shall be filed by the executive of such department with, and shall be acted upon by, such board or commission. All budget estimates shall be compiled in such detail as shall be required on uniform blanks furnished by the controller. The public utilities commission and the board of education must hold public hearings on their respective budget proposals. Each such elective and appointive officer, board or commission shall, not later than the 15th day of February of each year, file with the controller for check as to form and completeness two copies of the budget estimate as approved.

The chief administrative officer shall obtain in ample time to pass thereon budget estimates from the heads of departments or offices subject to his control, and, after adjusting or revising the same, not later than the 15th day of February he shall transmit such budget estimates to the controller.

The controller shall check such estimates and shall, upon his request, be furnished with any additional data or information. Not later than the 15th day of March of each year he shall consolidate such budget estimates and transmit the same to the mayor.

He shall at the same time transmit to the mayor a summary and recapitulation of such budget estimates, segregated by separate departments or offices and units thereof, or by purposes for non-departmental expenditures, and arrange according to classification of objects of expenditure, as required by the controller, to show the amount of proposed expenditures and estimated revenues in comparison with the current and previous fiscal year's expenditures and revenues.

He shall submit at the same time (1) statements showing revenues and other receipts, including the estimated unencumbered surplus in any item or fund at the beginning of the ensuing fiscal year, segregated according to specific or general purposes to which such revenues or receipts are legally applicable, for the last complete fiscal year and for the first six months of the current fiscal year, with estimates thereof for the last six months of the current fiscal year, together with estimates of such revenues and receipts for the ensuing fiscal year; (2) statements of the amounts required for interest on, and sinking fund or redemption of, each outstanding bond issue, and for tax judgments and other fixed charges, together with estimates of interest required on bonds proposed to be sold during the ensuing fiscal year, and statements of the city's authorized debt, and judgments outstanding at the time the budget estimates are submitted.

The mayor shall hold such public hearings on these budget estimates as he may deem necessary and may increase, decrease or reject any item contained in the estimates, excepting that he shall not increase any amount nor add any new item for personal services, materials, supplies or contractual services, but may add to the requested appropriations for any public improvement or capital expenditure; provided, however, that the budget estimates of expenditures for any utility, within the estimated revenues of such utility, shall not be increased by the mayor or board of supervisors. *Ratified by the Legislature, Jan. 26, 1935.*

Form of Budget Estimates

SECTION 70. The classification of proposed expenditures included in budget estimates shall be uniform for all departments, offices, bureaus, divisions and branches. The estimates shall include or be accompanied by the following information:

(1) An itemized estimate of the total expense of conducting each department, bureau, division, office or board for the ensuing fiscal year, together with a separate schedule of the proposed work program.

(2) Statements of the expenditures by items for the last complete fiscal year, and for the first six months of the current fiscal year, together with an estimate of probable expenditures by items for the last six months of the current fiscal year.

(3) The reasons for proposed increases or decreases, as compared with the current fiscal year, in any items of the proposed estimate.

(4) A schedule of positions and compensations showing any increases or decreases requested in the number of positions or rates of pay.

(5) Such other information as the mayor or the chief administrative officer may deem desirable.

Salary Deductions

SECTION 70.1. Whenever, in the judgment of the mayor and the board of supervisors, extraordinary economic conditions actually exist due to unemployment, fire, earthquake, flood or other calamity, which adversely affect the life, health and welfare of the citizens of the city and county or of any considerable portion thereof, the board of supervisors, by a three-fourths vote of all of its members, with the concurrence of the mayor, shall have power as follows, to-wit:

Sub. 1. To officially declare that a public emergency exists, and to fix the approximate anticipated time during which said emergency shall continue, provided that no such emergency shall be anticipated to continue beyond the end of the fiscal year during which the same is declared, unless such emergency be declared subsequent to the first day of January of said year, in which event the said emergency may be anticipated to continue until the end of the next succeeding fiscal year.

Sub. 2. To provide that while said emergency as declared shall continue to exist there shall be deducted from the gross salaries and compensations, exclusive of pension and retirement allowances, of each officer and employee of the City and County of San Francisco, including officers and employees of the board of education, not more than the respective amounts hereinafter set forth. Said deductions shall be made on the basis of the salary and compensation rate of said several officers and employees which were in effect during the calendar month immediately preceding the month during which said emergency was declared and not reduced by this section.

If said salary and compensation deductions are not reflected in the annual budget and appropriation ordinances, as set forth in subdivision 3 of this section, the amount of said deductions shall be used for the purpose of meeting or alleviating the emergency which has been declared, or to balance any deficiency existing in the general funds of the city arising by reason of the delinquency in the payment of taxes or other revenue as compared with the anticipated revenues over the same

period. Provided that where salaries or compensations are paid out of bond funds, utility funds, or other trust funds, which are not provided from the revenues of the city, all deductions made shall revert to the respective funds from which said salaries or compensations are paid.

The maximum deductions from the salary or compensation of each officer or employe heretofore referred to shall be as follows, to-wit:

(a) From the salaries or compensation of officers or employees whose gross earnings exceed \$100 per month and do not exceed \$120 per month, three (3) per cent of the amount of the gross monthly earnings of each of said officers or employees.

(b) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of \$120 per month and do not exceed the sum of \$150 per month, seven (7) per cent of the gross monthly earnings of each of said officers or employees.

(c) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of \$150 per month, and do not exceed the sum of \$185 per month, ten (10) per cent of the gross monthly earnings of each of said officers or employees.

(d) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of \$185 per month, and do not exceed the sum of \$275 per month, twelve and one-half ($12\frac{1}{2}$) per cent of the gross monthly earnings of each of said officers or employees.

(e) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of \$275 per month, and do not exceed the sum of \$600 per month, fifteen (15) per cent of the gross monthly earnings of said officers or employees.

(f) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of \$600 per month and do not exceed the sum of \$834 per month, eighteen (18) per cent of the gross monthly earnings of each of said officers or employees.

(g) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of \$834 per month, twenty (20) per cent of the gross monthly earnings of each of said officers or employees.

(h) Provided, however, that no more than five and one-half ($5\frac{1}{2}$) per cent of the gross monthly earnings of per diem employees whose compensations are fixed on the basis of a five-day week shall be deducted from the salaries or earnings of any such employee.

Said deductions shall be made from said earnings or compensations in monthly or semi-monthly installments according to the time at which said salaries or compensations are paid, provided that where the earnings of any officer or employee are on an hourly or per diem basis deductions based on his total earnings for the month shall be deducted from the installment of said earnings paid for the last half of the month.

Sub. 3. Should any such emergency declared as herein provided be anticipated to continue into the next fiscal year following the one during which said emergency has been declared, the heads of all departments, the controller and the mayor, in preparing or submitting their respective annual budget estimates, shall base and estimate the

net salaries and compensations to be paid to the officers and employees of their respective departments, or, in the case of the mayor and the controller, to be paid to the officers and employees of all departments, at amounts not to exceed the said salaries and compensations as reduced by the above-mentioned percentages on the above-mentioned salary and compensation rates, and the annual appropriation and salary ordinance shall fix said net salaries and compensation accordingly. When any emergency is declared after the annual budget is prepared or adopted, or after the annual appropriation or salary ordinances are enacted, and before the annual tax rate is fixed as provided by law, said budget and said appropriation and salary ordinances may be revised or reenacted, so that the deductions herein authorized to be made may be reflected in the amount of the tax levy.

Sub. 4. All of such deductions, whether made after the passing of the annual budget appropriation and salary ordinance or included therein, shall be deemed as temporary deductions from the salaries and compensations of said officers and employees, and shall be continued only during the anticipated period for which said emergency has been declared.

Sub. 5. In making the deductions herein provided for, the value of board, room and laundry or other maintenance furnished by the city and county to any officer or employee, when the same is made a part of his compensation by the civil service commission, shall be added to the monetary salary or compensation paid to said employee, and the amount of deductions from said salary or compensation shall be based on said monetary salary plus the value of said board, room and laundry or other maintenance, provided that no deduction shall be made for quarters furnished to any officer or member of the Fire Department.

Sub. 6. During the period that any emergency shall exist after being so determined as hereinbefore provided, the controller, with the approval of the mayor and the board of supervisors, may reallocate any unencumbered balance, or any part thereof, to the credit of any department or office exclusive of moneys or appropriations made or required to be made to any bond, bond interest, bond redemption, pension, utility, or trust fund, so that the same shall be available to meet the necessities of said emergency, irrespective as to whether the amount allocated to said department or office is fixed by this charter or is the result of a tax provided by said charter to be levied for said department. Should the period during which said emergency is anticipated to exist extend beyond the end of the fiscal year in which the same was declared to exist, the mayor, with the approval of the board of supervisors, may reduce the amount of any mandatory appropriation provided to be allocated to any office or department; or may reduce the amount of any tax provided by the charter to be levied for the support or maintenance of any department or office. Provided that no such deduction in appropriation, provided by this charter to be made to any department, or in the reallocation of funds, or reduction in the amount of said tax otherwise provided to be levied to produce funds for any department, shall be greater than

is necessary to reflect the deductions in salaries provided in the section to be made by reason of said emergency.

The provisions of this section shall have precedence over conflicting provisions of this charter, but nothing herein contained shall adversely affect the rights of the officials and employees as set forth in section 71 of the charter, during the period when no public emergency exists. Contributions by the city and county and by members of the San Francisco City and County Employees' Retirement System to, and benefits, pension payments and allowances under said Retirement System, shall be calculated on the basis of gross salaries and compensations of such members in the same manner and amounts as if no deductions from said gross salaries and compensations were made under this section.

Within ten days after this amendment becoming effective, the board of supervisors and the mayor shall officially declare, by resolution, that a public emergency exists in San Francisco within the meaning of this section; and that it is anticipated that said emergency will continue until the end of the fiscal year 1933-1934, and the deductions from salaries and compensations at the maximum rates herein provided shall be effective until the end of said fiscal year.

Should any emergency be declared pursuant to the provisions of this section, which will be effective after the end of the fiscal year 1933-1934, which, in the judgment of the board of supervisors, will necessitate deductions from the salaries of the officers and employees of the city and county, over and above the amounts herein provided for, the board of supervisors, by unanimous vote of all of its members, and with the approval of the mayor, may authorize a further deduction from the salaries and compensations of any of said officers and employees by increasing the maximum deductions in this section provided for, up to and including an amount not to exceed twenty-five (25) per cent of said respective salaries or compensations as the same existed before any deduction by authority of this section. *Ratified by the Legislature April 24, 1933. See Digest—Snell v. Byington, p. 135.*

Personal Service Estimates

SECTION 71. All increases in salaries or wages of officers and employees shall be determined at the time of the preparation of the annual budget estimates and the adoption of the annual budget and appropriation ordinances, and no such increase shall be effective prior to the fiscal year for which the budget is adopted. Salary and wage rates for classes of employments subject to salary standardization, as in this charter provided, shall be fixed in the manner provided in this charter. Salary and wage rates for classes of employment not subject to salary standardization, exclusive of compensations fixed by this charter, shall be recommended by the officer, board or commission having appointive power for such employments, and fixed by the budget and the annual salary ordinance. Pending the adoption of salary standards as in this charter provided, the salary and wage rates for positions subject to such standardization shall be as recommended by the officer, board or commission having appointing power for such positions and fixed by the budget

and annual salary ordinance; provided that any compensation paid as of January 1, 1931, to an incumbent who legally held a position in the city and county service at that time, shall not be reduced so long as such incumbent legally holds such position. No compensation shall be increased so as to exceed the salary or wage paid for similar services and of like character and for like service and working conditions in other city departments or in private employments, nor so as to exceed the rate fixed for such service or position in the proposed schedule of compensations issued by the civil service commission under date of April 9, 1930, except as such proposed schedule or compensation is amended as provided in this charter, or extended by the civil service commission to include classifications not included therein. See Digest—*Francis v. Leary*, p. 134; *King v. Leary*, p. 136.

Adoption of the Budget and the Appropriation Ordinance.

SECTION 72. Not later than the first day of May in 1932, and in each year thereafter, the mayor shall transmit to the board of supervisors the consolidated budget estimates for all departments and offices of, and the proposed budget for, the city and county for the ensuing fiscal year, including a detailed estimate of all revenues of each department and an estimate of the amount required to meet bond interest, redemption and other fixed charges of the city and county, and the revenues applicable thereto. He shall, by message accompanying such proposed budget, comment upon the financial program incorporated therein, the important changes as compared with the previous budget, and bond issues, if any, as recommended by him.

The mayor shall submit to the board of supervisors, at the time that he submits said budget estimates and said proposed budget, a draft of the annual appropriation ordinance for the ensuing fiscal year, which shall be prepared by the controller. This shall be based on the proposed budget and shall be drafted to contain such provisions and detail as to furnish an adequate basis for fiscal and accounting control by the controller of each revenue and expenditure appropriation item for the ensuing fiscal year. Upon submission it shall be deemed to have been regularly introduced, and together with the proposed budget, shall be published as required for ordinances.

The detail of the proposed budget to be published shall be as follows:

1. The total cost for conducting each department, bureau, office, board or commission for the ensuing fiscal year, segregated according to basic objects of expenditure for each.
2. A detail schedule of positions and compensations, showing any increases or decreases in any department or office.
3. A detail schedule of items for capital outlay.
4. The aforementioned consolidated estimates and schedules shall also include by items contained therein the following information:
 - (a) Expenditures for the last complete fiscal year.
 - (b) Estimated expenditures for the current fiscal year.
 - (c) Proposed increases or decreases as compared with the budget allowances for the current fiscal year.

The board of supervisors shall provide printed copies of the mayor's budget message and proposed budget thus prepared, including compara-

tive expenditures and revenues for the current and preceding fiscal years and other information transmitted therewith, for official use and public demand as requested.

The board of supervisors shall fix the date or dates, not less than five days after publication as in this section provided, for consideration of and public hearings on the proposed budget and proposed appropriation ordinance.

The board of supervisors may decrease or reject any item contained in the proposed budget, but shall not increase any amount or add any new item for personal services or materials, supplies, or contractual services, for any department, unless requested in writing so to do by the mayor, on the recommendation of the chief administrative officer, board, commission or elective officer, in charge of such department.

The board of supervisors may increase or insert appropriations for capital expenditures and public improvements.

After public hearing, and not earlier than the 15th day of May, nor later than the first day of June, the board shall adopt the proposed budget as submitted or as amended and shall pass the necessary appropriation ordinance. If the appropriation ordinance as submitted by the mayor is amended by the supervisors, the appropriation ordinance shall be readvertised prior to final reading or passage, in the manner required for ordinances.

Any item in such appropriation ordinance except for bond interest, redemption or other fixed charges, may be vetoed in whole or in part by the mayor within ten days of receipt by him from the clerk of the board of supervisors of the ordinance as passed by the board, and the board of supervisors shall act on such veto not later than the 20th day of June.

The several items of expenditure appropriated in each annual appropriation ordinance, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth in any said annual appropriation ordinance until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by this charter that a specified or minimum tax shall be levied for any department the amount of the appropriation in any annual appropriation ordinance derived from taxes shall not exceed the amount actually produced by the levy made for said department. The controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to section 86 of this charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allot-

ment for a period may be made on the recommendation of the department head and that of the chief administrative officer, board or commission and the approval of the controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as herein provided.

Subject to the restrictions hereinbefore in this section included, the several amounts of estimated revenue and proposed expenditures contained in the annual appropriation ordinance as adopted by the board of supervisors shall be and become appropriated for the ensuing fiscal year to and for the several departments, bureaus, offices, utilities, boards or commissions, and for the purposes specified, and each department for which an expenditure appropriation has been made shall be authorized to use the money so appropriated for the purposes specified in the appropriation ordinance, and within the limits of the appropriation. The appropriation ordinance shall constitute the authority for the controller to set up the required revenue and expenditure accounts. Appropriation items for bond interest, bond redemption, fixed charges and other purposes not appropriated to a specific department shall be subject to the administration of and expenditure by the chief administrative officer for the respective purpose for which such appropriation is made. *Ratified by the Legislature, January 26, 1935. See Digest—Francis v. Leavy, p. 134; King v. Leavy, p. 136.*

Annual Salary Ordinance

SECTION 73. The number and rates of compensation for all positions continued or created by the supervisors in adopting each annual budget, and each annual or supplemental appropriation ordinance, shall be established and enumerated in an ordinance continuing and creating positions in city and county departments and offices, and providing the rates of compensation therefor, which ordinance shall be passed or amended at the same time as the annual or supplemental appropriation ordinance is passed. Such ordinance shall be subdivided for each department or office and each organization subdivision thereof. The number of positions enumerated therein shall be segregated by classes according to the civil service classification of employments and the positions in any department or office under any such class shall not be listed individually or subdivided, except where necessary to show varying rates of pay for employments included in any such class. Rates of compensation enumerated shall be those established by salary standardization schedules, and shall not be listed for individuals or individual positions, except where the compensation of incumbents is higher than the rate fixed by salary standardization, which compensations shall not be reduced so long as the incumbents legally hold such positions. Any increase in the number of positions allowed for any department or office, and seniority or other compensation increases authorized as provided elsewhere in this charter for officers or employees, may be covered by amendment of the appropriate section of the ordinance herein referred to, provided that

any such amendment shall include the entire section of such ordinance relating to the department or office in which the increase in number of positions or compensations shall occur. The said ordinance shall constitute the legal basis for check by the civil service commission or the controller as to the legality of the creation of any position in the city and county service and the rate of compensation fixed therefor. See Digest—*Francis v. Leavy*, p. 134.

Appropriations to Meet Utility Deficits

SECTION 74. In the event the public utilities commission and the mayor shall propose a budget for any utility which will exceed the estimated revenue of such utility, it shall require a vote of two-thirds of all members of the board of supervisors to approve such budget estimate and to appropriate the funds necessary to provide for the deficiency. No such budget of expenditures in excess of estimated revenues shall be so approved to provide for and include proposed expenditures for additions, betterments, extensions or other capital costs, which shall require financing by authorization and sale of bonds.

Departmental Revolving Funds

SECTION 75. The supervisors, on the recommendation of the mayor, in any proposed annual budget, may, in the approval of such budget and the annual appropriation ordinance therefor, establish departmental revolving funds to be used as petty cash funds for specific purposes and to be subject to settlement with, and audit by, the controller at least monthly, as provided in section 66. The mayor shall recommend and the supervisors shall establish revolving funds designated in this charter as the special election fund and the purchaser's revolving fund, and they shall respectively recommend and establish such revolving funds as may be necessary to facilitate the operation of each utility and institution of the city and county.

Appropriation Accounts—Designation of Funds

SECTION 76. Accounts shall be kept by the controller showing the amount of each class or item of revenue as estimated and appropriated in the annual appropriation ordinance, and the amounts collected. Accounts shall also be kept by the controller of each expense appropriation item authorized by the board of supervisors. Every warrant on the treasury shall state specifically by title and number the appropriation item against which such warrant is drawn.

Each such revenue and expense account shall show in detail the amount of the appropriation or appropriations made therefor by the supervisors, the amount drawn thereon, the amount of encumbrance for purchase orders, contracts or other obligations theretofore certified by the controller as against it, and the unencumbered balance to the credit thereof. This balance shall be the "unencumbered balance" as this term is used in this charter.

Transfers

SECTION 77. Upon written recommendation of the chief administrative officer, or a board or commission for the use of which funds have been appropriated, and the approval of the mayor, the board of supervisors may transfer an unencumbered balance, or part thereof, of an appropriation made for the use of one department, to another. No such

transfer shall be made of utility, bond, school, pension or trust funds, except by way of loans as in this charter provided. On request of a department head and approval by the chief administrative officer, board or commission, respectively, and on the authorization of the controller, funds appropriated for a specific purpose of such department which become surplus may be transferred and used for another specific purpose within the department. The controller shall prescribe the method to be used in making payments for inter-departmental services.

Tax Levy

SECTION 78. On or before the 15th day of September of each year, the board of supervisors by ordinance shall levy a tax, the estimated proceeds of which, together with the total amount of receipts and revenues estimated to be received from all sources, will be sufficient to meet all appropriations made by the annual appropriation ordinance.

Revenue to meet current annual interest and redemption or sinking fund for outstanding bonds shall always be provided out of the tax levy; provided, however, that to the extent to which funds are appropriated by the public utilities commission, and available for annual interest and redemption or sinking fund on bonds issued for acquisition, construction or extension of any utility, no tax shall be levied therefor.

The tax levy shall not exceed the rate of one dollar and sixty-five cents (\$1.65) on each one hundred dollars (\$100.00) valuation of the property assessed in and subject to taxation by the city and county, exclusive of the following items: (1) State taxes, and taxes for the interest and sinking fund on bonded indebtedness of the city and county; (2) the cost of constructing, maintaining and improving (a) schools, (b) libraries, which tax shall not be less than four cents on each one hundred dollars, (c) parks and squares, which tax shall be not less than ten-cents on each one hundred dollars, (d) playgrounds, which tax shall be not less than seven cents on each one hundred dollars, (e) for the art commission for the purpose of maintaining a symphony orchestra one-half cent on each one hundred dollars of said assessed valuation, (f) streets, sewers and buildings; (3) the cost of (a) elections, (b) civil service, which tax shall not be less than one-half cent on each one hundred dollars, (c) obligations imposed by state legislative or constitutional enactment and (d) obligations imposed by vote of the people of the city and county. *Ratified by the Legislature, May 17, 1935.*

Emergency Reserve Fund

SECTION 79. The tax rate may be fixed by the board of supervisors so as to produce, by a specifically designated rate, as recommended by the mayor in any proposed annual budget and the appropriation ordinance therefor, an amount necessary for an emergency reserve fund, which fund is hereby created, for the purposes of meeting any emergency as defined in sections 16 or 25 of this charter. Appropriations for such emergency reserve fund shall be made only on the recommendation of the department head concerned, the approval of the chief administrative officer or the board or commission in charge of such department, the recommendation of the mayor to the board of supervisors that such appropriation be made, and the vote of three-fourths of the board of supervisors.

The balance in said emergency reserve fund at the end of any fiscal

year shall be maintained and carried forward in said fund. The annual appropriation for said fund and the annual tax rate therefor shall not exceed one per centum of the amount of the levy required to meet all other expense appropriations unless and until the accumulated and unencumbered balance in said fund shall amount to a sum not to exceed 3 per centum of the tax levy required to meet all other expense appropriations in the then current fiscal year. The board of supervisors, on the recommendation of the mayor, may make appropriations to and may levy taxes for said emergency reserve fund in excess of said three per centum of the tax levy for all other purposes. *Ratified by the Legislature January 12, 1933.*

Fund Balances—Supplemental Appropriations

SECTION 80. Unused and unencumbered appropriations or unencumbered balances existing at the close of any fiscal year in revenue or expense appropriations of the city and county for any such fiscal year, including such balances in revenue and expense appropriations provided under the provisions of section 78 of this charter for libraries, parks and squares, playgrounds and civil service in any such fiscal year, but exclusive of revenue or money required by law to be held in school, bond, bond interest, bond redemption, pension, trust, utility or other specific funds, or to be devoted exclusively to specified purposes other than annual appropriations, and together with revenues collected or accruing from any source during any such fiscal year, in excess of the estimated revenue from such source as shown by the annual budget and the appropriation ordinance for such fiscal year, shall be transferred by the controller, at the closing of such fiscal year, to a "cash reserve fund" which is hereby created and which may be used only in the manner authorized by section 81 of this Charter; provided, however, that when the balance in said cash reserve fund shall equal ten (10) per centum of the current or the last preceding tax levy no such transfer shall be made by the controller except on the recommendation of said controller, the approval of the mayor and the authorization of the board of supervisors, by majority vote.

Such unused and unencumbered appropriations, balance and revenue collections in excess of revenue estimates, as hereinbefore in this section defined, when not transferred to the cash reserve fund as hereinbefore in this section required or authorized, shall be held as surplus.

Such surplus shall be taken into account as revenue of the ensuing fiscal year; provided, however, that any such surplus created in the fiscal year 1933-34 or created or existing in any subsequent fiscal year may be appropriated by the board of supervisors at the last meeting of such board in any month, by means of an ordinance designated as a supplemental appropriation ordinance, on the recommendation of the chief administrative officer, or any board, commission or elective officer, respectively, and the approval and submission by the mayor of a supplemental budget estimate or request, in the same manner and subject to the same conditions, except time, as provided in this charter for the submission and approval of the annual budget and the appropriation ordinance. *Ratified by the Legislature January 12, 1933.*

Cash Reserve Fund and Temporary Loans

SECTION 81. The board of supervisors, by annual tax levy, may

gradually build up the cash reserve fund authorized and created by the provisions of section 80 of this charter. Said fund shall be used exclusively (1) for the payment in any fiscal year of legally budgeted expenditures for such year in anticipation of the collection, after the close of such fiscal year, of legally collectible taxes and other revenues as set forth in the budget and the appropriation ordinance for such fiscal year, and (2) for paying that portion of the authorized expenses of the city and county for any fiscal year, which, as certified to said board by the controller, becomes due and payable and must be paid prior to the receipt of tax payments for such fiscal year; provided, that such cash reserve fund shall not at any time exceed the estimated expenditures for the first five months of the then current fiscal year, less the amount of estimated revenues and receipts from sources other than tax rate revenues.

In the event that funds are not available in such a cash reserve fund to meet authorized expenditures of any fiscal year, the board of supervisors, on the recommendation of the controller and the mayor, and the written approval of the officer, board or commission responsible for the management and control of the fund from which it is proposed that the temporarily idle balances be transferred or loaned may, by ordinance, authorize the treasurer to make temporary transfers or loans for specified periods of idle unencumbered balances in any fund in his custody, except a pension fund, at not less than the then current rate of interest paid by the banks to the city and county on city and county funds deposited with such banks. Such approval by the officer, board or commission concerned shall specify that the amount proposed to be transferred or loaned from such fund will not be needed for the purpose of such fund prior to the date specified for its return. The fund from which such transfer or loan is made shall be charged or encumbered with the amount of such transfer or loan and such amount shall not be considered as available in such fund for any other appropriation or encumbrance for which any expenditures or payments must be made prior to the date on which the transfer or loan is repaid. Any transfer or loan made as herein authorized during the first half of any fiscal year shall be repaid prior to the first day of January of said year, and any transfer or loan made during the remaining one-half of said fiscal year shall be repaid prior to the 15th day of May of said year. Such loans shall be secured by and made solely in anticipation of the collection of taxes levied or to be levied for the current fiscal year, and such loans shall constitute the first demand on and shall be repaid from the first tax collections for such current fiscal year; provided, however, that tax anticipation loans made as hereinafter in this section authorized, shall constitute a prior lien on said taxes levied or to be levied or collected.

When funds shall be needed for the immediate requirements of the city and county in any fiscal year in accordance with appropriations made as authorized by this charter for such fiscal year, which payments may be made in advance of the receipt of income for such fiscal year, and when funds therefor cannot be made available as hereinbefore in this section authorized, the board of supervisors, on the

recommendation of the controller and the approval of such recommendation by the mayor, shall have power, by ordinance, to borrow funds on notes or other evidences of indebtedness on behalf of the city and county in aggregate amount not to exceed twenty-five (25) per centum of the estimated tax receipts for such current fiscal year. All such notes or other evidences of indebtedness shall be offered at public sale by the board of supervisors after not less than two days of advertising, not less than three days after the last day on which such advertising is published. Each such sale shall be made to the bidder offering the lowest rate of interest or whose bid represents the lowest net cost to the city and county; provided, however, that the rate of interest to be paid shall not exceed the sum of six (6) per centum per annum. The repayment of any sum so borrowed from any person, firm or corporation pursuant to the authority of this section, shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which said money was borrowed and shall be repaid to the person, firm or corporation from the first moneys received from said taxes. All such notes issued for funds borrowed prior to December 31 in any fiscal year to be repaid not later than said December 31, and all other such notes for other funds borrowed in any fiscal year shall be repaid not later than the 15th day of May of such fiscal year, the intention of this paragraph of this section being that the making of said loans shall be solely for the purpose of anticipating receipt of income. The mayor, in preparing the consolidated budget estimate as provided by this charter, shall include therein a separate amount sufficient to meet the interest to be paid on any funds borrowed under authority of this section. *Ratified by the Legislature January 12, 1933.*

Receipt, Custody and Deposit of Funds

SECTION 82. Disbursement of all public or other funds in the custody of the treasurer, except reimbursement transfers between departments as provided in section 77, shall be made only on warrants drawn by the controller. All moneys and checks received by any officer or employee of the city and county for, or in connection with the business of, the city and county, shall be paid or delivered into the treasury not later than the next business day after its receipt, and shall be receipted for by the treasurer. Daily statements of such receipts and deposits shall be prepared and transmitted to the controller and the treasurer. All pension funds and securities shall be deposited with the treasurer.

The treasurer, with the written approval of the mayor, the controller and the president of the board of supervisors, may deposit funds in his possession in any licensed national bank or banks within this state, or in any bank or banks authorized to do a banking business and organized under the laws of this state. A depository bank shall furnish as security for such deposits bonds of the United States or of this state, or of any county, municipality, or school district within this state approved by the treasurer and the city attorney. The market value of bonds furnished as security shall be at least ten per cent in excess of the amount of the deposits secured thereby. The market value of the securities shall be

maintained in such proportion at all times and the treasurer is hereby charged with the responsibility of enforcing this requirement. The amount of the deposit shall not exceed the face value of such bonds.

All deposits shall be conditional upon payment of a reasonable rate of interest, not less than two per cent per annum on daily balances. The rate of interest shall be fixed annually in the month of January of each year for such calendar year by the treasurer, the controller and the mayor, and such rate shall be reported in writing forthwith to the board of supervisors. Interest on all moneys so deposited shall be payable quarterly to the treasurer.

No deposit in any bank shall at any time exceed fifty per cent of the paid up capital stock of such bank, and while there are other depository banks available, no deposit in any bank shall exceed ten per cent of the funds under the control of the treasurer available for deposit. Deposits shall be subject to withdrawal on joint demand of the treasurer and the controller. In the event of failure of any depository bank to repay on demand any moneys so held on deposit, the treasurer, with the written approval of the mayor, may, after ten days' written notice to such bank, proceed to sell at public or private sale, any or all of the bonds so held by him as security. Ten days' notice of such sale shall be given by publication. At any time before the sale of the bonds the bank may repay the money deposited, with interest thereon and any expense that may have been incurred by the treasurer relating to or incident to such sale, and the bonds shall not be sold.

The treasurer shall not be responsible for any loss of public moneys resulting from a deposit thereof made in accordance with the provisions of this section. The treasurer shall be responsible for the safe-keeping of all securities deposited by banks. The transfer of money for deposits shall be at the expense of the depository.

Funds received by donation, bequest or legacy for a specific purpose and held in trust for the benefit of the city and county may, with the approval of the controller, be invested by the officer, board or commission charged with control and administration of such trust or funds in securities legal for savings banks.

All interest on moneys so deposited shall accrue to the benefit of the city and county, except that interest derived from the deposit of any bond, utility, pension, trust or other fund created for a specific purpose shall accrue to such fund. Public money, other than that of the city and county, coming into the hands of the treasurer shall be kept as provided by law.

Custody of Moneys and Securities

SECTION 83. The supervisors shall by ordinance provide for the safe custody of all money and property in the possession or under the control of the treasurer. Pending the adoption of such ordinance, moneys and securities in possession of the treasurer shall be deposited in a joint custody safe with two combination locks, both of which must be unlocked to open the safe. The combination of one lock shall be known only to the treasurer and one deputy in his office selected by him, and the combination of the other shall be known only to the controller and such assistant in his office as shall be selected by him. The joint custody

safe shall be opened only in the presence of the treasurer and either the controller or the assistant in his office having knowledge of the combination, or in the presence of the controller and either the treasurer or the assistant in his office having knowledge of the combination, and either the controller or the said assistant shall attend, at the request of the treasurer, to open the joint custody safe.

A complete record of moneys and securities on deposit in the joint custody safe shall be kept in a joint custody account and the record of any withdrawals shall be verified by the initials of the controller or his said assistant and the treasurer or his said assistant. Money required for current daily payments to be made from the treasury may be withdrawn from the joint custody safe and deposited in another safe, and the balance thereof shall be verified daily at the close of business hours by the treasurer and the controller.

Clearing House Representative

SECTION 84. The board of supervisors, by ordinance, upon the recommendation of the mayor, the treasurer and the controller, may designate any bank qualified to be a depository under this charter to be the clearing house representative of the city and county, and the city and county may pay a reasonable fee for the service thereof. The necessary procedure shall be provided by ordinance.

Expenditures and Payment of Claims

SECTION 85. No money shall be drawn from the treasury of the city and county, nor shall any obligation for the expenditure of any money be incurred except in pursuance of appropriations or transfers made as in this charter provided.

All salaries and wages shall be payable semi-monthly. No salary or wage shall be paid in advance. It shall be official misconduct for any officer or employee to present or approve a claim for full-time or continuous personal service other than in the manner provided by this charter.

All warrants shall be drawn by the controller, in payment of claims, prepared and signed by the responsible official, for services, supplies and other obligations against the city and county, supported by proper invoices, bills and other necessary data.

The controller shall audit such claims. If he finds the same to be correct and proper in all particulars, and clearly within the purposes for which the appropriation item to which it is charged was made, and that there is an adequate balance in such appropriation item to meet the payment, he shall draw and approve the warrant therefor.

If all or any portion of the claim is not correct, or if all proceedings required incidental to such payment have not been followed, the controller may approve such part of such claim as he shall find correct and draw the warrant therefor, or he may return the claim to the department concerned with his disapproval.

Prior to his drawing any warrant therefor, the controller may, in addition to any other inspection required by any other official, make such investigation and inspection as he deems necessary as to the quality, quantity and condition of services, material, supplies or equipment re-

ceived by any officer or department for which payment is to be made by such warrant. If, in his opinion, any claim is not legal, he shall withhold approval of the same and immediately return such claim, together with a statement of his action thereon and reason therefor, to the responsible official, or transmit the same to the mayor for instructions. No warrant shall be drawn in payment of a claim against a fund in which there is an insufficient unencumbered balance for the payment thereof. Such claims, if legal, shall be registered by the controller in the order of receipt by him, and shall be paid in such order as moneys to cover the same become available in the proper fund.

Limitation on Incurrence of Liabilities

SECTION 86. No ordinance or resolution for the expenditure of money, except the annual appropriation ordinance, shall be passed by the board of supervisors unless the controller first certify to such board that there is a sufficient unencumbered balance in a fund that may legally be used for such proposed expenditure, and that, in the judgment of the controller, revenues as anticipated in the appropriation ordinance for such fiscal year and properly applicable to meet such proposed expenditure will be available in the treasury in sufficient amount to meet the same as it becomes due.

No obligation involving the expenditure of money shall be incurred or authorized by any officer, employee, board or commission of the city and county unless the controller first certify that there is a valid appropriation from which the expenditure may be made, and that sufficient unencumbered funds are available in the treasury to the credit of such appropriation to pay the amount of such expenditure when it becomes due and payable.

Every officer who shall approve, allow or pay any demand on the treasury not authorized by law, ordinance or this charter, shall be liable to the city and county individually and on his official bond for the amount of the demand so illegally approved, allowed or paid.

Each such certification shall be immediately recorded by the controller. Each sum so recorded shall be an encumbrance for the purpose certified until such obligation is fulfilled, cancelled or discharged, or until the ordinance or resolution is repealed by the board of supervisors.

All obligations incurred, all ordinances passed, and resolutions and orders adopted, contrary to the provisions of this section, shall be void and any claim or demand against the city and county based thereon shall be invalid.

Limitation on Claims for Damages

SECTION 87. All claims for damages against the city and county must be presented to the controller within sixty days after the occurrence from which it is claimed the damages have arisen. Such claims must be verified by the oath of the claimant and must contain the name and address of the claimant, the date and place of the occurrence or injury for which damages are claimed, the nature and amount of said injuries or damages and the items making up said amount; otherwise there shall be no recovery on any such claim or by reason of the said occurrence for which damages are claimed. *Ratified by the Legislature, Jan. 26, 1935.*

PURCHASING

Purchase and Sale of Material, Supplies and Equipment

SECTION 88. The purchaser of supplies shall purchase all materials, supplies and equipment of every kind and nature, and enter into agreements for all contractual services required by the several departments and offices of the city and county, except as in this section otherwise provided. Purchases of books, magazines and periodicals for the library departments, works of art for museums and other articles or things of unusual character as to the purchasing thereof, may, on the recommendation of a department head and the approval of the purchaser, be purchased directly by said department head.

Purchases for construction operations, or for any operations conducted outside the boundaries of the city and county may, on the recommendation of the department head in charge thereof and the approval of the purchaser of supplies, be made by the department head. All such purchases made by officials of departments other than the purchasing department shall be made in accordance with regulations established by the purchaser of supplies. The purchaser of supplies shall have authority to exchange used materials, supplies, and equipment to the advantage of the city and county, advertise for bids, and to sell personal property belonging to the city and county on the recommendation of a department head that such articles are unfit for use.

All purchases shall be by written purchase order or written contract. All purchases in excess of \$1000 shall be by written contract, provided, however, that on the recommendation of the department head, in case of an emergency actually existing, the purchaser of supplies, with the approval of the chief administrative officer, may make such purchases in the open market on the basis of informal bids. At least three bids or quotations shall be secured on open market purchases and a permanent record of all such quotations shall be kept. All contracts and purchase orders in excess of two thousand dollars (\$2000.00) for material, supplies or equipment shall require the signature of the chief administrative officer in addition to the signature of the purchaser of supplies. The purchaser of supplies shall not enter into any contract or issue any purchase order unless the controller shall certify thereon that sufficient unencumbered balances are available in the proper fund to meet the payments under such purchase order or contract as these become due.

The purchaser of supplies shall establish specifications and tests to cover all recurring purchases of material, supplies and equipment. He shall, as far as is practicable, standardize materials, supplies and equipment according to the use to which they are to be put, when two or more types, brands or kinds are specified or requested by individual departments.

Purchases of equipment shall be made in accordance with specifications furnished by the department requiring such equipment in case the use of such equipment is peculiar to such department. For patented or proprietary articles sold by brand name, the purchaser may require each department requisitioning same by such brand name, to furnish specifications of the article requisitioned and may advertise for bids on

the basis of such specifications, under conditions permitting manufacturers of or dealers in other articles made and sold for the same purpose to bid on such specifications or on the specifications of their own product. If the purchaser of supplies recommends the acceptance of the lowest or best bid, stating his reasons in writing therefor, and if the department head concerned recommends the acceptance of any other bid on such proprietary articles, stating his reasons in writing therefor, the award shall be determined by the controller.

The purchaser of supplies shall require departments to make adequate inspection of all purchases, and shall make such other inspection as he deems necessary. He shall direct the rejection of all articles which may be below standards, specifications or samples furnished. He shall not approve any bill or voucher for articles not in conformity with specifications, or which are at variance with any contract.

He shall have charge of central storerooms and warehouses of the city and county. He shall also have charge of a central garage and shop for the repair of city and county equipment. All garages and shops heretofore maintained by departments for the construction, maintenance, and repair of departmental supplies and equipment, and the personnel assigned thereto, excepting the shop and personnel for fire alarm, police telegraph and traffic signal manufacture and repair operated by the department of electricity, are hereby transferred to said central garage and shop.

He shall, under the supervision of the controller, maintain an inventory of all material, supplies and equipment purchased for and in use in all departments and offices of the city and county. He shall be responsible for the periodic check of such property, and in case of loss or damage deemed by him to be due to negligence, he shall report thereon to the mayor, the chief administrative officer and the controller. He shall have authority to require the transfer of surplus property in any department to stores or to other departments.

Purchasing Procedure

SECTION 89. All purchase orders and contracts shall be based on written requisitions, or, for materials or supplies in common use in the various departments, on the purchaser's records of average use by all departments, when approved by the chief administrative officer. The purchaser of supplies shall approve all bills or vouchers for materials, supplies, equipment, and contractual services before the controller shall draw and approve warrants therefor. All contracts for the purchase of materials, supplies and equipment shall be made after inviting sealed bids by publication. All sealed bids received shall be kept on file. When an award of contract is made, notice that the same has been made shall be given by one publication, and any interested person may examine the bids and records at the purchaser's office.

Purchaser's Revolving Fund

SECTION 90. Appropriations for material, supplies, and equipment shall be segregated in each annual appropriation ordinance for each department or office. Any part of each such fund or appropriation may, on the recommendation of the purchaser of supplies and the approval of the controller, be transferred to or made available in the purchaser's

revolving fund. Warrants shall be drawn against such fund by the controller on demand of the purchaser for the payment of bills on which discount for prompt payment may be secured, or for advantageous cash purchasing, under favorable or emergency market conditions, of materials or supplies for future departmental requisition and use. Discounts obtained by the use of the purchaser's revolving fund may be accumulated therein and the supervisors may make annual appropriations to such fund until a sufficient sum, as determined by the controller, is accumulated to meet the average purchasing and discount payment requirements of the city and county.

Purchase, Lease and Sale of Real Property and Improvements

SECTION 91. The director of property shall be the head of the department of property. He shall have charge of the purchase of real property and improvements required for all city and county purposes, and the sale and lease of real property and improvements thereon owned by the city and county, except as otherwise provided by this charter. In the acquisition of property required for street opening, widening or other public improvements, the director of property shall make preliminary appraisals of the value of the property sought to be condemned or otherwise acquired, and report thereon to the responsible officer. It shall be his duty, in addition, to assist in such proceedings on the request of the responsible officer.

He shall have charge of the management of the exposition auditorium.

Each department authorized by the approval of bond issues or by annual or supplemental appropriation ordinances to purchase or lease property or improvements needed for the purposes of such department shall make such purchases or leases through the director of property. He shall make a preliminary valuation of the property to be acquired or leased and report the same to the department requiring such property. For such purposes he may employ independent appraisers. He shall conduct negotiations with the owner or owners thereof, at the conclusion of which he shall report the terms on which such sale or lease may be concluded, together with his recommendations thereon. The head of the department concerned may report to the board of supervisors and recommend acceptance or that proceedings in eminent domain be instituted for the acquisition of such property.

Sale of Property

SECTION 92. Any real property owned by the city and county, excepting lands for parks and squares, may be sold on the recommendation of the officer, board or commission in charge of the department responsible for the administration of such property. When the board of supervisors, by ordinance, may authorize such sale and determine that the public interest or necessity demands, or will not be inconvenienced by, such sale, the director of property shall make a preliminary appraisal of the value of such property. The director of property shall advertise by publication the time and place of such proposed sale. He shall forthwith report to the department head concerned and to the supervisors the amount of any and all tenders received by him. The supervisors may authorize the acceptance of the highest and best tender, or they

may, by ordinance, direct that such property be sold at public auction, date of which shall be fixed in the ordinance. No sale other than a sale at public auction shall be authorized by the supervisors unless the sum offered shall be at least 90 per cent of the preliminary appraisal of such property hereinbefore referred to.

The proceeds of the sale of any property under the control of a department shall be applied by the supervisors to the purchase of additional land for the use of such department if required thereby. Otherwise such proceeds shall be applied to the purchase of additional real property for any city and county purpose, provided, however, that the proceeds of the sale of any property acquired for the use of any utility shall revert to the funds of said utility.

The director of property may, in lieu of sale, arrange for the trading of any real property proposed to be sold for other property required by the department in charge thereof, on the recommendation of the officer, board or commission in charge of such property and the authorization, by ordinance, of the board of supervisors.

Lease of City Property

SECTION 93. When the head of any department in charge of real property shall report to the board of supervisors that certain land is not required for the purposes of the department, the board of supervisors, by ordinance, may authorize the lease of such property. The director of property shall arrange for such lease for a period not to exceed twenty years, to the highest responsible bidder at the highest monthly rent. The director of property shall collect rents due under such lease.

The public utilities commission may provide, by resolution, that agricultural or other lands used and useful for water department purposes and at the same time available for leasing or rental for agricultural purposes shall be subject to lease and administration by the operating forces of the water department; provided, however, that no such lease shall be made to any other public utility without the approval of the board of supervisors by two-thirds vote thereof.

Records of Real Property

SECTION 94. The director of property shall maintain complete records and maps of all real property owned by the city, which shall show the purchase price, if known, and the department in charge of each parcel, with reference to deeds or grants establishing the city's title.

He shall annually report to the mayor, the controller, the chief administrative officer, and the supervisors the estimated value of each parcel and improvement. He shall make recommendations to the mayor and chief administrative officer relative to the advantageous use, disposition, or sale of real property not in use.

CONTRACTS

Public Works and Purchasing Contracts

SECTION 95. The construction, reconstruction or repair of public buildings, streets, utilities or other public works or improvements, and the purchasing of supplies, materials and equipment, when the expenditure involved in each case shall exceed the sum of one thousand

dollars (\$1,000.00), shall be done by contract, except as otherwise provided by this charter. It shall constitute official misconduct to split or divide any public work or improvement or purchase into two or more units for the purpose of evading the contract provisions of this section. In an emergency, provided an actual emergency be declared by the board of supervisors to exist, and when authorized by resolution of said board, any public work or improvement may be executed in the most expeditious manner.

Any public work or improvement estimated to cost less than one thousand dollars may be performed under contract or written order or by the employment of the necessary labor and purchase of the necessary materials and supplies directly by the city and county. Any public work or improvement executed by the city, other than routine repair work, shall be authorized by the chief administrative officer or by the heads of departments not under the chief administrative officer, only after detailed estimates have been prepared and submitted by the head of the department concerned. There shall be separate accounting for each work or improvement so executed, which accounting shall include all direct, indirect and supervisory elements of cost chargeable to such work or improvement, and each cost accounting shall be reported to the chief administrative officer, or to the mayor when such work shall have been performed by departments not under the chief administrative officer. All such accounts shall be reported to the controller. Any public work or improvement costing less than one thousand dollars and not performed by the use of city and county labor, materials, and supplies shall, if not performed under contract, be covered by written order or agreement which shall be based on not less than three bids, notice of which shall be given by three days' posting. Records of such bids shall be kept by the department.

When the expenditure for any public work or improvement shall exceed the sum of one thousand dollars, the same shall be done by contract, except as otherwise provided in this charter. The head of the department in charge of or responsible for the work for which a contract is to be let, or the purchaser of supplies in the case of purchases of materials, supplies and equipment, shall let such contract to the lowest reliable and responsible bidder not less than ten days after advertising by publication for two consecutive days for sealed proposals for the work, improvement or purchase contemplated. Each such advertisement shall contain the reservation of the right to reject any and all bids. The officer responsible for the awarding of any such contract shall require from all bidders information concerning their experience and financial qualifications, as provided by general law relative to such investigations authorized by departments of public works.

The purchaser of supplies with the approval of the chief administrative officer, or the department head concerned with the approval of the board or commission to which he is responsible, may reject any and all bids and readvertise for bids.

The department head or the purchaser of supplies, as the case may be, shall have power to sign such contract for the estimated expendi-

tures thereunder not in excess of two thousand dollars (\$2,000.00). Any contract involving the expenditure of over two thousand dollars (\$2,000.00), if for the purchase of materials, supplies or equipment, shall require the joint approval of the purchaser of supplies and the chief administrative officer. If such contract is for any public work or improvement, it shall require the joint approval of the department head and the chief administrative officer relative to departments under his jurisdiction, or the signature of the department head and the approval by resolution of the board or commission concerned for departments not under the chief administrative officer.

The board of supervisors, by ordinance, shall establish procedure whereby appropriate city and county departments may file sealed bids for the execution of any work to be performed under contract. If such bid is the lowest, the contract shall be awarded to the department. Accurate unit costs shall be kept of all direct and indirect charges incurred by the department under any such contract, which unit costs shall be reported to and audited by the controller monthly and on the completion of the work.

In any case where the lowest gross price or unit cost bid is not accepted, and a contract is entered into with another bidder, written report shall be made to the chief administrative officer, the mayor and the controller by the officer authorized to execute the contract, with the reasons for failure to accept such lowest bid.

Progressive Payments

SECTION 96. Any contract may provide for progressive payments, if the advertisement for sealed proposals shall so specify. No progressive payments under any contract shall be made which, with prior payments, shall at any time exceed in amount 90 per cent of the value of the work and labor and materials furnished, and no contract shall authorize or permit the payment of more than 90 per cent of the total contract price before the completion of the work required by such contract and the acceptance thereof by the head of the department concerned.

Penalties and Extras

SECTION 97. If so specified in the published notice soliciting sealed bids for any public work or improvement, any contract therefor may be let for a gross price or on a basis of cost per unit of work to be performed, and may also provide for liquidated damages to the city and county for every day during which the contract is uncompleted beyond such specified date. In awarding any contract, the department head concerned is authorized to compare bids on the basis of time of completion. When any award of contract has been made in consideration, in whole or in part, of the relative time estimates of bidders for the completion of the work, the time within which the contractor shall start work shall be fixed and the performance within such time limits shall be covered by the bond required of the contractor, and no extension may be granted on such contract beyond the date specified for completion, unless the liquidated damages for each day the work is uncompleted beyond the specified date shall be collected; provided, however, that this shall not apply to unavoidable delays due to act of God.

If it becomes necessary, in the prosecution of any work or improvement under contract, to make alterations or modifications, or provide for extras in such contract which shall increase the contract cost, such alterations, modifications or extras shall be made only on the written recommendation of the department head responsible for the supervision of the contract, together with the approval of the chief administrative officer or the board or commission, as the case may be, and also the approval of the controller. No such alteration, modification or extra shall be valid, unless the increased price to be paid under the altered or modified contract shall have been agreed upon in writing and signed by the contractor and the department head concerned, and approved as hereinbefore provided. In the performance of any contract awarded on the unit and the unit-cost basis, if the department head concerned ascertains that the amount of work done or to be done shall exceed the estimated amount of the contract by 10 per cent, or more, the excess shall be provided for as prescribed by section 80 relative to supplemental appropriations.

Contractors' Working Conditions

SECTION 98. Every contract for any public work or improvement to be performed at the expense of the city and county, or paid out of moneys deposited in the treasury, whether such work is to be done directly under contract awarded, or indirectly by or under sub-contract, sub-partnership, day labor, station work, piece work, or any other arrangement whatsoever, must provide: (1) That in the performance of the contract and all work thereunder, eight hours shall be the maximum hours of labor on any calendar day; (2) that any person performing labor thereunder shall be paid not less than the highest general prevailing rate of wages in private employment for similar work; (3) that any person performing labor in the execution of the contract shall be a citizen of the United States; (4) that all laborers employed in the execution of any contract within the limits of the city and county shall have been residents of the city and county for a period of one year immediately preceding the date of their engagements to perform labor thereunder; provided, however, that the officer empowered to award any such contract may, upon application of the contractor, waive such residence qualifications and issue a permit specifying the extent and terms of such waiver whenever the fact be established that the required number of laborers and mechanics possessing qualifications required by the work to be done cannot be engaged to perform labor thereunder.

The term "public work" or "improvement," as used in this section, shall include the fabrication, manufacturing or assembling of materials in any shop, plant, manufacturing establishment or other place of employment, when the said materials are of unique or special design, or are made according to plans and specifications for the particular work or improvement and any arrangement made for the manufacturing, fabrication or assembling of such materials shall be deemed to be a contract or a sub-contract subject to the provisions of this section.

The board of supervisors shall have full power and authority to enact all necessary ordinances to carry out the terms of this section and may by ordinance provide that any contract for any public work or improve-

ment, or for the purchase of materials which are to be manufactured, fabricated or assembled for any public work or improvement, a preference in price not to exceed ten per cent shall be allowed in favor of such materials as are to be manufactured, fabricated or assembled within the City and County of San Francisco as against similar materials which may be manufactured, fabricated or assembled outside thereof. When any such materials are to be fabricated, assembled or manufactured by any sub-contractor or materialman for the purpose of supplying the same to any contractor bidding on or performing any contract for any public work or improvement, said sub-contractor or materialman manufacturing, fabricating, assembling or furnishing said materials manufactured, assembled or fabricated within the City and County of San Francisco shall be entitled to the same preferential as would any original contractor or materialman furnishing the same if the board of supervisors by ordinance so provide. When any ordinance shall so provide any officer, board or commission letting any contract may in determining the lowest responsible bidder for the doing or performing of any public work or improvement add to said bid or sub-bid an amount sufficient not exceeding ten per cent in order to give preference to materials manufactured, fabricated or assembled within the City and County of San Francisco. *Ratified by the Legislature, May 17, 1935.*

Contract Procedure by Ordinance

SECTION 99. The board of supervisors shall, by ordinance, establish the necessary procedure to be followed in the advertising for bids, the award of contracts, the supervision of contract work, and the acceptance thereof on completion; also for the security to be given on the filing of bids to guarantee the execution of the contract if awarded, and for the security to be given on the award of contract for the faithful performance thereof and to guarantee the payment of wages for services engaged and of bills contracted for material, supplies and equipment used in the performance of the contract.

Collusion

SECTION 100. If any party or parties to whom a contract has been awarded has been guilty of collusion with any officer or representative of the city and county, or any other party or parties, in the submission of any bid or in preventing of any other being made, or in knowingly receiving preferential treatment by any officer or an employee of the city and county, then any contract so awarded, if not completed, may be declared null and void by the board of supervisors on the recommendation of the purchasing agent or the department head concerned, as the case may be, and the purchaser of supplies or the department head concerned shall thereupon re-advertise for bids for said work for the uncompleted portion thereof. If the work under such contract shall have been completed, the matter shall be referred to the city attorney for such action as may be necessary. Any party or parties guilty of such collusion shall not be permitted to participate in or to bid on any future public work, improvement or purchase to be made by the city and county.

BOND ISSUE PROCEDURE

General Laws Applicable

SECTION 101. The general laws of the State of California authorizing

the incurring and establishing the procedure for the creation of bonded indebtedness and authorizing and establishing the procedure for the issuance of bonds to refund indebtedness of municipalities in force at the time any bonded indebtedness is created or refunded by the city and county shall, except as otherwise provided in this charter, be applicable to the creation of bonded indebtedness and the issuance of refunding bonds by the city and county. See Digest—*San Francisco v. Collins*, p. 134.

Interest on Bonds During Construction

SECTION 102. In any case where bonds have been authorized for the acquisition, construction or completion of a public utility or of extensions thereto, interest which may become due on said bonds during the actual period of construction of said utility, or of extensions to an existing utility, as the case may be, and during the period of six months immediately following the completion of the same may be paid out of the proceeds of sale of the bonds authorized and sold for such purpose, if such method of payment of interest be expressly provided for in the proceedings authorizing such bond issue.

Bonds for Street and Other Public Work—Revolving Fund

SECTION 103. A municipal indebtedness may be authorized to be incurred by the voters, in the manner now or hereafter provided by the general laws of the State of California, for the purpose of financing public improvements the cost of which is to be assessed against private property benefited thereby, and bonds may be authorized by the voters to be issued therefor, the proceeds of which shall be used as a "Revolving Fund" to be applied to the payment of incidental and other expenses, the progressive payments on the work or works or to pay the principal or interest of bonds, securities or other evidences of debt issued against said special assessments or to purchase any bonds or coupons issued against such special assessments.

Bonded Debt Limit

SECTION 104. No bonded indebtedness shall be incurred by the city and county which together with the amount of bonded indebtedness outstanding shall exceed 12 per cent of the assessed value of all real and personal property in the city and county subject to taxation for city and county purposes; provided, however, that bonded indebtedness heretofore or hereafter created for water supply, storage or distribution purposes, bonded indebtedness created pursuant to section 103 hereof and bonded indebtedness heretofore created in aid of the Panama-Pacific International Exposition shall be exclusive of the limitation on the amount of bonded indebtedness of the city and county contained in this section.

Bond Election for the Acquisition of Public Utilities to Be Called by the Board of Supervisors Upon Petition of Electors

SECTION 105. In addition to the method prescribed by the other provisions of this charter, the proceedings for the authorization and issuance of bonds for the acquisition, construction or completion of any public utility or utilities may also be initiated by electors in the man-

ner following: Whenever a petition, signed by qualified electors of the city and county equal in number to 15 per cent of the electors who voted for all candidates for the office of mayor at the last general election at which a mayor of the city and county was elected, requesting the board of supervisors to submit to the electors of the city and county a proposition or propositions for incurring bonded indebtedness for the acquisition, construction or completion of any public utility or utilities shall be filed in the office in which initiative petitions are required by this charter to be filed, the board of supervisors shall, as soon thereafter as in its judgment shall be practicable, proceed to call an election and submit to the electors of the city and county the proposition or propositions of incurring bonded indebtedness of the city and county for the purpose or purposes set forth in said petition. Neither errors nor informalities in said petition or in the signatures thereto nor the failure of the percentage of electors herein specified to sign the same, nor any delay in submitting said proposition or propositions to the electors shall invalidate any bonds which may be issued and sold pursuant to the provisions hereof. The provisions of this charter relating to the filing, verification and certification of initiative petitions shall be applicable to the petition herein referred to. Such election shall be called and held in same manner as other bond elections of the city and county, and all proceedings for the issuance of bonds for the acquisition, construction or completion of such public utility or utilities, excepting only as otherwise provided in this section, shall be taken in accordance with the provisions hereinbefore set forth in this charter.

PUBLIC WORKS AND IMPROVEMENTS

Director of Public Works

SECTION 106. The department of public works shall be in charge of a director of public works, who shall be paid an annual salary of eight thousand dollars (\$8,000.00). He shall be appointed by and hold office at the pleasure of the chief administrative officer. The director of public works shall appoint a city engineer, who shall hold office at the pleasure of said director. He shall possess the same power in the city and county in making surveys, plats and certificates as is or may from time to time be given by law to city engineers and to county surveyors, and his official acts and all plats, surveys and certificates made by him shall have the same validity and be of the same force and effect as are or may be given by law to those of city engineers and county surveyors.

The director of public works shall have and succeed to the powers and duties of the board of public works from and after twelve o'clock noon on the 8th day of January, 1932, except as otherwise provided in this charter, at which time the terms of members of the board of public works shall terminate, and such board as theretofore existing shall be abolished.

All examinations, plans and estimates required by the supervisors in connection with any public improvements, exclusive of those to be made by the public utilities commission, shall be made by the director

of public works, and he shall, when requested to do so, furnish information and data for the use of the supervisors.

General Law and Ordinance Procedure for Public Works

SECTION 107. Where a procedure for the exercising of any rights and powers belonging to a city, or a county, or a city and county, relative to the establishment or change of grades and the lay-out, extension, opening, widening, changing, closing, vacating, paving, repaving or otherwise improving streets and highways and public places, and constructing sewers, drains, conduits and culverts, subways, tunnels, viaducts and bridges, or other public improvements incidental or appurtenant thereto, to planting trees, constructing parking and removing weeds or the executing of any other public work or improvement hereby or hereafter placed under the jurisdiction of the department of public works, and the payment of damages, or levying of special assessment to defray the whole or part of the cost of such works or improvements is provided by statute of the State of California, such procedure shall control and be followed, unless a different procedure is provided in or under authority of this charter or by ordinance continued by this charter or any such ordinance hereafter amended or by ordinance passed by the board of supervisors, and the board of supervisors is hereby empowered to provide by ordinance for any such purpose.

The department of public works shall semi-annually notify the tax collector of the amount of each assessment that becomes delinquent and the lot and block number against which such assessment is levied, and it shall be the duty of the tax collector to note such delinquency on each annual tax bill.

Repair of Accepted Streets

SECTION 108. When any roadway of a street or portion thereof for not less than one continuous block has been paved in accordance with the specifications of the department of public works, and is in good condition, and sewer, gas and water pipes have been laid therein, the same shall be accepted by the supervisors by ordinance on the written certificate of the city engineer, and thereafter such portion of the roadway of said street shall be kept in repair and improved by the city and county. It shall be the duty of the owner of any property fronting on a public street to keep the sidewalk in front thereof in good repair and condition and the board of supervisors is hereby empowered to provide by ordinance for the repair of such sidewalks in all cases where the owner fails and neglects to repair the same.

Nothing herein contained shall relieve any railway company from making repairs to the roadway of any street in conformity with the terms of its franchise or as provided by law. *Ratified by the Legislature Jan. 26, 1935.*

Specified Types of Street Construction

SECTION 109. No patented pavement shall be ordered during the existence of the patent therefor, until the owner of such patent shall have transferred to the city and county all right to use of the same therein, with the privilege to any person to manufacture and lay same

upon the streets under any contract that may be awarded to or entered into by him with the city and county.

Financing Special Assessment Projects

SECTION 110. The board of supervisors shall establish a public improvement revolving fund to which the board may make appropriations from tax levies thereto for the purpose of such fund, and may establish procedure for the use of the credit of the city and county for the establishment of said revolving fund, to be used solely for the purpose of financing all or part of the initial cost of public improvements to be paid in whole or in part from the proceeds of special assessments levied against the property deemed to be benefited. A bond issue or issues may be proposed, as authorized elsewhere in this charter, the proceeds of which shall be paid into said revolving fund for the financing of public improvements, provided that said revolving fund shall be reimbursed as prescribed in this section by the levy and collection of special assessments and that the interest and redemption or sinking fund charges on any bonds authorized for such purpose shall be paid from the proceeds of such levy.

On the recommendation of the director of public works and the chief administrative officer, sufficient bonds may be sold at one time to provide funds for the estimated cost of financing special assessment projects for a period of not to exceed one year. When any public improvement is to be financed in whole or in part from the proceeds of special assessments levied against the land deemed to be benefited, the director of public works, subject to the approval of the chief administrative officer, shall report to the controller the estimated cost of such improvement, the amount thereof to be levied by special assessment and the estimated amount of the appropriation to be made from the public improvement revolving fund to meet the initial cost of the project, including progressive payments and other direct or indirect costs chargeable to such project, and shall recommend the appropriation of the necessary sum from such revolving fund.

The supervisors, by ordinance, may provide for the amount to be added to the contract price and other costs of the work, as interest for the use of the revolving fund moneys in financing the cost of the improvement. Interest at the rate of not more than 7 per cent may be charged on the unpaid balances of special assessments in cases where the owners of property against which such assessments are levied elect to pay such assessments in installments.

The amount of all special assessments levied for the payment of work financed out of the public improvement revolving fund, together with all interest accruing thereon, shall be credited as collected to such revolving fund. The board of supervisors may prescribe the duties of any city and county officer or department in maintaining accounts of and collecting assessments for each such improvement.

Limitation on Special Assessments

SECTION 111. Special assessments shall not exceed fifty per cent of the assessed value of the land on which the special assessment is levied, except that when such assessments are authorized to be paid in installments over a period not to exceed ten years, no annual installment pay-

ment shall exceed 25 per cent of the assessed value of the land on which the special assessment is levied.

Sewer, Water and Other Connections

SECTION 112. The director of public works shall have authority, in the manner provided by ordinance by the board of supervisors, (1) to order the laying of sewer, water, gas and other mains, conduits or connections, whenever, in view of contemplated street improvements or as a sanitary regulation, such construction is recommended by the city engineer, and (2) to order that excavations, fences, embankments or grades on private property in a condition deemed by him as endangering the persons or property of those using the abutting streets, shall be put in such condition as to insure the safety of the public.

Liability for Damages by Reason of Defective Sidewalks, etc.

SECTION 113. If any portion of any sidewalk or street in the city and county which has been accepted as provided by law shall be in such defective condition as to endanger persons or property and through the official negligence of the director of public works, such defect remains unremedied, unrepaired or unbarricaded, and in consequence thereof damage or loss to person or property is sustained or suffered, the said director shall be liable to the party injured for the damage sustained; provided that a notice in writing directing attention to the existence of such defect, and specifying the particular street and block thereof whereon or wherein such defect exists shall have been served upon such director at least five days before such damage shall have been sustained; and provided further, that there are at such times funds available to the said director for repairing or remedying such defects or barricading the same.

Spur Tracks

SECTION 114. The board of supervisors shall refer all requests for spur track permits to the director of public works who shall grant such permits in all cases where the spur track is to be located within a heavy industrial zone, as classified by the city planning commission, provided that such spur track shall be so constructed and operated as not to establish an unreasonable interference with the public use of the streets affected. The board of supervisors shall refer all other requests for spur track permits to the director of public works for report thereon, which shall be submitted by him within ten days after such reference, and shall not grant permission to lay any spur track until a report thereon shall have been received from said director, to the effect that such construction and operation will not create an unreasonable interference with the public use of the streets affected.

CITY PLANNING

City Planning Commission

SECTION 115. The city planning commission shall consist of five members who shall be appointed by the mayor. The terms of members of the commission shall be four years from and after the date of their

respective appointments, provided that the mayor, after the 8th day of January, 1932, shall reorganize the terms of the commission so that one such term shall expire at 12 o'clock noon on the 15th day of January in the years 1933, 1934 and 1935, respectively, and the remaining two terms shall expire at 12 o'clock noon on the 15th day of January, 1936, and upon the expiration of the term of each of said commissioners, the mayor shall appoint his successor to serve for the full term of four years. The compensation of members of said commission shall be fifteen dollars (\$15) for each meeting of the commission actually attended by said members, provided that the aggregate amount paid all of the members shall not exceed five thousand dollars (\$5,000) per year.

Powers and Duties of Commission

SECTION 116. The commission may appoint a city planning engineer who shall hold office at its pleasure and who shall be a person of expert and technical training, with at least five years' experience in engineering. The commission may also contract with architects, city planners, engineers or consultants for such services as it may require.

The commission shall succeed in office the city planning commission now existing, and shall have all the powers and duties thereof, except as in this charter otherwise provided, and all matters pending before the existing commission shall have the same status before the commission herein continued. All zoning classifications and building setback lines in effect at the time this charter becomes effective shall remain in force and effect unless and until changed as provided in section 117.

It shall be the duty of the commission to make, maintain and adopt, including necessary changes therein, a master plan of the physical development of the city and county, which plan, including maps, plats, charts and descriptive matter, shall make recommendations for the development of all areas within the city and county and for three miles outside of the boundaries thereof, including, among other things, the general location, character and extent of streets, viaducts, subways, bridges, boulevards, parkways, playgrounds, parks, squares, aviation fields and other public ways, grants and open spaces, the general location of public buildings and other public property and the removal, relocation, widening, narrowing, vacating, abandonment or extension of any of the foregoing ways, grants, open spaces or buildings. In the preparation of such plans, the commission shall consult and cooperate with all other departments of the city and county which, by this charter, are vested with responsibility for or control over any of the matters hereinbefore enumerated, and shall make such additional studies as it may deem necessary. The commission shall also act in an advisory capacity to the supervisors and other departments of the city and county in all matters affecting the general location and extent of public improvements, ways and structures. All departments and officials of the city and county shall, upon request, furnish to the commission such information as it may require for its work and the commission shall, whenever possible, furnish to all departments and officials such information as said departments and officials may require.

Zoning and Set-Back Lines

SECTION 117. The city planning commission, from time to time, shall consider and hold hearings on proposed changes in the classification of the use to which property in the city and county may be put, and the establishment or changing of building set-back lines, in either case, on its own motion or on the application of an interested property owner.

The board of supervisors, by ordinance, shall establish procedure for action on such matters, which ordinance must provide, among other things, that the commission shall give notice of time, place and date of hearing by posting throughout the area and by publication not less than twenty days prior thereto; that the commission shall notify, in writing, not less than ten days prior to said hearing, applicants for proposed changes, and all persons whose names and addresses are shown on the assessment roll as owners of property within three hundred feet of all exterior boundaries of the area affected by the proposed changes and the time and the place of hearing, which names, addresses and other information shall be furnished by the applicant in the form required by the commission; that the commission, after hearing shall, by resolution, approve or disapprove the proposed change which, if approved, shall not become effective for thirty days; that appeal may be taken from the ruling of the commission by filing written protest with the board of supervisors, and if such protest is subscribed by the owners of twenty per cent of the property affected, the supervisors shall fix a time and a place for hearing such objections which shall be not less than ten nor more than thirty days after such filing, and must decide thereon within ten days of the start of such hearing; that the supervisors, by not less than two-thirds vote, may disapprove the action of the commission, provided, however, that any change in zoning, classification or building set-back lines made by the commission on its own motion shall require approval of the supervisors by a two-thirds vote; that in case of disapproval by the commission or by the supervisors on appeal of a proposed change, such proposed change may not be resubmitted to or reconsidered by the commission for at least one year.

No ordinance shall be considered by the supervisors, the purpose or intent of which is the classification, regulation or control of the height, area, bulk, location or use of any building or buildings, or premise or premises, and classifying any property into any district or zone for such purposes, or establishing a set-back line or lines along any street or portion thereof in the city and county without being first submitted to the city planning commission for report and recommendation. If the commission disapprove any such ordinance, the supervisors may adopt the same only by an affirmative vote of at least two-thirds of its entire membership. The failure of the commission to act within sixty days from and after the date of official submission of any proposed zoning, classification or set-back line by the board of supervisors shall be deemed to be approval of such classification or proposed set-back line by the commission.

Plats and Subdivisions

SECTION 118. All plats or replats of subdivisions of land laid out in building lots, and the streets, alleys or other portions of the same intended to be dedicated to public use or for the use of purchasers or owners of lots fronting thereon or adjacent thereto, and located within the city and county limits, shall be submitted by the department of public works to the city planning commission, which shall report its recommendations thereon in writing to the department of public works.

PUBLIC UTILITIES AND FRANCHISES

Public Utility Policy

SECTION 119. It is the declared purpose and intention of the people of the city and county, when public interest and necessity demand, that public utilities shall be gradually acquired and ultimately owned by the city and county. Whenever the board of supervisors, as provided in sections 101 to 104, inclusive, of this charter, shall determine that the public interest or necessity demands the acquisition, construction or completion of any public utility or utilities by the city and county, or whenever the electors shall petition the supervisors, as provided in sections 105, 179 and 180 of this charter, for the acquisition of any public utility or utilities, the supervisors must procure a report from the public utilities commission thereon.

Public Utilities Commission

SECTION 120. A public utilities commission is hereby created, which shall consist of five members, who shall be appointed by the mayor and who shall be subject to recall and to suspension and removal in the same manner as elective officers. The term of each commissioner shall be four years, provided that the five commissioners first appointed by the mayor after twelve o'clock noon, on the 8th day of January, 1932, shall, by lot, classify their terms so that the term of one commissioner shall expire at twelve o'clock noon on the 15th day of January in each of the years 1933, 1934, and 1935, respectively, and that the terms of two other commissioners shall expire at twelve o'clock noon on the 15th day of January, 1936, and on the expiration of these and successive terms, the mayor shall appoint their successors for four years. The compensation of each commissioner shall be one hundred dollars (\$100.00) per month.

General Powers and Duties of Commission

SECTION 121. The public utilities commission shall have charge of the construction, management, supervision, maintenance, extension, operation and control of all public utilities and other properties used, owned, acquired, leased or constructed by the city and county, including airports, for the purpose of supplying any public utility service to the city and county and its inhabitants, to territory outside the limits of the city and county, and to the inhabitants thereof.

The commission shall locate and determine the character and type of all construction and additions, betterments and extensions to utilities

under its control, and shall determine the policy for such construction or the making of such additions, betterments and extensions from the public funds under its jurisdiction; provided that in each such case it shall secure the recommendation of the manager of utilities, which shall be presented in writing and shall include analyses of cost, service and estimated revenues of all proposed or feasible alternatives in cases where it is deemed by the manager that such alternatives exist.

The commission shall also have power to enter into contract for the furnishing of heat, light and power for municipal purposes, and to supervise the performance and check the monthly bills under such contract.

The commission shall have full power and authority to enter into such arrangements and agreements as it shall deem proper for the joint use with any other person, firm or corporation owning or having jurisdiction over poles, conduits, towers, stations, aqueducts, reservoirs and tracks for the operation of any of the utilities under its jurisdiction. It may make such arrangements as it shall deem proper for the exchange of transfer privileges with any privately owned transportation company or system which shall tend toward the betterment of transportation service.

The commission shall observe all city and county ordinances and the regulations of the department of public works relative to utility openings, structures and poles in streets and other public places, as well as all ordinances and regulations relative to barricades, construction lights, refilling excavations and replacing and maintaining street pavements; and in connection with all such matters the said commission shall be subject to the same inspection rules and pay fees to the proper department in the same manner and at the same rates as any private person or corporation.

The commission shall have charge of all valuation work relative or incidental to purchase proceedings initiated by the city and county for the acquisition of any public utility.

Foreign trade zones, as may be authorized by acts of Congress to be located in the city and county, are hereby declared to be public utilities within the meaning of this charter. A bonded indebtedness for the construction, completion or acquisition of foreign trade zones and the acquisition of necessary lands, buildings and equipment authorized by the electors in accordance with the provisions of this charter shall be exclusive of the bonded indebtedness of the city and county limited by this charter. See Digest—*Mann v. San Francisco*, p. 133.

Utility Departments and Bureaus

SECTION 122. The San Francisco municipal railway, the San Francisco water department, the Hetch Hetchy project until the completion thereof when it shall be merged with the water department, the air-

port, and any other public utility hereafter acquired, shall each be designated as a department under the commission, and, in addition, the commission may create a bureau of engineering and such other bureaus as it may deem necessary for the handling of matters that do not pertain exclusively to any one utility or department. The salaries and general expenses of the commission or bureaus thereof not chargeable to a specific utility shall be apportioned fairly among the utilities under the control of the commission in such manner as the commission may deem appropriate, and such apportionment shall be shown as expenses of such utilities.

Referendum on Any Lease or Sale of Public Utility Property

SECTION 123. The board of supervisors shall have power to lease or sell any public utility or any part thereof; provided that any ordinance or other measure involving the lease or sale of any public utility or part thereof, except as provided in sections 92 and 93 of this charter, or any ordinance granting any new franchise for the operation of any public utility whose franchise has expired, or is about to expire, must be referred and submitted to a vote of the electors of the city and county at the election next ensuing not less than sixty days after the adoption of such ordinance, and shall not go into effect until ratified by a majority of the voters voting thereon.

Manager of Utilities and Other Executive Heads

SECTION 124. The public utilities commission shall appoint a manager of utilities who shall be the chief executive of the commission and shall, subject to the approval of the commission, have the management of all utilities, bureaus and operations under its jurisdiction. He shall be paid an annual salary of twelve thousand dollars (\$12,000.00). He shall hold office at the pleasure of the commission. Subject to the approval of the commission, he shall appoint or remove the heads of departments and bureaus under the commission, exclusive of the civil service provisions of this charter. The manager of utilities and the heads of departments and bureaus shall each possess the necessary executive, administrative and technical qualifications for their respective offices. The manager shall have full power to administer the affairs of the commission as chief executive officer and may, with the consent of the commission, act as the head of any department or bureau created by this charter or by the commission. The salaries of the manager and heads of separate utilities and bureaus shall not exceed prevailing salaries paid those holding similar positions in comparable private employment. See Digest—*Francis v. Leavy*, p. 134.

Employments

SECTION 125. All employees engaged in public utility work at the time this charter shall go into effect, and who have been permanently appointed to their respective positions in conformity with the civil service provisions of this charter, shall become employees of the public utilities commission under the classification held by each such em-

ployee at such time. All persons employed in the operating service of any public utility hereafter acquired by the city and county at the time the same is taken over by the city and county, and who shall have been so employed for at least one year prior to the date of such acquisition, shall be continued in their respective positions and shall be deemed appointed to such positions, under, and entitled to all the benefits of, the civil service provisions of this charter; provided, however, that no person who is not a citizen of the United States shall be so continued in or appointed to his position. All persons residing outside the city and county claiming the benefit of this provision and who are not engaged on such utility work outside of the limits of the city and county shall be allowed a reasonable time, not exceeding one year, to become residents of the city and county.

Persons employed as platform men or bus operators in the operating department of the municipal railway system shall be subject to the following conditions of employment: The basic hours of labor shall be eight hours, to be completed within ten consecutive hours; there shall be one day of rest in each week of seven days; all labor performed in excess of eight hours in any one day, or six days in any one week, shall be paid for at the rate of time and one-half.

Positions and employments in the municipal airport, which airport by this charter is placed under the jurisdiction of the public utilities commission, shall be continued and the employees thereof shall, subject to the approval of the commission, be appointed by and hold office at the pleasure of the manager of utilities. See Digest—*Francis v. Leavy*, p. 134; *Archer v. Civil Service Commission*, p. 136.

Legal Work of Commission

SECTION 126. The city attorney, as the legal adviser of the commission, may, with the approval of the commission, compromise, settle or dismiss any litigation or proceedings which may be pending for or on behalf of or against said commission relative to any matter or property under its jurisdiction. He shall detail to the commission such attorneys as the commission may deem necessary, subject to the approval of the commission as to each such attorney or assistant so assigned. The commission shall have authority, subject to the approval of the mayor, to appoint special counsel for temporary purposes. The compensation of all such attorneys shall be paid by the commission from the revenues of the utilities under its jurisdiction.

Operating Expenses and Reserves

SECTION 127. Receipts from each utility operated by the commission shall be paid into the city and county treasury and maintained in a separate fund for each such utility. Appropriations from such funds shall be made for the following purposes for each such utility in the order named, viz: (a) for the payment of operating expenses, pension charges, and proportionate payments to such compensation and other insurance and accident reserve funds as the commission may establish

or the board of supervisors may require; (b) for repairs and maintenance; (c) for depreciation as hereinafter described; (d) for the payment of interest and sinking funds on the bonds issued for acquisition, construction or extensions; (e) for extensions and improvements; and (f) for a surplus fund.

Depreciation

SECTION 128. For the purpose of providing funds for reconstruction and replacements due to physical and functional depreciation of each of the utilities under the jurisdiction of the commission, the commission must create and maintain a depreciation reserve fund for each such utility, sufficient for the purposes mentioned in this section, and in accordance with an established practice for utilities of similar character. The commission, on the basis of an appraisal of the estimated life and the then current depreciated value of the several classes of property in each utility, shall determine the amount of reasonable annual depreciation of such utility, which shall be the amount necessary to appropriate annually to provide for said reconstruction and replacement. At least every five years thereafter, the commission shall cause an examination to be made of the depreciation reserve funds of each such utility and the reconstruction and replacement expenditures therefrom. The commission, at the same time, shall make an appraisal or may revise the last preceding appraisal of the value and probable useful life of each of the several classes of property of each utility, and shall, on the basis of said appraisal redetermine the amount of the reasonable annual depreciation requirements of each utility. The commission shall pay monthly in cash into each such depreciation fund one-twelfth of the annual amount estimated on the basis herein provided as necessary to meet said depreciation, and each such depreciation fund shall be used for no other purpose. Pending the appraisal of properties as herein provided, there shall be paid each month one-twelfth of the annual amount estimated as necessary to provide for reconstruction and replacements on the basis of the past experience of each utility.

Utility Surpluses

SECTION 129. If any accumulation in the surplus fund of any utility shall, in any fiscal year, exceed 25 per cent of the total expenditures of such utility for operation, repairs and maintenance for the preceding fiscal year, such excess may be transferred by the board of supervisors to the general fund of the city and county, and such amount shall be deposited by the commission with the treasurer to the credit of such general fund.

Rates

SECTION 130. The commission shall have power to fix, change and adjust rates, charges or fares for the furnishing of service by any utility under its jurisdiction, and to collect by appropriate means all amounts due for said service, and to discontinue service to delinquent consumers and to settle and adjust claims arising out of the operation of any said utilities.

Rates may be fixed at varying scales for different classes of service or consumers. The commission may provide for the rendition of utility

service outside the limits of the city and county and the rates to be charged therefor which may include proportionate compensation for interest during the construction of the utility rendering such service.

Before adopting or revising any schedule of rates or fares, the commission shall publish in the official newspaper of the city and county for five days notice of its intention so to do and shall fix a time for a public hearing or hearings thereon, which shall be not less than ten days after the last publication of said notice, and at which any resident may present his objection to or views on the proposed schedule of rates, fares or charges.

Rates for each utility shall be so fixed that the revenue therefrom shall be sufficient to pay, for at least the succeeding fiscal year, all expenses of every kind and nature incident to the operation and maintenance of said utility, together with the interest and sinking fund for any bonds issued for the acquisition, construction or extension of said utility; provided that, should the commission propose a schedule of rates, charges or fares for said utility which shall not produce such revenue, it may do so with the approval of the board of supervisors, by a two-thirds vote and it shall thereupon be incumbent to provide by tax levy for the additional amount necessary to meet such deficit. All other changes in rates, charges or fares as proposed by the commission shall be submitted by the commission to the board of supervisors for approval, and, except as in this section otherwise provided, it shall require a two-thirds vote of the board of supervisors to reject the rate changes as proposed by the commission, and if so rejected, such proposed changes in schedules of rates, charges or fares shall be returned to the commission for revision. If the supervisors shall fail to act on any such proposed schedule within thirty days, the schedule shall thereupon become effective.

Street Railway 25-Year Operating Permit

SECTION 131. Any person, firm or corporation, hereinafter called declarant, engaged in operating a street railway in the City and County of San Francisco, may, at any time within twelve months after this section takes effect, make and file with the clerk of the board of supervisors of said city and county a written declaration of surrender to the City and County of San Francisco of all rights, franchises, privileges, permits or resolutions theretofore granted to or held by declarant, or its predecessors in interest, to operate said street railway under said rights, franchises, privileges, permits and resolutions over the streets, avenues and highways in the City and County of San Francisco set forth in said declaration of surrender, and, in consideration and by reason thereof, declarant shall, upon making and filing such declaration of surrender as aforesaid, immediately and automatically by operation of law and without further act on the part of such declarant or by the city and county, have and hold, in place thereof, an operating permit from the city and county giving and granting unto such declarant, its successors or assigns, the right, until such operating permit is revoked in the manner hereinafter set forth, to operate its cars by means of the overhead electric system, by cables running under the ground and moved

by stationary engines, or electric motors, or by such other means as the law may permit, and buses, over the streets and highways in the city and county set forth and enumerated in said declaration of surrender, whether under then existing franchises, or otherwise, and to conduct in the city and county the same railway business theretofore conducted therein by such declarant and, for that purpose, to have the use of the streets, roads, highways, and avenues in the city and county and of the same or like tracks, roadbeds, and other structures and rights of way therein, but upon all the terms and conditions contained in the rights, franchises, privileges, permits and resolutions existing as of February 15, 1929, and in the orders, resolutions and ordinances referred to in such declaration of surrender except that the term or condition as to the period of duration of any right, franchise, privilege, permit or resolution applicable to any operating permit or to any right thereunder, shall be for twenty-five years from the date of the filing of the declaration of surrender by declarant herein referred to. Said permit shall apply only to streets, avenues or highways over which the declarant operated its railway at any time during the year 1930.

The provisions of this section shall not apply to the franchises granted under the following named ordinances of the city and county, namely, Ordinance Number 288 (New Series) approved October 17, 1907, and Ordinance Number 425 (New Series) approved May 12, 1908, commonly known as the Parkside franchises, and Ordinance Number 1196 (New Series) approved June 14, 1910, commonly known as the Gough Street franchise, and Ordinance Number 1460 (New Series) approved January 23, 1911, commonly known as the Parnassus and Ninth Avenue franchise, nor to that portion of the franchise granted under Order Number 1532, approved November 28, 1879, for the operation of a railway on Howard street from Steuart street to Twenty-sixth street, nor to that portion of the franchises granted under Order Number 1890, approved December 27, 1886, for the operation of a railway commencing at the intersection of Post street with Market street, thence along and upon Post street to Leavenworth street.

Such declaration of surrender shall be executed by the declarant and acknowledged and certified in the manner provided by law for the conveyances of real property. Upon the presentation to the clerk of the board of supervisors of such declaration of surrender executed, acknowledged and certified, as aforesaid, it shall be the duty of the clerk of the board of supervisors to file the same and to endorse thereon the fact and date of such filing and to sign such endorsement and to deliver to the declarant a true and correct copy of such declaration of surrender so filed with him, with his certificate attached thereto signed by him and attested by the seal of the city and county to the effect that the same is a true and correct copy of the declaration of surrender so filed with him and stating therein the date of such filing and the name of the declarant executing such declaration and such certificate shall be conclusive evidence of the facts therein recited.

Every permit, given and granted as in this section provided, shall be for the period of twenty-five years, as hereinbefore stated, and shall be subject always to the right of the city and county at any time to acquire

and possess the operative railway property of the holder of said permit upon paying the fair value therefor, hereinafter referred to as compensation.

The compensation to be paid for the property to be acquired, as aforesaid, shall be fixed and determined by agreement by and between the owner of such property and the board of supervisors, authorized by ordinance, or by the owner of such property and any other governmental body with legal and proper authority, and, in case of their failure to agree, the said compensation to be paid as aforesaid shall be fixed in any manner provided by law, whether by condemnation proceedings in the exercise of the power of eminent domain or otherwise. The compensation herein referred to shall not include any claim for going concern value or any other like intangible by any declarant.

Whenever the city and county desires to acquire said railway property, the city and county shall give the holder of said permit written notice, duly authorized by ordinance, of its intention to take over and acquire said properties on a date to be stated in said notice, but in no event less than three months nor more than fifteen months from the date of said notice; and, upon payment or tender of said compensation on the date so noticed, together with compensation for the cost, less accrued depreciation, of any additions or betterments to said property since the date of filing said declaration of surrender, said permit shall be thereby revoked and the holder thereof shall immediately deliver said property to the city and county, and transfer the same by appropriate deeds of grant, bargain and sale, and other assurances of title.

Failure of the city and county to pay or tender said compensation, as aforesaid, shall not prevent said city and county from thereafter, at such time as it shall deem proper, taking proceedings to purchase, acquire and possess said operative properties, as in this section provided.

None of the provisions of this charter concerning or relating to the granting of franchises to operate street railways shall be applicable to the permits given and granted under the provisions of this section or under the provisions of section 132 of this charter or to any right thereunder, it being the purpose and intention of said two sections to provide for permits and rights thereunder which can be used and exercised by the holder thereof, its successors or assigns, without reference to any of the terms or conditions under which franchises may be granted under this charter, until such time as the city and county shall purchase, take over and acquire the operative railway property of such holder.

Street Railway Extensions and Abandonments

SECTION 132. The board of supervisors shall have power to grant by ordinance to any holder of a permit, secured as provided in section 131 of this charter, supplemental permits authorizing such holder, its successors or assigns, to construct and operate in conjunction with its existing lines upon, over or under any of the streets, roads, highways, and avenues of the city and county, an extension or extensions of an existing street railway or bus line in the same manner and subject to the same terms and conditions under which said line from which it is proposed to make the extension, is operated, when such supplemental permit is

granted. Every such supplemental permit shall expire concurrently with the permits granted upon the filing of the declaration of surrender provided in section 131 of this charter, and shall be subject always to the aforesaid right of the city and county to acquire and possess the operative railway property of the holder of such supplemental permit as provided in section 131 of this charter. No line of street railway in the city and county, or any portion thereof, operated under authority of any permit, authorized by the provisions of this charter, shall be abandoned unless the holder of such permit shall, by written petition to the board of supervisors, request authority to make such abandonment, and unless the board of supervisors, upon receiving such a petition, shall authorize such abandonment by ordinance and shall first find that the public interest will not be injured or suffer by such abandonment and shall so recite in the ordinance authorizing such abandonment.

Regulation of Street Railways

SECTION 133. The public utilities commission, subject to the provisions, limitations and restrictions in this charter contained, shall have power to regulate street railroads, cars and tracks; to permit two or more lines of street railways operating under different management to use the same street, each paying an equal portion for the construction and repair of the tracks and appurtenances used by the said railways jointly for such number of blocks consecutively, not exceeding ten blocks; to regulate rates of speed and propose such ordinances to the board of supervisors as are necessary to protect the public from danger or inconvenience in the operation of such roads.

No person, firm or corporation shall ever be granted the exclusive right to operate a street or other railroad through, in or under any tunnel, subway or viaduct constructed or acquired by the levy, in whole or in part, of special assessment upon private property for such construction or acquisition. Two or more lines of street railways operated under different management may use such tunnel, subway or viaduct for the entire length thereof and for five consecutive blocks approaching each end thereof, each management paying an equal portion of the expense for the construction, maintenance and repairs of the tracks and appurtenances used by said railways jointly. The city and county in the operation of a municipal railway may use any such tunnel, subway or viaduct either singly or jointly with any privately operated railway for the entire length thereof and for any number of blocks approaching each end thereof; and in case of joint use of tracks, shall pay an equal portion of the expense for the construction, maintenance and repairs of the tracks and appurtenances used by said railways jointly.

SCHOOLS

The Board of Education

SECTION 134. All of the public schools of the school district of the city and county shall be under the control and management of a board of education, composed of seven commissioners, who shall be nominated by the mayor and be subject to confirmation or rejection by vote of the electors as in this section provided, and who shall be subject to recall, and to suspensions and removal in the same manner as

elective officers, as provided by this charter. The term of each member shall be five years, commencing on the 8th day of January following their respective nominations, provided that each such five-year term shall begin at the expiration of the respective terms of members as existing at the time this charter shall go into effect. The compensation of each member shall be fifteen dollars (\$15.00) per day when the board is in session and ten dollars (\$10.00) per day while engaged in committee work under the direction of the board, provided that the total amount for such session and committee work for the whole board shall not exceed six thousand dollars (\$6,000.00) for any fiscal year, and that only those actually attending a session or doing such committee work shall be entitled to compensation therefor.

Nominations of members of the board of education shall be made, subject to confirmation by the electors, by the filing by the mayor, with the registrar of voters between the 1st and the 10th day of September in each year prior to the expiration of the term or terms of members, the name of one qualified citizen, or two, as the case may be, to serve as a member or members, respectively, of said board for the regular term or terms commencing on the 8th day of January in the succeeding year.

The form of ballot shall be as provided in section 184 of this charter and if a majority of the qualified electors voting on said nomination or nominations shall vote in favor thereof, said nomination shall be confirmed and the person or persons named shall take office on the 8th day of January next following. If a majority of the electors vote "No," the nomination shall stand rejected, and such person shall not be eligible for nomination as a member of the board of education for a period of at least three years. Vacancies occurring on said board shall be filled by the mayor for the unexpired terms.

Powers and Duties of Board of Education

SECTION 135. In addition to the powers conferred by the general laws of the state and other provisions of this charter, the board of education shall have power to establish and maintain such schools as are authorized by the laws of the state as the board may determine, and to change, modify, consolidate or discontinue the same as the public welfare may require.

The board shall also have power to employ such teachers and other persons as may be necessary to carry into effect its powers and duties; to fix, alter and approve their salaries and compensations, except as in this charter otherwise provided, and to withhold for good and sufficient cause the whole or any part of the wages, salary, or compensation of any person or persons employed as aforesaid; and to promote, transfer and dismiss teachers, but no teacher shall be dismissed from the department except for insubordination, immoral or unprofessional conduct, or evident unfitness for teaching. Appointment, promotion, assignment and transfer of deputy superintendents, principals, assistants, teachers and all other certificated employees shall be made by the board of education upon the recommendation of the superintendent of schools. All promotions of teachers shall be based solely on

merit. Nothing in this section shall be construed to prevent the board from removing teachers as provided in this charter and the laws of the state. Charges against teachers must be made in writing by the superintendent after investigation and shall be finally passed upon by the board after giving the accused teacher a fair and impartial hearing before said board.

All teachers, heads of departments, vice-principals, principals, supervisors and directors shall be classified as permanent employees in their respective positions after they have been successfully employed in such positions in the school department for a probationary period of three years. In the absence of any action to the contrary by the board of education at the end of the third year of such employment, the classification shall be considered as permanent. A deputy superintendent shall be classified as a permanent employee in such position in the school department in which he was permanently employed immediately prior to his appointment as deputy.

Non-teaching and non-technical positions, and positions not required by law to be filled by a person holding a teaching or other certificate as required by law, shall be employed under the civil service provisions of this charter and the compensations of such persons shall be fixed in accordance with the salary standardization provisions of this charter.

The board of education shall have power to grant and to renew, and, for insubordination, immoral or unprofessional conduct, or unfitness for teaching, to revoke teachers' certificates.

The board shall establish regulations subject to the approval of the controller for the disbursement of all moneys belonging to the school department or the school fund or funds, and to secure strict accountability in the expenditure thereof, and to provide for the prompt payment of all salaries due and allowed to officers, teachers and other employees of the school department.

The board shall, between the 1st and 21st days of May of each year, adopt a schedule of salaries for the next ensuing fiscal year for teachers and other employees of the school department. Compensations of non-teaching and non-technical employees shall be fixed in accordance with the salary standardization provisions of this charter. See Digest—*Anderson v. Board of Education*, p. 132.

Superintendent of Schools

SECTION 136. The superintendent of schools shall be the executive officer of the board of education. He shall be appointed by said board to serve at its pleasure, and he shall receive such salary as may be fixed by the board. He shall have the powers and duties specified by this charter for department heads, in addition to such powers and duties as are fixed by general law.

The positions of superintendent and deputy superintendent shall be held only by persons of expert or technical training, but shall not be subject to any provisions of this charter prescribing a residence qualification for officers or appointees, provided, however, that during their incumbency appointees to such positions shall reside in the city and

county, and in case any appointee shall fail so to do, his appointment shall at once be revoked by the board.

Deputy Superintendents

SECTION 137. The superintendent shall appoint such deputy superintendents as shall be authorized by the board of education, and in case of vacancy, such vacancy shall be filled by the superintendent. Such appointments of deputy superintendents shall require the confirmation of the board of education and the appointees shall serve during the pleasure of the superintendent and the board of education. Deputy superintendents shall have had at least five years' experience as teachers. Should it be advantageous to appoint one or more deputy superintendents to supervise a special line of educational work, such appointment may be made regardless of teaching experience by an affirmative vote of five members of the board, but the appointee must have had five years experience in the line of work which he will be called upon to supervise.

Duties of Superintendent

SECTION 138. In addition to the duties imposed by the general laws of the state, it shall be the duty of the superintendent to observe and enforce the regulations of the board of education and to see that no religious or sectarian books or teachings are allowed in the schools; to report to the board of education annually, on or before the first day of October, and at such other times as the board may require, all matters pertaining to the condition and progress of the public schools of the city and county during the fiscal year, with such recommendations as he may deem proper; to inform the board of the condition of schools, school houses and of other matters connected therewith, and to recommend such measures as he may deem necessary for the advancement of education in the city and county and for the care and improvement of the property of the school department; to visit and examine, with the assistance of his deputies, all the schools at least twice a year and determine their condition and needs and to report to the board once a month upon the standing of schools examined by him and his deputies; to recommend rules for the promotion of pupils from grade to grade, from school to school, and for the transfer and graduation of pupils; to recommend to the board the courses of study, the text books and books for supplementary use in the public schools, and the purchase of such apparatus, books, stationery and other classroom supplies as may be required in the schools.

City Board of Examination

SECTION 139. The superintendent and the deputies shall constitute the city board of examination and shall have power to recommend to the board of education the issuance of teachers' certificates in accordance with the laws of the state, and, for immoral or unprofessional conduct, profanity, intemperance or evident unfitness for teaching, to recommend to the board of education the revocation of any certificates previously granted by the board.

CIVIL SERVICE

Civil Service Commission

SECTION 140. There is hereby established a civil service commission which is charged with the duty of providing qualified persons for appointment to the service of the city and county. All appointments in the public service shall be made for the good of the public service and solely upon merit and fitness, as established by appropriate tests, without regard to partisan, political, social or other considerations.

The civil service commission shall consist of three members, appointed by the mayor. The commissioners in office at the time of the adoption of this charter shall continue in office until the expiration of the terms for which they were appointed, and their successors shall be appointed for terms of six years beginning on the first day of July of each odd-numbered year. The persons so appointed shall, before taking office, make under oath and file in the office of the county clerk the following declaration: "I am opposed to appointments to the public service as a reward for political activity and will execute the office of civil service commissioner in the spirit of this declaration." A commissioner may be removed only upon charges preferred, in the same manner as in this charter provided for elective officers. Each of the commissioners shall receive a monthly salary of one hundred dollars (\$100.00).

The commissioners shall appoint a secretary, who shall be the executive officer of the commission.

Special meetings of the commission for the purpose of considering and adopting examination questions shall not be open to the public.

Powers and Duties

SECTION 141. The civil service commission shall be the employment and personnel department of the city and county and shall determine appointments on the basis of merit and fitness, as shown by appropriate tests. The commission shall classify, and from time to time may re-classify, in accordance with duties and responsibilities of the employment, and training and experience required, all places of employment in the departments and offices of the city and county not specifically exempted by this charter from the civil service provisions thereof, or which may be created hereafter by general law and not specifically exempted from said civil service provisions. The commission shall likewise classify all other positions or other places of employments in the city and county service specifically exempted from the civil service provisions of this charter, but which, by the provisions of section 151, thereof, are made subject to classification for salary standardization purposes on the basis of duties and responsibilities of the employment, and training and experience required. The civil service commission shall be the judge of such classification.

The commission shall also, in accordance with duties and responsibilities, allocate, and from time to time may reallocate, the positions to the various classes of the classification. The allocation or re-allocation of a position shall not adversely affect the civil service rights of an occupant regularly holding such position. No person shall hold a position outside of the classification to which he has been appointed, provided that every employee of any department or office shall discharge

any of the duties pertaining to such department or office to which his chief may temporarily assign him.

The class titles and class numbers assigned to positions by the commission shall be used in all records, reports, statements and communications, including the compensation schedule, annual budget and salary ordinance, payrolls, and appropriation ordinances.

The commission shall adopt rules to carry out the civil service provisions of this charter and, except as otherwise provided in this charter, such rules shall govern applications; examinations; eligibility; duration of eligible lists; certification of eligibles; appointments; promotions; transfers; resignations; lay-offs or reduction in force, both permanent and temporary, due to lack of work or funds, retrenchment, or completion of work; the filling of positions, temporary, seasonal and permanent; classification; approval of payrolls; and such other matters as are not in conflict with this charter. The commission may, upon one week's notice, make changes in the rules, which changes shall thereupon be published, and be in force; provided that no such change in rules shall affect a case pending before the commission. The secretary may certify eligibles and payrolls and conduct examinations under the rules of the commission.

The commissioners shall have power to institute and prosecute legal proceedings for violations of any of the civil service provisions of this charter.

Positions

SECTION 142. All positions in all departments and offices of the city and county, including positions created by laws of the State of California, where the compensation is paid by the city and county, shall be included in the classified civil service of the city and county, and shall be filled from lists of eligibles prepared by the civil service commission, excepting (1) positions in which attorneys and physicians are employed in their professional capacity to perform only duties included in their professions, but exclusive of any administrative or executive position for which such professional status constitutes only part of the qualifications therefor; (2) inmate or institutional help, or part-time services, where the compensation including the value of any allowances in addition thereto is less than eighty dollars (\$80.00) per month; and (3) persons employed in positions outside the city and county upon construction work being performed by the city and county when such positions are exempted from said classified civil service by an order of the civil service commission; and (4) persons employed in positions in any department for expert professional temporary services, and when such positions are exempted from said classified civil service for a specified period of said temporary service, by order of the civil service commission; and (5) such positions as, by other provisions in this charter, are specifically exempted from, or where the appointment is designated as exclusive of, the civil service provisions of this charter.

The civil service rights, acquired by persons under the provisions of the charter superseded by this charter, shall continue under this charter.

Where existing positions that have heretofore been exempt from civil service examinations are now made subject to examination by this

charter, the incumbents of such positions who have held such positions for a period of one year continuously next preceding the time that this charter shall go into effect, shall be continued in their positions as if appointed thereto after examination and certification from a list of eligibles and shall be governed thereafter by the provisions of this charter.

Any person holding a salaried office under the city and county, whether by election or appointment, who shall, during his term of office, hold or retain any other salaried office under the government of the United States, or of this state, or who shall hold any other salaried office connected with the government of the city and county, or who shall become a member of the legislature, shall be deemed to have thereby vacated the office held by him under the city and county. *Ratified by the Legislature*, Jan. 12, 1933. See *Digest—McGillicuddy v. Civil Service Commission*, p. 133; *Cutting v. McKinley*, p. 133; *Archer v. Civil Service Commission*, p. 136.

Creation of Positions

SECTION 143. Positions in any department or office of the city and county may be created, as provided by this charter, by appropriation ordinance of the board of supervisors. Copy of each such ordinance creating or abolishing positions shall be filed, on the approval thereof, with the civil service commission by the clerk of the board of supervisors. Before the appointing officer shall make recommendation for the creation of any new or additional position in any department or office, he shall request and receive from the commission the proper designation and classification of such position based on the duties and responsibilities thereof, and if such position is included in the classified civil service, the commission may, in writing, express to the appointing officer its opinion as to whether or not such position is needed.

Immediate notice in writing shall be given to the civil service commission by the appointing officer of each department and office of the city and county of the creation or abolition of any position, or of any change in duties if the position is included in the classified civil service, or of any appointment, resignation, suspension, dismissal or other creation of vacancy therein, with the date of any such change. If said appointing officer is also empowered to establish compensation rates or make changes therein, he shall notify the commission of any such rate or change therein. The commission shall maintain a record of all such notifications.

The term "appointing officer" as used in this charter shall also include any board or commission in the exercise of its power to appoint a department head or other officer or employee designated by this charter as appointive by such board or commission.

Applications

SECTION 144. Any citizen having the qualifications prescribed by section 7 of this charter may submit himself for any examination under conditions established by the civil service commission. The commission shall advertise in the official paper the time, place and general scope of all examinations for entrance into the public service and may take further appropriate means to interest suitable applicants. When examinations for promotion are to be held, the commission shall give notice thereof to all persons in positions entitling them under the civil service

rules, to participate in such examination, by posting information thereof in the office of the commission for a period of ten days and notifying the departments concerned.

Qualifications and Tests

SECTION 145. All applicants for places in the classified service shall submit to tests, which shall be competitive and without charge to the applicants. The commission shall control all examinations and may employ suitable persons in or out of the public service to act as examiners. The tests may be written, oral, mechanical or physical, or any combination of them, practical in character and related to matters fairly to test the relative capacity of applicants for the positions to be filled. The commission shall be the sole judge of the adequacy of the tests to rate the capacity of the applicants to perform service for the city and county. The commission may, for each examination, establish a passing mark or may determine the total number of persons who shall constitute the list of eligibles. The commission shall prepare from the returns of the examiners the list of eligibles, arranged in order of relative excellence. No question submitted to applicants shall refer to political or religious opinions or fraternal affiliations.

Applicants for entrance positions in the uniformed forces of the fire and the police departments shall be not less than twenty-one years of age, nor more than thirty-five years of age at the time of appointment and shall have the physical qualifications required for enlistment in the United States Army, Navy and Marine Corps.

Applicants for positions in the mechanical trades and occupations may, in the discretion of the commission, be rated solely on experience and physical qualifications which may be demonstrated by such evidence and in such manner as the commission may direct, and such applicants may be permitted to such further tests as the commission may require. Examinations of laborers shall relate only to physical qualifications and experience, and laborers establishing their fitness shall rank upon the register in order of priority of application.

The commission may remove all names from the list of eligibles after they have remained thereon for more than two years and all names thereon shall be removed at the expiration of four years. The commission may, however, provide in the scope-circular of any examination that the list of eligibles secured thereby shall automatically expire at a date not less than two or more than four years after the adoption of such list.

Veterans with thirty days or more actual service, and widows of such veterans, who become eligible for appointment by attaining the passing mark in any examination, shall be allowed an additional credit of 5 per cent in making up the list of eligibles secured by such examination. The term "veteran" as used in this section shall be taken to mean any person who has been mustered into, or served in, the Army, or enlisted in, or served in, the Navy or Marine Corps, of the United States, in time of war and received an honorable discharge or certificate of honorable active service. In the case of promotive examinations, when the passing mark has been attained, a credit of 3 per cent shall be allowed to veterans or to widows of such veterans.

No more than one such entrance preference, or one such promotive preference may be allowed to any one person. The civil service commission may, for services or employment specified by the commission, allow general or individual preference, but not less than 10 per cent, for entrance appointment of veterans who have suffered permanent disability in line of duty, provided that such disability would not prevent the proper performance of the duties required under such service, or employment, and provided that such disability is of record in the United States Veterans Bureau.

Promotions

SECTION 146. Whenever it deems it to be practicable, the commission shall provide for promotion in the service on the basis of such examinations and tests as the commission may deem appropriate, and shall, in addition, give consideration to ascertained merit and records of city and county service of applicants. The commission shall announce in the examination scope circular the next lower rank or ranks from which the promotion may be made. All promotions in the police and fire departments, respectively, shall be made from the next lower rank on the basis of examinations and tests, seniority of service and meritorious public service being considered.

No Aid, Hindrance, Fraud or Collusion Permitted

SECTION 147. No person or officer shall, by himself or in cooperation with other persons, defeat, deceive or obstruct any person in respect to his or her right of examination; or falsely mark, grade, estimate or report upon the examination or proper standing of any person examined hereunder, or aid in so doing; or make any false representations concerning the same, or concerning the person examined; or furnish to any person any special or secret information for the purpose of either improving or injuring the prospects or chances of any person of being appointed, employed or promoted.

Any eligible securing standing on a list by fraud, concealment of fact or violation of commission rules shall be removed from such list and if certified or assigned to a position shall be removed therefrom.

Requisition, Certification and Appointment

SECTION 148. Whenever a position controlled by the civil service provisions of this charter is to be filled, the appointing officer shall make a requisition to the civil service commission for a person to fill it. Thereupon, the commission shall certify to the appointing officer the name and address of the person standing highest on the list of eligibles for such position. In case the position is promotive, the commission shall certify the name of the person standing highest on such list. In making such certification, sex shall be disregarded except when a statute, a rule of the commission or the appointing officer specifies sex.

From the requisition of the appointing officer or otherwise, the commission shall determine whether the position is, in character, temporary, seasonal or permanent, and shall notify the candidate in accordance therewith to the end that the candidate may have knowledge of the probable duration of employment. The commission shall provide for such waiver of temporary or seasonal employment as it may deem just to candidates.

Any appointment to a position declared permanent by the commission shall be on probation for a period of six months. At any time before the expiration of six months the appointing officer may terminate the appointment. The commission shall inquire into the circumstances and may declare such person dismissed, or may return the name to the list of eligibles for certification to another department. Immediately prior to the expiration of the six months' probationary period, the appointing officer shall report to the civil service commission as to the competence of the probationer for the position and, if competent, shall recommend permanent appointment.

Emergency Appointments

SECTION 149. When no list of eligibles is available for a position in the class requisitioned by the appointing officer, the commission may certify for civil service temporary appointment an eligible from another list deemed by the commission to be suitable to temporarily provide the service desired; or may authorize the appointing officer to make a non-civil service emergency appointment thereto for a period not exceeding ninety days and only until a regular appointment under the provisions of this charter can be made. If a non-civil service emergency appointment is authorized, the commission shall immediately hold an examination and establish an eligible list for such position. If its annual appropriation is insufficient to meet the cost of said examination, it shall report to the mayor the estimated cost thereof, and the mayor shall request and the supervisors shall make supplemental appropriation therefor in the manner provided herein for supplemental appropriations. No person shall be compensated under any non-civil service emergency appointment or appointments as authorized under the provisions of this paragraph for a period exceeding ninety days in any fiscal year, and no claim or warrant therefor shall be approved, allowed or paid for any compensation in excess of such ninety days.

Whenever the board of supervisors by a three-fourths vote of all its members shall declare that an unemployment emergency exists throughout the city and county because of extraordinary conditions due to unemployment, and shall fix the period during which such unemployment emergency shall be officially recognized, the civil service commission shall then have power to exempt from civil service examinations during such emergency period all places of employment that may be created by special appropriation to relieve such unemployment emergency; provided, that no action shall be taken under the provisions of this paragraph that will adversely affect the rights of civil service eligibles for employment in the usual temporary and permanent positions that are provided for in the Annual Salary Ordinance. The civil service commission shall adopt special rules for the government of appointments to the emergency positions that may be created under the authority of this paragraph. *Ratified by the Legislature, January 12, 1933.*

Verification of Payrolls

SECTION 150. All personal services shall be paid by warrants on the basis of a claim, bill, timeroll or payroll approved by the head of the department or office employing such service. The claims, bills or pay-

olls, hereinafter designated as payrolls, for salaries, wages or compensation for personal services of all officers, assistants and employees of every class or description, without regard to the name or title by which they are known, for each department or office of the city and county shall be transmitted to the civil service commission before presentation to the controller.

The secretary of the commission shall examine and approve such payroll for all persons legally appointed to or employed in positions legally established under this charter. The payrolls thus approved, with notation of any item thereof disapproved, shall be then certified by the secretary of the commission and transmitted by him to the controller. The controller shall not approve and the treasurer shall not pay any claim for personal services, or pay check or warrant for salary, wages or compensation unless the same shall have been approved by the said secretary.

For the purpose of the verification of claims, bills, timerolls, or payrolls, contractual services represented by teams or trucks hired by any department head or other officer of the city and county shall be considered in the same manner as personal service items and shall be included on payrolls as approved by said department heads or other officers, and shall be subject to examination and approval by the secretary of the civil service commission and the controller in the same manner as payments for personal services.

The salary, wage or other compensation fixed for each officer and employee in, or as provided by this charter, shall be in full compensation for all services rendered, and every officer and employee shall pay all fees and other moneys received by him, in the course of his office or employment, into the city and county treasury except as provided in section 32 of this charter.

No officer or employee shall be paid for a greater time than that covered by his actual service.

Standardization of Compensations

SECTION 151. The board of supervisors shall have power and it shall be its duty to fix by ordinance from time to time, as in this section provided, all salaries, wages and compensations of every kind and nature, except pension or retirement allowances, for the positions, or places of employment, of all officers and employees of all departments, offices, boards and commissions of the city and county in all cases where such compensations are paid by the city and county.

Compensations specified in this charter shall not be subject to the provisions of this section. Compensations of the teaching and other technical forces of the school department, librarians and technical assistants of the library department, employees of the California Palace of the Legion of Honor, the M. H. de Young Memorial Museum, Steinhart Aquarium, park and law library departments, construction employees engaged outside of the city and county, part-time employees, and inmate and institutional help receiving less than fifty dollars (\$50) per month, shall be fixed by the department head in charge thereof, with the approval of the board or commission, if any, in charge of the department concerned and subject to the budget and appropriation pro-

visions of this charter; provided that part-time employees shall be recorded as such by a department head, only with the approval of the civil service commission and, when so recorded, shall be noted as part-time on payrolls, budget estimates, salary ordinances and similar documents.

In fixing schedules of compensation, as in this section provided, the board of supervisors, through the civil service commission, shall cause a schedule of compensations to be proposed, based upon the classification as provided in section 141, under which like compensation shall be paid for like service, with due regard to the seniority of the personnel included in each class, and with regard also to other compensations in the city and county service not subject to salary standardization. Such compensations shall be not higher than prevailing rates for like service and working conditions in private employment or in other comparable governmental organizations in this state.

The board of supervisors may approve, amend or reject the schedule of compensations proposed by the civil service commission; provided that any proposed amendment by the board of supervisors shall, before adoption, be referred to the civil service commission for report as to what other changes, and the cost thereof such proposed amendment would require to maintain an equitable relationship with other rates in such schedule.

Where any compensation paid on January 1, 1931, is higher than the standard compensation fixed as provided in this section for such position or employment, said compensation shall be continued to the incumbent of such position as long as he legally holds said position, and department heads, in cooperation with the civil service commission where said commission has jurisdiction, shall continuously offer all possible opportunities to said incumbents to assume duties and responsibilities in higher classifications consistent with the higher rates of compensation hereby continued. New entrants to such positions shall be paid at the rates fixed for such duties, responsibilities and positions by the schedule of compensations hereinbefore in this section referred to.

Pending the adoption of salary standards as provided in this section, no increases in compensation shall be allowed other than as authorized in section 71 of this charter.

Where compensations for services commonly paid on an hourly or a per diem basis are established on a weekly, semi-monthly or monthly salary basis for city and county service, such salary shall be based on the prevailing hourly or per diem rate, where this can be established, and the application thereto of the normal or average hours or days of actual working time, in the city and county service, including an allowance for annual vacation. Every person employed in the city and county service shall, after one year's service, be allowed a vacation with pay of two calendar weeks, annually, as long as he continues in his employment. See Digest—*Francis v. Leavy*, p. 134; *King v. Leavy*, p. 136.

Service Records

SECTION 152. The civil service commission shall establish an inspection service for the purpose of investigating the conduct of and action of appointees in all positions and of securing records of service for

promotion and other purposes. All departments shall cooperate with the commission in making its investigations and any person hindering the commission or its agents shall be subject to suspension.

Leaves of Absence

SECTION 153. Leaves of absence to officers and employees of the city and county shall be governed by rules established by the civil service commission, provided that leave of absence to any officer or employee for the purpose of leaving the city and county, taking a position outside of the city and county service, or accepting a position in some department or office of the city and county other than the one in which he is employed and where the duties are in no way related to the duties covered by his civil service classification, shall be limited to six months; and provided, further, that no limit shall be placed on a leave of absence granted to enable an officer or employee to accept promotion to a non-civil service position in the same department in which he holds civil service status, or promotion to co-related work in another department or office of the city and county.

Leaves of absence shall be granted to officers, employees and persons on eligible lists for terms of service in the army, the navy or the marine corps, in time of war and for such time thereafter as may be provided by rule of the commission, but not to exceed two years after the proclamation of peace, except in case of disability incurred in line of duty, when such disability shall extend beyond such period. If a person on such leave has been appointed to a permanent position, he shall be entitled to resume such position at the expiration of his leave, and if any civil service rights accrue to any appointee by reason of seniority, the term of service shall be reckoned a part of his service under the city and county, exclusive of service under the retirement provisions of this charter. If persons on such leave have standing on an eligible list, they shall retain their places thereon, and upon presenting an honorable discharge from such wartime service shall be preferred for appointment in the order of standing upon such register at the time of enlistment and before candidates securing standing through an examination held subsequent to such enlistment.

The civil service commission, by rule and subject to the approval of the board of supervisors by ordinance, shall provide for leaves of absence due to illness or disability, which leave or leaves may be cumulative, if not used as authorized, provided that the accumulated unused period of sick leave shall not exceed six months, regardless of length of service, and provided further that violation or abuse of the provisions of said rule and ordinance by any officer or employee shall be deemed an act of insubordination and inattention to duties.

Suspension and Dismissal for Cause

SECTION 154. No person employed under the civil service provisions of this charter, exclusive of members of the police and fire departments as provided under section 155, hereof, in a position defined by the commission as "permanent" shall be removed or discharged except for cause, upon written charges, and after an opportunity to be heard in his own defence. Pending such hearing, the appointing officer may suspend the

person so accused; but such suspension shall not be valid for more than thirty days, unless hearing upon the charge shall be delayed beyond such time by the act of the accused person. When charges are made, the appointing officer shall, in writing, notify the person accused of the time and place when the charges will be heard, by mailing such statement to his last known address. The appointing officer shall publicly hear and determine the charges, and may exonerate, suspend or dismiss the accused. The civil service commission shall immediately be notified of the charges when made, of the hearing, and of the finding thereon. The finding of the appointing officer shall be final, unless within thirty days therefrom the dismissed employee appeals to the civil service commission. The appeal and all proceedings shall be in writing and shall briefly state the grounds therefor. The civil service commission shall examine into the case and may require the appointing officer to furnish a record of the hearing and may require in writing any additional evidence it deems material, and may, thereupon, make such decision as it deems just. The order or decision of the commission upon such appeal shall be final and shall forthwith be enforced by the appointing officer. If the civil service commission shall reverse or alter the finding of the appointing officer it may, in its discretion, order that the employee affected be paid salary from the time of his discharge or suspension.

The civil service commission may hear and determine any charge filed by a citizen or by the authorized agents of the commission when the appointing officer neglects or refuses to act. Removal or discharge may be made for any of the following causes: incompetence, habitual intemperance, immoral conduct, insubordination, discourteous treatment of the public, dishonesty, inattention to duties, or engaging in prohibited political activities.

Nothing in this section shall limit or restrict rules adopted by the commission governing lay-offs or reduction in force.

The appointing officer may, for disciplinary purposes, suspend a subordinate for a period not exceeding thirty days; and suspension shall carry with it the loss of salary for the period of suspension.

Fire and Police Disciplinary Procedure

SECTION 155. Members of the fire or the police department guilty of any offense or violation of the rules and regulations of their respective departments, shall be liable to be punished by reprimand, or by fine not exceeding one month's salary for any offense, or by suspension for not to exceed three months, or by dismissal, after trial and hearing by the commissioners of their respective departments.

Members of either department shall not be subject to dismissal, nor to punishment for any breach of duty or misconduct, except for cause, nor until after a fair and impartial trial before the commissioners of their respective departments, upon a verified complaint filed with such commission setting forth specifically the acts complained of, and after such reasonable notice to them as to time and place of hearings as such commission may, by rule, prescribe. The accused shall be entitled, upon hearing, to appear personally and by counsel; to have a public trial; and

to secure and enforce, free of expense, the attendance of all witnesses necessary for his defense.

Transfer of Disabled

SECTION 156. When a civil service employee other than a member of the police and fire department, who has served not less than three years in his position has become incapable through age, accident or other disability of performing the duties of his position, the civil service commission may, with the consent of the appointing officer, transfer him to a position within his capacities, whether or not within the class for which he qualified for appointment; but such position shall be one having a lesser compensation than the one from which he may be transferred, and his compensation shall not thereafter be increased.

Prohibition of Political Activity

SECTION 157. Active participation in city and county politics, relative to the election or appointment of public officials, by civil service employees and eligibles of the city and county, is subversive of the best interests of the merit system and, therefore, persons holding positions in the classified civil service or on eligible lists for such positions shall take no active part in such political campaigns, or in soliciting votes, or in levying, contributing or soliciting funds or support, in each case for the purpose of favoring or hindering the appointment or election of candidates for city and county offices. Violation of the provisions of this section shall be deemed an act of insubordination and considered good cause for suspension or dismissal from position or removal from eligible list.

PENSIONS AND RETIREMENT

Retirement System for Officers and Employees

SECTION 158. In order to continue in force, with modifications as are set forth in this charter, provisions already existing for retirement and death benefits for officers and employees of the city and county, the San Francisco City and County Employees' Retirement System, hereinafter referred to as the retirement system or the system, is hereby created. Elective officers and members of boards and commissions shall not be eligible to the benefits of said retirement system. Officers who are made appointive by this charter, as well as officers and employees of offices heretofore not under the retirement system and who are brought under the said system by this charter, who shall have attained the age of at least seventy years on the date said charter becomes effective, shall not become members of the retirement system. Such officers and employees who shall not have attained the age of seventy years on such date shall become members of said retirement system on the date this charter becomes effective and any benefits granted on account of service excluding service rendered as lawful members of the retirement system, rendered by said officers and employees to the city and county prior to such date shall be provided by contributions of the city and county.

Ordinance No. 5561 (New Series) and amendments thereto, now establishing the employees' retirement system, shall continue in force until

amended or revoked by the board of supervisors as provided in this section. The board of supervisors is hereby empowered to enact, by a vote of three-fourths of its members, any and all ordinances necessary to carry into effect the provisions of sections 158 to 172, both inclusive, of this charter; provided that the board of supervisors shall secure, through the retirement board, an actuarial report of the cost and effect of any proposed change in the benefits under the retirement system, before enacting an ordinance or before voting to submit any proposed charter amendment providing for such change.

Retirement Board

SECTION 159. The retirement system shall be managed by a retirement board, which is hereby created, and which shall be the successor and have the powers and duties of the board of administration, the board of trustees of the police relief and pension fund and the board of fire pension fund commissioners. The retirement board shall consist of the president of the board of supervisors, the city attorney, a resident official of a life insurance company, and an officer of a bank to be appointed by the mayor, and three members elected from the active members, who shall not include retired persons of the retirement system, provided that the city attorney may designate, by written document filed with the said retirement board, an assistant city attorney to attend meetings of the said board and to act for him and in his place. The term of office of the five members, other than the ex officio members, shall be five years, one term expiring each year and the terms of such five members now holding office being unchanged by this section. The members of the retirement board shall serve without compensation. The board shall appoint an actuary, who shall hold office at its pleasure, and may appoint a secretary, provided that the positions of secretary and actuary may be consolidated into one position by the said board, and the board may employ a consulting actuary from time to time. The secretary or actuary shall have the power to administer oaths and affirmations in all matters pertaining to the business of the retirement system.

The retirement board shall be the sole authority and judge, under such general ordinances as may be adopted by the supervisors, as to the conditions under which members may receive and may continue to receive benefits of any sort under the retirement system, and shall have exclusive control of the administration and investment of such fund or funds as may be established, provided that all investments shall be of the character legal for insurance companies in California.

. Actuarial Tables, Rates and Valuations

SECTION 160. The mortality, service and other tables and the rates of contribution for members as recommended by the actuary and the valuations determined by him and approved by the retirement board shall be conclusive and final, and the retirement system shall be based thereon. The total amount, as determined by the actuary and approved by the board, of the contributions required during any fiscal year of the city and county under the retirement system shall be paid

into the retirement system by the city and county during such year. Liabilities accruing under the retirement system because of service rendered to the city and county by persons prior to the date their respective classes become eligible for membership in the system, and administrative costs under the system, shall be met by contributions to the retirement system by the city and county, in addition to any amounts contributed to meet liabilities accruing because of service rendered by such persons after becoming members of the system, provided that such prior service liabilities may be met by annual appropriations instead of by one appropriation for the total amount of the liabilities; and provided further, that such appropriation for any one year shall not be less than the amount disbursed during that year on account of prior service.

Contributions to the retirement system required of the city and county shall be charged by the controller against the general fund or the school, utility, bond or other special fund under which the service was rendered, on account of which the contribution is required; provided that contributions required on account of service rendered by any person prior to becoming a member of the system, under a temporary fund, such as bond or county roads funds, or a fund then no longer existing, may be charged against the general fund, and provided further, that any contributions required on account of persons receiving benefits under subdivision (c) of section 165, shall be charged against the general fund.

Continuous Service

SECTION 161. Continuous service shall be defined by the board of supervisors, but the absence of any officer or employee of the city and county from service caused by reason of the service of such officer or employee in the military or naval forces of the United States in any war in which the United States has engaged shall not be deemed to be such absence from service as shall break the continuity of service required of such officer or employee to entitle him to a pension or retirement allowance as provided under the retirement system, but the period of such absence in such military or naval service shall be deemed service for the city and county. *Ratified by the Legislature, Jan. 26, 1935.*

Definition, Members of Fire and Police Departments

SECTION 162. For the purposes of the retirement system, any officer or employee of the police or the fire departments whose employment therein began prior to January 1, 1900, or whose employment therein began on or shall begin after that date and was or shall be subject to a charter maximum age at the time of employment of not over thirty-five years, shall be considered to be a member of the police department or the fire department, respectively. Any fire or police service outside the limits of the city and county performed by a member of the retirement system and under orders of a superior officer of any such member, shall be considered as city and county service, and any disability or death incurred therein shall be covered under the provisions of the retirement system.

Pensions of Retired Persons

SECTION 163. No person retired for service or disability and in receipt of a retirement allowance under the retirement system shall serve in any elective or appointive position in the city and county service, including membership on boards and commissions, nor shall such person receive any payment for service rendered to the city and county after retirement, provided that service as an election officer or juror shall not be affected by this section.

Should any retired person, except persons retired for service prior to January 8, 1932, and persons retired because of disability incurred in the performance of duty, engage in a gainful occupation prior to attaining the age of sixty-two, the retirement board shall reduce that part of his monthly pension or retirement allowance which is provided by contributions of the city and county, to an amount which, when added to the amount earned monthly by him in such occupation, shall not exceed the compensation on the basis of which his pension or retirement allowance was determined. See Digest—*Sunder v. Collins*, p. 133.

Contributions to Retirement Fund

SECTION 164. The city and county shall contribute jointly with the members of the retirement system to meet the liabilities accruing under the system because of service rendered to the city and county by persons after becoming members of the system. Members of the system shall contribute not to exceed 10 per cent of their salaries or wages, provided that members may, at their option, elect to contribute at rates in addition to those fixed as normal by the retirement board. The city and county shall contribute an amount equal to normal contributions of members as provided for in the preceding sentence, but the city and county shall not contribute any amount because of additional contributions by members.

Miscellaneous Officers and Employees

SECTION 165. Officers and employees of the city and county, except members of the police and the fire departments, shall become members of the retirement system subject only to the following provisions, in addition to the provisions contained in sections 158 to 164, of this charter, both inclusive:

(a) The system shall be applied to such offices, departments, bureaus, or classes of officers or employees of the city and county, including teachers in the San Francisco school department, as the supervisors shall determine; provided, however, that the contributions to be made by said teachers and the benefits to be received by said teachers under said retirement system shall be based upon the proportion of salaries of said teachers which have been and shall be paid out of funds contributed by the city and county, excluding therefrom the portion of such salaries which have been or shall be paid out of funds contributed by the State of California; and in determining such proportion it shall be taken to be the same proportion which the whole amount of money contributed by the city and county to the common school fund in any fiscal year

bears to the whole amount of money contributed to such fund in such year by the state and by the city and county; and provided, further, that nothing herein contained shall be construed to deprive any teacher of the right to receive benefits under any pension or retirement system now or hereafter established by the State of California.

(b) No member of the retirement system shall be retired, except in case of disability incapacitating him for the performance of his duties, unless he shall have attained the age of sixty-two years and completed ten years of continuous service, but retirement shall be compulsory at the age of seventy years. It may be provided, however, under such retirement system, that members may retire after thirty years of continuous service; the benefits at retirement in such cases to be determined, because of retirement at an age below sixty-two, in accordance with the tables recommended by the actuary and approved by said retirement board.

(c) All persons who were retired prior to October 1, 1925, from service as teachers in the public schools of San Francisco, under the provisions of the law of 1913, establishing the California Public School Teachers' Retirement Salary Fund, shall be entitled to and shall receive retirement allowances, to be calculated on the same basis as that established for determining the retirement allowances provided for members of the said retirement system.

Present Police Department Members

SECTION 166. Persons who are members of the Police Department on the 8th day of January, 1932, shall become members of the retirement system on that date, subject to the following provisions in addition to the provisions contained in sections 158 to 163, both inclusive, of this charter:

(a) Any member of the department who has arrived or shall arrive at the age of sixty-two years, and who has completed thirty years of continuous service as an active member of the department next preceding his retirement, may retire from service at his option, provided that retirement shall be compulsory at the age of seventy years. Such retired member shall receive a monthly pension, payable throughout his life, equal to one-half of the amount of the monthly salary attached to the rank held by him three years prior to the date of his retirement, hereinafter referred to in this section and section 167 as a "pension."

Before the first payment of the pension is made, such retired member may elect to receive the actuarial equivalent of his pension, partly in a pension to be received by him throughout his life, and partly in other benefits payable after his death to another person or persons; provided that such election shall be subject to all the conditions prescribed by the board of supervisors to govern similar elections by other members of the retirement system, including the character and amount of such other benefits.

(b) Any member of the department who shall become physically disabled by reason of any bodily injury received in the performance of his duty, may be retired upon a monthly pension, as defined in subdivision (a), of this section, payable throughout his life. In case his disability

shall cease, his pension shall cease, and he shall be restored to the service in the rank he occupied at the time of his retirement.

(c) The family of any member of the department who may be killed or injured while in the performance of his duties, and who shall have died within three (3) years from the date of such injury as a result of such injury, shall receive the following benefits and the receipt by such member of a pension under this section during his lifetime shall not bar said family from such benefits:

First, should the decedent leave a widow to whom he was married prior to the date of the injury resulting in death, such widow shall, as long as she may live and remain unmarried, be paid a monthly pension equal to one-half of the salary attached to the rank held by the decedent at the time of his said injury; provided, however, that should said widow die, leaving a child or children under the age of sixteen years, said pension shall continue to such child or such children collectively until the youngest child arrives at the age of sixteen years.

Second, should the decedent leave no widow, but leave an orphan child or children under the age of sixteen years, such child or children collectively shall receive a monthly pension equal to one-half of the salary attached to the rank held by their father at the time of his said injury until the youngest attains the age of sixteen years.

Third, should the decedent leave no widow and no orphan child or children, but leave a parent or parents depending solely upon him for support, such parents, so depending, shall collectively receive a monthly pension equal to one-half of the salary attached to the rank held by the decedent at the time of his said injury during such time as the retirement board may unanimously determine its necessity.

(d) A sum equal to the contributions, with interest, made by persons who become members of the retirement system under this section to any other pension fund shall be paid by the city and county to the retirement system. Each member of the department shall contribute two dollars (\$2.00) per month to the retirement system to be applied on the cost of the benefits at death and retirement provided under this section. Should a member be separated from city service through any cause other than death or retirement, then such contributions with interest shall be refunded to him under such conditions as may be fixed by the board of supervisors for the refund of contributions of other members of the retirement system.

(e) When any member of the department shall die from natural causes and before retirement, there shall be paid to his estate or beneficiary a death benefit, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system.

(f) In addition to the other contributions required of the city and county under the retirement system, the city and county shall contribute to the retirement system during each fiscal year a sum which, together with the members' contributions provided for in subdivision (d) of this section, shall be equal to the liabilities accruing under the retirement

system because of the service rendered during such year by persons becoming members on the 8th day of January, 1932, under this section. If, subsequent to such fiscal year, it shall be determined that such contribution by the city and county, together with the members' contributions, was not sufficient to meet such liability, then the city and county shall make such additional contribution as may be necessary to make up the deficit.

(g) No benefits shall be provided under the retirement system for, nor shall any contribution be required of, persons who become members of the retirement system under this section, in addition to the benefits specifically provided and contributions specifically required in such section.

That portion of any pension payable because of the death or retirement of any of such persons which is provided by contributions of the city and county shall be reduced, in the manner fixed by the board of supervisors, by the amount of any benefits payable to or on account of such person, under the workmen's compensation insurance and safety law of the State of California.

(h) Persons who were members of the police department on the 8th day of January, 1932, shall have the option, to be exercised in writing on or before the first day of January, 1936, of becoming members of the retirement system under the provisions of section 168, which applies to persons who become members of the department after the 8th day of January, 1932. If such persons shall affirmatively exercise such option within the time specified, then on and after the first day of the month next following such affirmative action, referred to hereinafter in this subdivision (h) as "effective date," they shall not receive any benefit or make any contribution under this section, but on and after said effective date shall be members of the retirement system and shall receive benefits and make contributions on the same basis as persons who become members of the department after the 8th day of January, 1932, provided that a pension for each person affirmatively exercising such option shall be payable on account of service rendered to the city and county prior to said effective date, by such members' contributions made prior to such effective date, with interest, and by contributions of the city and county, which pension shall be the same percentage, regardless of the age of retirement, of his final compensation, as defined by the board of supervisors, for each year of such service, as the contributions of the member and the city and county are calculated to provide upon retirement at age sixty-two for each year of service rendered as a member of the retirement system. *Ratified by the Legislature, May 17, 1935.*

Present Retired Members and Present Beneficiaries,

Any member of the police department who shall have been retired and shall be receiving a pension on the 8th day of January, 1932, and any widow, child, children or parents of a deceased member of the department who shall be receiving a pension on the 8th day of January, 1932, shall continue to receive such pension, subject to the provisions of section 166 governing the payment of pensions. Such pension shall be paid by the retirement system, but no

other benefits shall be provided for such retired members, widows, children, or parents.

Future Members of Police Department

SECTION 168. Persons who become members of the police department after the 8th day of January, 1932, shall become members of the retirement system subject only to the following provision in addition to the provisions contained in sections 158 to 164, both inclusive, of this charter: No such member of the retirement system shall be retired, except in case of disability incapacitating him for the performance of his duties, unless he shall have attained the age of sixty-two years, and completed twenty-five years of continuous service, except that retirement shall be compulsory at the age of seventy years. It may be provided, however, under such retirement system, that members may retire after thirty years of continuous service, the benefits of retirement in such cases to be determined, because of retirement at an age below sixty-two, in accordance with the tables recommended by the actuary and approved by said retirement board.

Present Members of Fire Department

SECTION 169. Persons who are members of the fire department on the 8th day of January, 1932, shall become members of the retirement system on that date, subject only to the following provisions, in addition to the provisions contained in sections 158 to 164 both inclusive, of this charter:

(a) Any member of the fire department who shall have completed twenty-five years of continuous service as a member of the fire department next preceding the date of his retirement, or any member of the fire department who shall have reached the age of fifty-five years and shall have completed twenty years of continuous service as a member of the fire department next preceding the date of his retirement, may retire from service at his option. Any member of the fire department who shall become physically disabled by reason of any bodily injury received in the performance of his duty may be retired from service on satisfactory proof thereof. The retirement board, by unanimous vote, may retire from service any aged, disabled or infirm member of the fire department who has arrived at the age of sixty years and who has completed twenty years of continuous service as a member of the department next preceding such age, who may be ascertained to be, by reason of such age, infirmity or other disability, unfit for the performance of his duties. Such retired member shall receive a monthly pension, payable throughout his life, equal to one-half the amount of the salary attached to the rank held by him three years prior to the date of his retirement hereinafter referred to as "pension" in this and the following sections; provided that where such retirement is based on disability alone, in case the disability of such member shall cease, his pension shall cease, and he shall be restored to service in the rank he occupied at the time of his retirement. Should any said retired member die leaving a widow, who shall have been married to the decedent at least one year prior to the date of

his retirement, such widow shall, as long as she may live and remain unmarried, be paid said pension; provided further, that should said widow die leaving a child or children under the age of sixteen years, said pension shall continue to be paid such child or such children collectively until the youngest child arrives at the age of sixteen years; and provided, further, that should said retired member die leaving no widow but leaving an orphan child or children under the age of sixteen years, such child or children collectively shall receive said pension until the youngest child attains the age of sixteen years.

(b) The family of any member of the fire department who shall die as a result of any injury received during the performance of his duty, or from sickness clearly, unmistakably and directly caused by and resulting from the discharge of such duty, or while eligible to a pension on account of years of service in the department, or who has served twenty consecutive years in the department and attained the age of fifty-five years, shall receive the following benefits.

First, should the decedent leave a widow to whom he was married prior to the date of the injury resulting in death, his widow shall, as long as she may live and remain unmarried, be paid a monthly pension equal to one-half of the salary attached to the rank held by the decedent at the time of his said injury provided, however, that should said widow die, leaving a child or children under the age of sixteen years, said pension shall continue to such child or children collectively until the youngest child arrives at the age of sixteen years.

Second, should the decedent leave no widow, but leave an orphan child or children under the age of sixteen years, such child or such children collectively shall receive said pension until the youngest child attains the age of sixteen years.

Third, should the decedent leave no widow and no orphan child or children, but leave a parent or parents dependent solely upon him for support, such parents so depending shall collectively receive said pension during such time as the retirement board may unanimously determine its necessity.

(c) When any member of the department shall die from natural causes and before retirement, and when no pension is payable to his widow or children, there shall be paid to his estate or beneficiary a death benefit, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the board of supervisors for the death benefit of other members of the retirement system.

(d) In addition to the other contributions required of the city and county under the retirement system, the city and county shall contribute to the retirement system during each fiscal year a sum which shall be equal to the liabilities accruing under the retirement system because of service rendered during such year by persons becoming members on the 8th day of January, 1932, under this section. If, subsequent to such fiscal year, it shall be determined that such contribution by the city and county was not sufficient to meet such liability, then the city and county shall make such additional contribution as may be necessary to make up the deficit.

(e) No benefits shall be provided under the retirement system for, nor shall any contributions be required of, persons who become members of the retirement system under this section, in addition to the benefits specifically provided and contributions specifically required in such section. Any pension payable because of the death or retirement of any of such persons shall be reduced in the manner fixed by the board of supervisors, by the amount of any benefits payable to or on account of such person, under the Workmen's Compensation Insurance and Safety law of the State of California.

(f) Persons who are members of the fire department on the 8th day of January, 1932, shall have the option, to be exercised in writing on or before the first day of July, 1932, of becoming members of the retirement system under the provisions of section 171, which applies to persons who become members of the department after the 8th day of January, 1932. If such persons shall affirmatively exercise such option within the time specified, then they shall not receive any benefit under this section, but shall become members of the retirement system and shall receive benefits and make contributions on the same basis as persons who become members of the department after the 8th day of January, 1932, provided that a pension for each person affirmatively exercising such option shall be payable on account of service rendered to the city and county prior to the 8th day of January, 1932, by contributions of the city and county, which pension shall be the same percentage, regardless of the age of retirement, of his final compensation, as defined by the board of supervisors, for each year of such service, as the contributions of the member and the city and county are calculated to provide upon retirement at age fifty-five for each year of service rendered as a member of the retirement system.

Present Retired Members and Present Beneficiaries, Fire Department

SECTION 170. Any member of the fire department who shall have been retired on or after January 21, 1925, or prior to January 1, 1900, and shall be receiving a pension on the 8th day of January, 1932, and any widow, child, children or parents of a deceased member of the department who shall be receiving a pension on the 8th day of January, 1932, shall continue to receive such pension subject to the provisions of section 169 governing the payment of pensions to retired members, widows, children and parents. Any member of the fire department who shall have been retired on or after the first day of January, 1900, and prior to the 21st day of January, 1925, and shall be receiving a pension on the 8th day of January, 1932, shall continue to receive such pension throughout his life, subject to the provisions of section 169 governing the payment of pensions granted because of disability incurred in the performance of duty, including the payment of such pensions to widows, children and parents of deceased members who had been retired because of such disability. Such pensions shall be paid by the retirement system, but no other benefits shall be provided for such retired members, widows, children, or parents.

The supervisors shall appropriate to the retirement system not to exceed the sum of five thousand dollars a year for the relief of aged, indi-

gent and infirm exempt firemen who served in the volunteer fire department between the years 1850 and 1866.

Future Members of Fire Department

SECTION 171. Persons who become members of the fire department after the 8th day of January, 1932, shall become members of the retirement system subject only to the following provision in addition to the provisions contained in sections 158 to 164, both inclusive, of this charter: No member of the retirement system shall be retired, except in case of disability incapacitating him for the performance of his duties, unless he shall have attained the age of fifty-five years and completed twenty years of continuous service, except that retirement shall be compulsory at the age of seventy years. It may be provided, however, under such retirement system, that members may retire after thirty years of continuous service; the benefits at retirement in such cases to be determined, because of retirement at an age below fifty-five, in accordance with the tables recommended by the actuary and approved by said retirement board.

Compensation Insurance Payments

SECTION 172. The benefit provisions of the Workmen's Compensation Insurance and Safety Law of the State of California, as they affect the benefits provided for or payable to or on account of officers and employees, including teachers of the city and county, shall be administered exclusively by the retirement board, provided that the retirement board shall determine whether the city and county, through the retirement system, shall assume the risks under the said law, in whole or in part, or whether it shall reinsure such risks, in whole or in part, with the state compensation insurance fund. Benefits under such risks as may be assumed by the city and county, and premiums under such risks as may be re-insured shall be paid by the retirement system, and an amount equal to the total of such benefits and premiums, as determined by the actuary for any fiscal year, including the deficit brought forward from previous years, shall be paid during such fiscal year to the retirement system by the city and county.

Every patrol special police officer, as referred to in section 35 of this charter, who is an independent contractor, shall be entitled, under this section, to the benefits of such compensation law, if injured while performing regular city and county police duties, which shall include only duties performed while preventing the commission of a crime or apprehending the person or persons committing such crime, and shall not include duties of any character performed for private employers either on or off the premises of such employers; provided that any patrol special police officer who shall be entitled to the benefits of such compensation law as the employee of a person, persons or corporation acting as a contractor to furnish auxiliary police service, shall not receive any benefit under this section.

ELECTIONS

Registrar of Voters

SECTION 173. The conduct, management and control of the registration of voters, and of the holding of elections, and of all matters pertaining to elections in the city and county shall be vested exclusively in

the registrar of voters. Except as in this charter otherwise provided, he shall succeed to the powers and duties of the board of election commissioners at twelve o'clock noon on the 8th day of January, 1932, at which time the terms of the members of said board shall terminate, and such board as theretofore existing shall be abolished. He shall establish precincts in the city and county as provided by law. The regular and temporary forces under the registrar, and the temporary forces, shall be appointed by him subject to the civil service provisions of this charter.

Municipal Elections

SECTION 174. On Tuesday after the first Monday in November in 1931 and every second year thereafter, there shall be held in the city and county an election to be known as the general municipal election, at which the electors of the city and county shall choose such officers as are required by this charter to be elected at that time. Special municipal elections shall be called by the registrar when required by this charter on the filing of appropriate initiative, referendum or recall petitions, as provided by this charter, and may be called by the supervisors for bond issues, declarations of policy, or for the voting on candidates for city and county offices not subject to election at general municipal elections.

All provisions of the general laws of this state, including penal laws, respecting the registration of voters, initiative, referendum and recall petitions, elections, canvass of returns and all matters pertinent to any and all of these, shall be applicable to the city and county, except as otherwise provided by this charter or by ordinance adopted by the board of supervisors as authorized by this charter relative to any rights, powers or duties of the city and county or its officers. When not prohibited by general law, the supervisors by ordinance may provide that the publication of precincts and polling places shall be by posting only.

Nomination of Elective Officers

SECTION 175. The name of a candidate for an elective office shall be printed upon the ballot when a declaration of candidacy and certificates of not less than ten nor more than twenty sponsors shall have been filed on his behalf, and when the nomination shall be made in the following manner: The candidate, not more than fifty days before the municipal election in November, shall file with the registrar a declaration of his candidacy, in the form prescribed by the registrar for all candidates, including statements of his qualifications in not to exceed one hundred words, subscribed by him before the registrar. The registrar shall forthwith certify to the said subscription and its date and retain and file the declaration. The candidate shall pay to the registrar at the time of filing his declaration of candidacy the sum of thirty dollars (\$30). After said declaration shall have been signed, certified and filed, and not later than thirty-five days before said election in November, not less than ten nor more than twenty sponsors for the said candidate, who are electors of the city and county qualified to vote at the said municipal election, shall appear before the registrar and shall certify under oath to the qualifications of the said candidate on a form of certificate prescribed by the registrar for all sponsors of all candidates.

In the event the registrar shall refuse to file such declaration of candidacy or certificate of a sponsor thereof, he shall forthwith designate in

writing on the declaration or certificate the defect thereof, or other reason for refusing to file the same, and shall return the same to the party tendering it. No defect in any declaration or certificate presented to the registrar shall prevent the filing of another declaration or certificate within the period allowed for presenting the declaration or certificate. The name of every candidate who has been duly and regularly nominated shall be placed on the ballot under the title of the office for which he is a candidate, provided that a candidate whose nomination has been completed, may, not less than thirty days before a municipal election, withdraw as a candidate by filing with the registrar his withdrawal, naming the office; such withdrawal must be signed and sworn to by the person withdrawing.

The registrar shall preserve in his office for a period of four years all candidates' declarations and all sponsors' certificates filed in accordance with this section.

Material to Be Mailed to Voters

SECTION 176. The registrar shall, before each municipal election, cause to be printed in pamphlet form and mailed to each registered voter with the sample ballot, a copy of all declarations and statements of qualifications of candidates received by him, to be followed by the names and addresses and occupations of all sponsors of all officers to be voted for in said city and county.

The registrar shall cause ballots to be printed identical with the ballot to be used in each assembly district at the election and shall furnish copies of the same on application to registered voters at his office at least five days before the date fixed for such election, and shall mail to each voter entitled to vote at such election a copy of the ballot to be used in his district, so that all said sample ballots shall have been mailed at least eight days before said election. The rotation of names of candidates on ballots shall be as provided by general law.

Precinct Boards of Election

SECTION 177. The registrar shall, at each municipal or special election, prepare lists for and appoint for each election precinct a precinct board of election officers to hold and conduct such election at the precinct for which said board is appointed. Such board shall consist of one inspector, one judge and two clerks, who shall perform all the duties required by law at such polling place, except as in this charter provided. When voting machines are used one inspector and two judges shall be appointed. The general law as to the appointment of election officers shall apply when not otherwise provided herein. The registrar is authorized to withhold the pay of any election officer who neglects, disregards or violates the election laws.

Determining Result of Election—Failure of Persons Elected to Qualify

SECTION 178. The canvass of voters, canvass of returns, declaration of election and certificate of election shall be made as provided by general law. If a person elected fails to qualify, the office shall be filled as in this charter provided for a vacancy in such office.

Initiative, Referendum and Recall

SECTION 179. The registered voters shall have power to propose by petition, and to adopt or to reject at the polls, any ordinance, act or

other measure which is within the power conferred upon the board of supervisors to enact, or any legislative act which is within the power conferred upon any other board, commission or officer to adopt, or any amendment to the charter. Such ordinance, act, charter amendment or other measure may be so proposed by filing with the registrar a petition setting forth said measure in full, signed by registered voters of the city and county as many in number as the percentages hereinafter required of the entire vote for all candidates for the office of mayor cast at the last preceding regular municipal election.

Any declaration of policy may be submitted to the electors in the manner provided for the submission of ordinances; and when approved by a majority of the qualified electors voting on said declaration, it shall thereupon be the duty of the board of supervisors to enact an ordinance or ordinances to carry such policies or principles into effect, subject to the referendum provisions of this charter.

Any ordinance which the supervisors are empowered to pass may be submitted to the electors by a majority of the board at a general election or at a special election called for the purpose, said election to be held not less than thirty days from the date of the call. Any such ordinance may be proposed by one-third of the supervisors or by the mayor, and when so proposed shall be submitted to the electors at the next succeeding general election. No ordinance passed by the supervisors granting any public utility franchise or privilege, shall go into effect until the expiration of sixty days from the date it becomes final. At the end of such sixty days such ordinance shall be in force and effect, unless within such period there shall be filed with the registrar a petition signed by registered voters equal in number to five per cent of the entire vote cast for mayor at the last preceding regular municipal election, requesting that such ordinance be submitted to the electors. In case such petition is filed, such ordinance shall not go into effect until approved by a majority of the voters voting thereon at a general or special election.

If, before the time any other ordinance involving legislative matters becomes effective, there shall be filed with the board of supervisors a petition signed by qualified electors of the city and county equal in number to at least ten per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, protesting against the passage of such ordinance the same shall be suspended from going into operation, and it shall be the duty of the board of supervisors to reconsider such ordinance, and if the same be not entirely repealed, said board shall submit the ordinance to the vote of said electors either at the next general municipal election or at a special election to be called for that purpose, and such ordinance shall not go into effect or become operative unless and until a majority of the qualified electors voting thereon shall vote in favor thereof. The provisions of Sections 180 and 181 of the charter shall apply to and govern the verification and certification of such petition.

Annual budget and appropriation ordinances, supplemental appropriation ordinances, the annual salary ordinance, or ordinances amending the same, the ordinances levying taxes, any ordinance appropriating money from the emergency reserve fund, ordinances authorizing the city attorney to compromise litigation, and ordinances necessary to enable the

mayor to carry out any of the powers vested in him in the case of a public emergency as defined in Section 25 of the charter, ordinances enacted pursuant to Section 219 of the charter, as well as ordinances relative to purely administrative matters, shall not be subject to referendum.

Any elective official, the chief administrative officer, the controller or any member of the board of education or the public utilities commission may be recalled by the electors. The procedure to effect such recall shall be as follows: A petition demanding the recall from office of the person sought to be recalled shall be filed with the registrar. Said petition shall contain a statement of the grounds on which the recall is sought. Any insufficiency of form or substance in such statement shall in no wise affect the validity of the election and proceedings held thereunder. No recall petition shall be filed against any officer until he has held his office for at least six months. *Ratified by the Legislature, May 17, 1935.*

Petitions

SECTION 180. The filing, verification and certification of initiative, referendum and recall petitions shall be in accordance with general law, and rules and regulations of the registrar of voters relative to details not covered by general law, except as otherwise provided by this charter. Any signer to a petition may withdraw his name from the same by filing with the registrar of voters a verified revocation of his signature before the filing of the petition. No signature can be revoked after the petition has been filed. Unless and until it be proven otherwise by official investigation by the registrar, it shall be presumed that the petition filed conforms to all legal requirements and contains the signatures of the requisite number of registered voters, and after an election based thereon, the sufficiency of such petition shall not be questioned.

If any signature be questioned, the registrar shall mail notice to such purported signer, stating that his or her name is attached to such petition and citing him or her to appear before said registrar forthwith, naming the time and place. Said citation shall enclose a blank affidavit, which may be used to deny that the affiant signed such petition. If such person does not desire to attend in person, he may swear to such affidavit of denial before any officer authorized to take oaths, and mail the same to the registrar. If he does not so attend and deny such signature in person or by making and mailing such affidavit of denial before the time when the registrar must, under general law, make final determination, the signature to such petition must be treated as genuine. The registrar shall keep a list of the names of all purported signers who appear before him and deny their signature under oath, and also file and keep such affidavits for at least one year.

Special Election Fund

SECTION 181. The board of supervisors, in the first annual budget to be hereafter adopted by said board, shall appropriate not less than fifty thousand dollars to be known as the special election fund, to be used exclusively for defraying the cost of verifying petitions and other expenses of all special elections initiated by petition of the electorate, including recall elections. In the event of the expenditure of any of said fund, the board of supervisors in the next succeeding annual budget shall appropriate a sum sufficient to reimburse said special election fund.

Time of Election

SECTION 182. If the petition accompanying a proposed initiative measure, declaration of policy, or recall be signed by registered voters equal in number to ten per cent of the entire vote cast for mayor at the last preceding general municipal election and contains a request that said measure, policy or recall be submitted forthwith to a vote of the electorate at a special election, then the registrar shall forthwith call a special election, which shall be held at a date not less than thirty nor more than forty days from the date of calling the same, at which said measure or policy, without alteration, or said recall shall be submitted to a vote of the electorate, unless within sixty days of a general or primary election, in which event it shall be submitted at such general or primary election.

If the petition accompanying a proposed initiative measure or declaration of policy be signed by registered voters equal in number to five per cent but less than ten per cent of the said entire vote, then such measure or measures, without alteration, shall be submitted by the registrar to a vote of the electorate at the next general state or municipal election that shall occur at any time after thirty days from the date of the certificate of sufficiency attached to the petition accompanying such measure unless the board of supervisors, by ordinance, direct that the measure or policy be voted on at a special election prior thereto.

Measures and Arguments to Be Mailed to Voters

SECTION 183. Whenever any measure is required by this charter to be submitted to the voters of the city and county at any election, the registrar shall cause the measure or policy to be printed on sheets measuring six by nine inches, and shall mail the same with a sample ballot to each voter, at least five days prior to the election. This printed copy may be attached to any other matter required to be printed and mailed.

With or upon the sample ballot mailed to each voter prior to a recall election, there shall be transmitted the reasons for demanding the recall of the officer as set forth in the recall petition, printed in not more than three hundred words, and with or upon the same ballot the printed statement of the officer in not more than three hundred words justifying his course in office.

If the proposition be submitted to the registered voters upon an initiative, referendum or recall petition, the persons filing said petition shall have the right to present to the registrar at any time twenty-five days prior to said election, copies of printed arguments favoring their petition, and the registrar shall not accept arguments favoring said petition without the approval of those filing said petition. If said proposition be submitted by the mayor or by the board of supervisors, or by one-third of the board of supervisors, they shall have a similar right to present copies of printed arguments. Said arguments, for or against, shall be printed and shall not exceed four pages, six by nine inches in size, for each proposition. Any person, committee or organization opposing the measure, policy, charter amendment, or recall placed before the voters may present, in like manner and of the same form and size and within the same time, printed arguments opposing said proposition. Copies of said arguments shall be delivered to the registrar equal in number to five per cent in excess of the total number of registered voters.

The registrar shall cause one copy of each of said arguments to be mailed with the copy of the measure or the amendment.

Form of Ballot—Majority Vote

SECTION 184. The ballots used when voting upon any proposed measure, referendum, policy, recall or confirmation shall contain a general statement thereof, followed by the words "Yes" and "No," so arranged that the voter may indicate his choice upon the ballot. If a majority of the qualified electors voting on said proposed measure, referendum, policy, recall or confirmation shall vote in favor thereof, it shall go into effect ten days after the declaration of the official count. The general statement or question provided for in this section shall be prepared by the city attorney and shall consist of not over thirty words.

If the official proposed to be removed at any recall election shall, as the result of said election, be recalled, the mayor shall appoint his successor for the unexpired term and the officer so recalled shall be ineligible to hold any city and county office for two years; should said officer be retained in his office, he shall be reimbursed out of the special election fund for his expenses in such recall election; provided that such payment shall not exceed the amount he is permitted to spend under the Purity of Elections Act now in force.

Competing and Conflicting Measures—Repeal

SECTION 185. When two or more proposed measures are of the same general purpose, the registrar shall so declare, and shall cause the ballots to be so printed that the voter, first, may choose between any measure or none, and, secondly, may express his preference for any one. If a majority of the votes on the first question is affirmative, then the measure receiving the highest number of votes shall become law and the others fail of passage. In case two or more measures are tied for the highest vote, they shall be resubmitted at the next ensuing general election. If there is a conflict between two or more measures or between two or more charter amendments adopted at the same election, then the measure or charter amendment receiving the highest affirmative vote shall prevail.

No initiative, ordinance or measure or declaration of policy approved by the electorate under the provision of this charter shall be subject to veto, or be amended or repealed except by vote of the electorate, unless such ordinance or measure shall otherwise provide.

Substantial Compliance

SECTION 186. No informalities in conducting municipal, special, initiative, referendum or recall elections shall invalidate such elections if they have been conducted fairly and in substantial compliance with and conformity to the requirements of this charter.

SAN FRANCISCO - SAN MATEO CONSOLIDATION

Consolidation of San Mateo County

SECTION 187. In the event that all or any part of the area of the County of San Mateo shall be consolidated with the city and county

in accordance with law and the constitution of the state, the provisions of sections 187 to 218, inclusive, of this charter shall become effective on the effective date of such consolidation and all other provisions of this charter in conflict with the provisions of said sections shall be thereupon and thereby superseded.

The departments and offices of the city and county shall establish such branch offices in the territory consolidated as shall be necessary or convenient and as directed by the board of supervisors, but with no less amount of service in the said territory than shall have been provided by the county, or any city, or governmental agency of the county just prior to the time consolidation shall become finally effective.

SECTION 194. Any new borough may be established, any two or more boroughs may be consolidated, the boundaries of any borough may be enlarged or diminished, or a borough may be disestablished, provided a majority of the voters of a borough, or boroughs, and/or of the territory concerned, voting on such a proposition at an election called for the purpose, shall first have voted in favor thereof; provided, further, that no borough shall be disestablished nor the boundaries of a borough diminished, unless the same be approved by the board of supervisors by ordinance, or a majority of the voters of the city and county voting thereon at an election called for the purpose, shall first have voted in favor thereof. Such elections shall be called by the board of supervisors upon receiving the report of the borough commission hereinafter provided for, and at any time thereafter upon receiving a petition of at least twenty-five per cent of the voters of the borough or boroughs or the territory concerned. If any petition of voters requests the establishment of a new borough or any change in the boundaries of an existing borough, the supervisors, before calling an election thereunder, must set the petition for public hearing and give notice thereof by publication at least once a

week for two weeks in a newspaper published in the city and county. Upon such hearing, the board of supervisors shall have power to change and determine the boundaries as set forth in any such petition. No new borough shall be established, nor shall two or more boroughs be consolidated, nor shall the boundaries of a borough be enlarged or diminished, nor shall a borough be disestablished, unless a majority of the voters of the borough, or boroughs, or the territory concerned, voting on such a proposition, shall first have voted in favor thereof.

Within thirty days after consolidation is effective, every borough council must appoint one member to a commission to be known as the borough commission. The commission shall be charged with the duty of studying the boundaries of all boroughs within the city and county and of making recommendations to the board of supervisors concerning consolidation, disestablishment, or any change in boundaries of any borough or boroughs. This report shall be submitted to the board of supervisors within two years from the time consolidation shall become effective. Upon receiving the report of the commission, the board of supervisors shall without delay call an election or elections and submit appropriate propositions in accord with the recommendations of the commission to a vote of the voters of the territory concerned.

may be necessary or proper to the exercise of the foregoing powers or to the discharge of the foregoing duties, and which are not inconsistent with the other provisions of this charter.

Transfer of Borough Powers

SECTION 196. Any power over which a borough shall have exclusive jurisdiction within its limits, as herein provided, may be transferred to the city and county by a borough by ordinance of the borough council thereof, but not unless a majority of the voters of the borough, voting on the question of the transfer of such power, shall first have voted in favor thereof; provided, that no such power shall be transferred to the city and county unless such transfer is also approved by ordinance of the board of supervisors.

Borough Elective Officers and Terms

SECTION 197. The voters of a borough shall elect five members of the borough council, except as otherwise provided; and also a borough controller, unless a borough shall, by ordinance of the council approved by a majority of the voters thereof voting on such ordinance, vest the powers of borough controller in a borough manager. Except as otherwise provided, borough elective officers shall be elected to serve for terms of four years and until their successors are elected and qualify.

Within fifteen days after the establishment of a new borough created upon petition as herein provided, the mayor of the city and county shall appoint five qualified residents of the borough as members of the council to serve until their successors are elected and qualify. At the next succeeding general borough election, the voters thereof shall elect three members of the council to serve for terms of two years, and two members to serve for terms of four years, beginning at twelve o'clock noon on the eighth day of January following the date of their election.

The council of a borough which by consolidation is automatically established, shall consist of the same number of members as shall compose the council of the city at the time consolidation becomes effective. The city councilmen in office at the time of such consolidation shall continue in office as borough councilmen until the end of the terms for which they were respectively elected, and thereafter until twelve o'clock noon on the eighth day of January of the first succeeding even-numbered year. At the general borough election immediately preceding the expiration of the terms of any such members of a borough council, the voters of the borough shall elect their successors to serve for terms of four years. At every borough general election the successors to those elective borough officers whose terms are next expiring shall be elected to serve for terms of four years.

At the first meeting of the council, it shall appoint a borough controller to serve until his successor is elected and qualifies. At the next succeeding general borough election, the borough voters shall elect a borough controller to serve for a term of four years, beginning at twelve o'clock noon on the 8th day of January following the date of his election; provided, however, that if a majority of the members of the council are

elected at the same time, the borough controller shall be elected to serve for a two-year term, and thereafter his term shall be for four years.

A candidate for any elective borough office shall have been an elector of the borough, or of the area comprising the same, for a period of at least five years prior to the date of election at which he is a candidate. No person who shall hold an elective or appointive office of the city and county shall hold any elective borough office.

A borough council may fill any vacancy in an elective office of a borough for the unexpired term thereof.

Duties, Meetings, and Compensation of Borough Councilmen

SECTION 198. The council shall constitute the legislative body of the borough and, except as otherwise provided, shall exercise the powers thereof.

The council shall provide by ordinance for the time and place of holding its meetings and the manner in which its special meetings may be called, provided, however, that there shall be at least two regular meetings in each month. The first meeting shall be held within thirty days after its establishment at the time and place upon which a majority of the council shall in writing agree upon. All legislative sessions of the council, whether regular or special, shall be open to the public. A majority of all members of the council shall constitute a quorum for the transaction of business. All borough records shall be open to the public.

No member of the borough council shall receive compensation for his services unless an ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon; provided, however, that councilmen of a borough automatically established shall continue to receive the same compensation as provided for councilmen by the city which it succeeds at the time consolidation becomes effective, until the borough provides otherwise by ordinance approved by a majority vote of the vote cast thereon.

The council shall by ordinance determine what bonds, if any, are to be given by the elective and appointive officers of the borough, and shall fix their amounts and form, and such bonds shall be approved in the case of a borough controller by the council and in the case of all other officers by the borough controller, and the premiums thereon shall be paid by the borough.

Borough President

SECTION 199. The council shall choose one of its own number as president to serve at its pleasure. The president shall be the executive head of the borough upon whom process issued by authority of law shall be served. In the name and on behalf of the borough he shall sign all legal instruments and documents to which the borough is a party except where otherwise provided herein or by ordinance. He shall have such other powers and perform such other duties as may be prescribed by law, or by ordinance or resolution of the council.

Borough Controller

SECTION 200. The borough controller shall have in addition to such duties as are prescribed by this charter, such other duties as may be prescribed by borough ordinance. No borough funds shall be drawn from the treasury of the city and county except by warrant issued or countersigned by him, and he shall countersign no such warrant until he has satisfied himself that the claim is a legal obligation of the borough. He shall keep in his office sufficient and proper records and accounts of the financial transactions of the borough. Such records and accounts shall be kept in the forms and manner as prescribed by the controller of the city and county. He shall have access at all times for himself, or for any person designated by him, to books, records and cash in any office of the city and county and/or of the borough in which accounts are kept or money handled on behalf of the borough. He shall have power to inquire into all contracts, including the performance thereof and into all proceedings involving the expenditure of public funds to which the borough is a party, and into the financial transactions of all officers and employees of the borough. For this purpose he may administer oaths, summon witnesses and order the production of relevant books and papers. If any person fails to obey such summons or order or refuses to answer any proper question, the borough controller may petition a court of competent jurisdiction for an order directing such person to comply with said summons or order or to answer such questions. He shall have power to employ such expert accountants or other agents as he may deem necessary to carry out his powers, and the council shall appropriate such funds as may be needed for this purpose.

Borough Clerk

SECTION 201. When consolidation becomes effective, the clerk of any city which is automatically established as a borough shall continue in office as borough clerk thereof until the expiration of the term for which he may be elected or appointed, and thereafter the council shall appoint a borough clerk who shall act as clerk of the council. He shall have power to administer oaths and affirmations, to take affidavits, and to certify the same. He shall have such other powers and perform such other duties as may be provided by this charter, or by ordinance, or order of the council.

Borough Planning Commission

SECTION 202. The council may provide, by borough ordinance, for a borough planning commission of five members. The ordinance shall provide for the qualifications, manner of appointment, terms, and compensation of the members of such commission, but no compensation shall be paid any member unless the ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon. Said ordinance shall provide that the borough planning commission shall have and exercise within the borough such powers and duties as shall correspond to, so far as

possible, the powers and duties of the planning commission of the city and county.

Until a borough planning commission is provided, the council shall have and exercise within the borough such powers and duties of a planning commission as the council, by ordinance, may provide.

The borough planning commission, or the council, as the case may be, shall have such advisory powers relating to any planning matter of the city and county affecting any property, streets, public work or public improvement of or within the borough, as may be provided by ordinance of the board of supervisors.

The borough planning commission, or the council, as the case may be, shall have power to recommend changes in or the repeal of any city ordinance establishing zones for the uses of property within the borough which may be continued in effect upon consolidation. In the determination of which class of occupation zones the property within a borough may be divided, or in the modification of any city zoning ordinance continued in effect, the borough planning commission, or the council, as the case may be, shall accept the classification of occupation zones which the board of supervisors, by ordinance, shall establish for the city and county.

Borough Library Board

SECTION 203. The council may provide, by ordinance, for a borough library board of five members. The ordinance shall provide for the qualifications, manner of appointment, terms and compensation of the members of such board, but no compensation shall be paid to any member unless the ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon.

The borough library board shall have control and management of the borough library and the funds provided for same and shall have power to make such rules and regulations as necessary for the conduct of its affairs, but the treasurer of the city and county shall have custody of such funds.

Borough Manager

SECTION 204. The council may appoint a borough manager, provided, however, that no borough manager shall be appointed unless an ordinance creating such office shall first have been approved by a majority of the borough voters voting thereon, and which ordinance, when so approved, shall not be amended or repealed except by ordinance also approved by a majority of the borough voters voting thereon. The city manager of a city automatically established as a borough shall continue to hold such office as borough manager until removed by the council, and the council may appoint his successor.

The borough manager shall be chosen by the council without regard to political consideration and solely with reference to his executive and administrative qualifications. Residence within the borough shall not be a qualification for his appointment; but promptly thereafter during his term of office, he shall become and shall remain an actual resident of the borough.

The powers and duties of the borough manager shall be as follows:

- (a) To act as administrative head of the borough government.
- (b) To see that all borough ordinances are enforced.
- (c) To appoint, remove, and have control of all subordinates and employees, except as otherwise provided by this charter or by ordinance of the borough.
- (d) To see that all permits and privileges granted by the borough are observed and to report any violations thereof to the council.
- (e) To attend meetings of the council.
- (f) To advise the council on the needs of the borough.
- (g) To devote his entire time to the interests of the borough.
- (h) To have general supervision of borough parks and playgrounds.
- (i) To appoint such advisory boards as he may deem desirable to advise and assist him in his work; provided such board shall not receive any compensation.
- (j) To prepare the annual budget, as herein provided.
- (k) From time to time, in order to facilitate the prompt, economical and efficient dispatch of borough business, to assign assistants, deputies or employees from any office or department of the government to perform work or service in any other office or department thereof, or to work in more than one of said offices or departments.
- (l) To possess such additional powers and duties as may be provided in this charter or by ordinance.

The borough manager shall have the right to take part in the discussion of all matters coming before the council, but shall have no vote therein.

In case of the absence or disability of the borough manager, the council may designate some qualified person to perform the duties of the office temporarily.

No member of the council shall in any manner, directly or indirectly, by suggestion or otherwise, attempt to influence or coerce the borough manager in making of any appointment or the purchase of supplies, or attempt to exact any promise relative to any appointment from any candidate for borough manager, or discuss, directly or indirectly, with any such candidate the matter of appointments to borough offices or employments. Any violation of the foregoing provisions of this section shall constitute a misdemeanor and shall work a forfeiture of the office of the offending member of the council, who may be removed therefrom by the council or by any court of competent jurisdiction.

No persons related to a borough manager by blood or by marriage shall be eligible for borough employment.

A borough manager may, by written agreement of the councils of the boroughs interested, act as joint manager for two or more boroughs, in which case he shall become a resident of one of the boroughs so interested and shall devote his entire time to the interests of such boroughs.

Borough Legislation

SECTION 205. The council shall act in legislative matters by ordi-

nance only. Other action of the council, unless otherwise provided, may be taken by resolution, motion or order. No ordinance or resolution or order for the expenditure of money shall be passed without receiving the affirmative votes of a majority of all members of the council.

The enacting clause of all borough ordinances shall be as follows: "The people of the Borough of _____ (inserting the name of the borough) of the City and County of San Francisco do ordain as follows." No ordinance shall be passed by the council on the day of its introduction, nor within five days thereafter, nor at any time other than a regular meeting. A proposed ordinance may be amended or modified between the time of its introduction and the time of its final passage, providing its general scope and original purpose are retained. All ordinances shall be signed by the president and attested by the borough clerk and shall be published at least once in some newspaper of general circulation established, printed and published in the borough, and if there be no such newspaper they shall be posted in at least three public places in the borough before becoming effective.

Every ordinance passed by a council shall go into effect at the expiration of thirty days after its final passage, unless otherwise provided in said ordinance and as otherwise provided herein. Ordinances declared by the council to be necessary as emergency measures for the immediate preservation of public peace, health, or safety, containing a statement of the reasons for their urgency, and ordinances ordering or otherwise relating to elections and ordinances relating to public improvements, the cost of which is to be borne wholly or in part by special assessments, may go into effect at the will of the council.

Borough Fiscal Procedure

SECTION 206. Within the time limits fixed by this charter for the preparation and adoption of the budget of the city and county, every borough shall cause to be prepared and shall adopt a borough budget which shall be a complete statement of the estimate of the revenues and expenditures of the borough departments for the ensuing year. Such budget shall be prepared substantially in the same manner and in such detail as required for the budget of the city and county so far as the same may be applicable. Upon the adoption of the budget, it shall take effect at the same time and shall be binding upon the borough in substantially the same degree and in the same manner as the city and county budget shall be effective and binding upon the city and county.

The fiscal year of a borough shall be the same as for the city and county.

Within the time limits fixed by law or by this charter for the city and county, the borough council may levy a borough tax sufficient to raise the amount estimated to be required in the annual budget as herein provided, less the amounts estimated to be received from fines, licenses, and other sources of revenue; but such levy, exclusive of the tax to pay the interest and maintain the sinking funds of the bonded indebtedness of the borough, and exclusive of special assessment and district taxes and of the library tax, shall not exceed the rate of one dollar on each one

hundred dollars of the assessed valuation of the taxable property within the borough. Should the council fail to fix the tax rate within the time prescribed, then the borough tax rate of the previous year shall constitute the rate of the current year. The council, by ordinance, may provide for a higher tax limit, but such tax limit shall not be effective unless the ordinance fixing such tax limit shall first have been approved by a majority of the borough voters voting thereon.

All borough taxes levied, together with interest thereon and any percentage imposed for delinquency and the cost of collection, which shall be those prescribed in this charter for the city and county, shall constitute liens on the property assessed, which taxes, interest, penalties and charges shall be collected in the same manner as is provided for the collection of city and county taxes, and which liens may be foreclosed upon in the same manner as is provided for the foreclosure of liens for city and county taxes.

All borough taxes shall be levied on the valuation of the taxable property within the borough as shall be fixed by the assessor of the city and county for city and county tax purposes.

There shall be a borough fund for each borough. All borough taxes shall be collected by the tax collector of the city and county and shall be paid into the city and county treasury to the credit of the borough concerned, together with all revenues of a borough received from fines, licenses, and other sources of revenue, except as otherwise provided. Money shall be payable from a borough fund only on warrants drawn with the approval of a borough council by such borough officer as the council may authorize, and when countersigned by the borough controller.

The manner and time within which deposits of borough moneys received from taxes, licenses, fees, fines, penalties, forfeitures, and all moneys accruing to a borough from any source shall be made and the transfer and disposition of all surplus funds, shall be provided for by ordinance of the board of supervisors, and shall be uniform for all boroughs.

The council shall not create, audit, or permit to accrue, any debt or liability in excess of the available money in the borough fund of the borough that may be legally apportioned and appropriated for such purpose; provided that taxes levied though uncollected are deemed available income and revenue for the year for which levied; and provided, that any borough, during the first year of its existence, may incur such indebtedness or liability as may be necessary, not exceeding in all the income and revenue provided for it in such year, nor shall any warrant be drawn, or evidence of indebtedness be issued, unless there be at the time sufficient money in the borough fund legally applicable to the payment of the same, except as hereinafter provided. When any order or demand is presented to the borough controller for approval and is not approved for want of funds and the amount of said order or demand does not exceed the income and revenue for the year in which the indebtedness was incurred, such borough controller must indorse thereon the words, "not approved for want of funds," with the date of presentation and shall, in attestation thereof affix his signature thereto; and

shall number such indorsement and shall register said order or demand in the records of his office and shall thereupon deliver said order or demand to the claimant, or his order. From that time, such order or demand shall bear interest at the rate of six per cent per annum. Such orders or demands, so registered as herein provided, shall be paid in the order in which the same are registered.

All license taxes collected by the city and county within the limits of any borough shall be credited to the borough fund of such borough by the treasurer of the city and county.

Borough Tax Subventions

SECTION 207. For those boroughs which shall within their own boundaries perform municipal functions concerned with the maintenance of streets, sewers, parks, libraries, and playgrounds, which would otherwise be the municipal obligation of the city and county, the board of supervisors shall by ordinance provide for a system of subventions to such boroughs from tax funds of the city and county, provided that in no event shall such subvention to any borough in any one fiscal year either exceed the amount which such borough shall appropriate out of borough funds in that year for such municipal functions, or exceed the amount which the city and county shall raise in that year by city and county taxes for similar municipal purposes of the city and county upon the assessed valuation of taxable property within such borough. Such system of subventions may be modified from time to time by the board of supervisors by ordinance, but all ordinances providing for such a system shall apply generally to all boroughs.

Borough Bonded Indebtedness

SECTION 208. A borough may incur an indebtedness, exceeding in any year the income and revenue provided for such year, for the purposes of paying the cost of any borough improvement or acquisition within the power of the borough to make or acquire and may issue and sell borough bonds for such purposes, provided said indebtedness and bonds are authorized as herein provided by ordinance or resolution of the borough pledging the faith and credit of the borough therefor. Such ordinance or resolution shall be adopted and the proposition for the issue and sale of such bonds shall be submitted to a vote of the voters of the borough in substantially the same form and manner and according to the same procedure as is provided in this charter for the issue and sale of bonds by the city and county, or in the manner and form and according to the procedure provided in any general law of the State of California in force at the time governing the issue and sale of bonds by municipalities, so far as the same may be applicable.

No such debt shall be incurred and no such bonds shall be issued by any borough without the assent of two-thirds of the voters thereof voting thereon at an election to be held for that purpose, nor unless before or at the time of incurring said debt or issuing said bonds provision shall be made for the collection of an annual tax sufficient to pay the interest on such debt or bonds as it falls due and provision shall also be made to

constitute a sinking fund for the payment of the principal thereof on or before maturity.

In no case shall borough bonds be issued for a term which shall exceed the estimated life of the work or improvement for the payment of which they are issued as certified by the council in the ordinance calling the bond election, nor for a term to exceed forty years.

No bond shall be issued on the faith and credit of the borough which will increase the bonded indebtedness thereof beyond 5 per cent of the assessed valuation of the property within the borough subject to direct taxation as shown by the last preceding assessed valuation.

The proceeds from the sale of borough bonds shall be applied exclusively to the purposes and objects to which the voters of the borough have assented, until such purposes and objects have been accomplished, after which the surplus, if any, shall be transferred to the bond interest or redemption fund of the borough.

Borough bonds shall not constitute a debt or general obligation of the city and county.

Borough Special Assessments

SECTION 209. In the exercise of its power to provide for the payment of the cost of any public improvement in whole or in part by special assessment levied against the property benefited thereby, a borough acting through its council may establish local improvement districts and levy and collect special assessments and reassessments to pay the costs and expenses of such improvements, which expenses shall be made and assessments levied and collected in conformity with the procedure set forth in this charter for the city and county, or with the procedure set forth in any ordinance passed or adopted thereunder, or with the procedure set forth in any one or more of the general laws of the State of California in force at the time of the improvement relating to the doing of public work or the making of public improvements in municipalities or in counties, so far as the same may be applicable. The council may provide in accordance with the procedure set forth in said charter or said ordinance or general law or laws for the issuance, sale, payment and redemption of interest bearing bonds to represent or to be secured by such assessments or any reassessments remaining unpaid after a certain period, either singly or in the aggregate, and may provide that such assessments or reassessments may be paid in installments and be collected in the same manner in which city and county taxes are collected or otherwise, and for the sale of lands burdened by such assessments or reassessments and for the purchase of same on behalf of the borough in event of nonpayment, and may provide other alternative methods for such collection by foreclosure or otherwise. Such work or improvements are any permitted to be done by boroughs under this charter or by the city and county or by any such procedure, ordinance or general law.

Nothing contained herein shall prevent the board of supervisors from establishing similar local improvement districts where the same shall cover territory in two or more boroughs or parts thereof, or cover territory lying partly within and partly without a borough, or from levying

and collecting special assessments and reassessments to pay the cost and expenses of such local public improvements.

Borough Contracts and Official Advertising

SECTION 210. In the preparation of estimates, calling for bids, advertising, and awarding of contracts for supplies, materials, labor, official advertising, or for any public work, a borough shall be subject to the provisions of any ordinance as the board of supervisors shall provide to be applicable uniformly to all boroughs. Such ordinance shall follow as closely as practicable the provisions of this charter relating to such matters applicable to the city and county and shall charge borough officers with appropriate duties in the premises.

Contracts for the official advertising of a borough shall be let as this charter provides for the letting of contracts for official advertising of the city and county, provided that any such contract shall be let to a daily or weekly newspaper of general circulation established, printed, and published in the borough, if any such there be. If there be no such newspaper, then such contract shall be let to a daily or weekly newspaper of general circulation established, printed and published in the city and county.

Any newspaper of general circulation which for one year next prior to consolidation was established, printed and published in the territory consolidated with the city and county shall thereafter be deemed to have been so established, printed and published as a newspaper of general circulation for said period of one year within said city and county for all purposes of official publication or advertising.

The advertising of the delinquent borough tax list of the property within a borough shall be let by the board of supervisors to the lowest responsible bidder for publication in a newspaper of general circulation printed and published within such a borough, if any such there be, and otherwise in such a newspaper printed and published in the city and county and such delinquent tax list shall be published in such newspaper at least once.

SECTION 212. Whenever the voters of a borough shall approve an ordinance of the council providing for civil service for officers and employees of the borough, the council shall enter into an agreement with the civil service commission of the city and county for the administration of the civil service system of the borough, and it shall provide in the

borough budget for the payment to the city and county of the costs of such services.

In any such ordinance it shall be provided that all borough officers and employees, not otherwise exempt as herein provided, shall be subject to the civil service provisions of this charter as far as they may be consistently applicable to such officers and employees. Such ordinance shall further provide that there shall be no exemption of any borough officers or employees from the borough civil service system except in the case of elective borough officers, appointees to any borough board or commission not required to give full-time service, and the borough manager, if any. Such ordinance may also provide that any borough officer or employee, who shall be subject to the borough civil service system and who has been continuously employed full-time for one year prior thereto by the borough or by the city automatically established as such borough, shall without any examination be deemed appointed within the civil service provisions of this charter to the position to which he may be assigned and entitled to all the benefits of said civil service provisions thereafter.

The right of borough officers and employees to participate in such a retirement system, the manner in which they may participate, and the benefits they may enjoy, shall be those provided by the retirement system for officers and employees of the city and county.

In any such borough ordinance it may be provided that any officer or employee participating in its benefits shall receive credit for his prior continuous full-time service to the borough and/or to the city automatically established as such borough, and all liabilities accruing under such system because of such prior service shall be met by the borough.

Borough Elections

SECTION 214. The primary and general elections of a borough shall be held at the time provided in this charter for municipal primary and general elections of the city and county. Except as otherwise provided in this charter, the council by ordinance shall call any special borough election and notice of such special election shall be given by proclamation issued by the president of the council and posted and published as the council may direct for the period of at least 30 days next preceding the date of such election. Any borough election shall be conducted and canvassed in the same manner as an election of the city and county, but the cost of any special election shall be borne by the borough. A borough

special election may be called to be held on any day appointed for any primary or general election of the city and county.

Borough Initiative, Referendum, and Recall

SECTION 215. The voters of a borough may invoke the initiative provisions of this charter to apply to any borough ordinance, and they may also invoke the referendum provisions of this charter to apply to any ordinance, act or measure of a borough council. The council may submit any ordinance it is empowered to pass to a vote of the borough voters. The voters of a borough may invoke the recall provisions of this charter to apply to any elective borough officer. It shall be the duty of the board of supervisors, by ordinance uniformly applicable to all boroughs, to make the provisions of this section effective.

SECTION 217. Except as otherwise provided, any employee of a city consolidated with the city and county, who shall be in the employ of any department or office of such city, the power over which shall be conferred upon a borough automatically established as successor to any such city, shall continue in the position to which he may be assigned in the employ of the borough until the end of his term or if without a term until removed by the authority to whom power of removal is committed.

All contracts for materials, supplies and labor, and all public works, special assessments or similar proceedings entered into or undertaken by a city consolidated with the city and county in force or in course of performance when consolidation becomes effective, shall be continued and perfected by the borough automatically succeeding any such city, provided the borough shall have jurisdiction in the matter for which such contracts were entered into or over such public works, special assessment or similar proceedings, and otherwise by the city and county.

All ordinances of a city consolidated with the city and county which are not inconsistent with the provisions of this charter or with any ordinance of the city and county shall, until repealed or amended by borough ordinances, be continued in force as ordinances of the borough automatically succeeding such city.

General Legislation for Boroughs

SECTION 218. The board of supervisors shall have general power to enact all legislation necessary to permit boroughs to exercise their powers or perform their duties under any provisions of this charter and not otherwise provided for herein. REFUSE COLLECTION AND DISPOSAL ORDINANCE
Adopted by the Voters as an Initiative Measure at an Election
Held November 8, 1932

Providing for the collection and disposition of refuse in the City and County of San Francisco; providing for the licensing of refuse collectors by the director of public health; fixing the maximum rates or charges for the collection of refuse by licensed refuse collectors from homes, apartment houses, stores, etc.; dividing City and County of San Francisco into collection routes; providing penalties for the violation of the provisions of this ordinance.

Be it Ordained by the People of the City and County of San Francisco as follows:

SECTION 1. The term "refuse" as used in this ordinance shall be taken to mean all waste and discarded materials from dwelling places, households, apartment houses, stores, office buildings, restaurants, hotels, institutions and all commercial establishments, including waste or discarded food, animal and vegetable matter from all kitchens thereof, waste paper, cans, glass, ashes, and boxes and cuttings from trees, lawns and gardens.

SECTION 2. It shall be unlawful for any person, firm or corporation to dispose of refuse as defined in this ordinance except as herein provided, save that the provisions of this ordinance shall not include refuse which may be incinerated by an owner of a building for himself or for his tenants on the premises where produced; provided, however, that such incineration shall be subject to inspection and control by the Director of Public Health and the Fire Department.

SECTION 3. Refuse consisting of waste or discarded food, animal and vegetable matter, discarded containers of food, animal and vegetable matter, and ashes shall be collected and placed in suitable metal cans of sufficient capacity by the producer or landlord who by reason of contract or lease with an occupant is obligated to care for such refuse, and delivered to a refuse collector to be disposed of as herein provided. Waste paper and boxes and other refuse materials not subject to putrefaction, or decay, and cuttings from trees, lawns and gardens may be placed in any suitable container and delivered by the producer or landlord, who by reason of contract or lease with the occupant is obligated to care for such refuse and deliver same to a refuse collector, to be disposed of as herein provided; provided, however, that it shall be optional with the producer or landlord to deliver waste paper or other refuse having a commercial value to a refuse collector, and the producer or landlord may dispose of the same in any manner he may see fit. If the producer or landlord elects to deliver waste paper or other refuse having a commercial value to a refuse collector, the collector shall receive the same and no additional charge shall be made for its removal. Refuse which under the provisions hereof must be deposited in a metal can of suitable capacity shall be removed daily from the place where the same is created and either delivered to a refuse collector or deposited in a non-combustible container in some room or place not used for human habitation, to be delivered therefrom to the refuse collector.

SECTION 4. It shall be unlawful for any person, firm or corporation, other than a refuse collector licensed by the Director of Public Health as in this ordinance, provided, to transport through the streets of the City and County of San Francisco any refuse as in this ordinance defined, or to collect or to dispose of the same, except waste paper, or other refuse having a commercial value. It is provided, however, that a license for a refuse collector, as provided in section 8 hereof, shall be distinguished from a permit to operate, in the City and County of San Francisco on a certain designated route, as hereinafter provided.

Upon the conviction of any person, firm or corporation for any violation of the provisions of this ordinance, the permit of such person, firm or corporation issued under the provisions of this ordinance, shall be forthwith and immediately terminated and canceled as of the date of conviction.

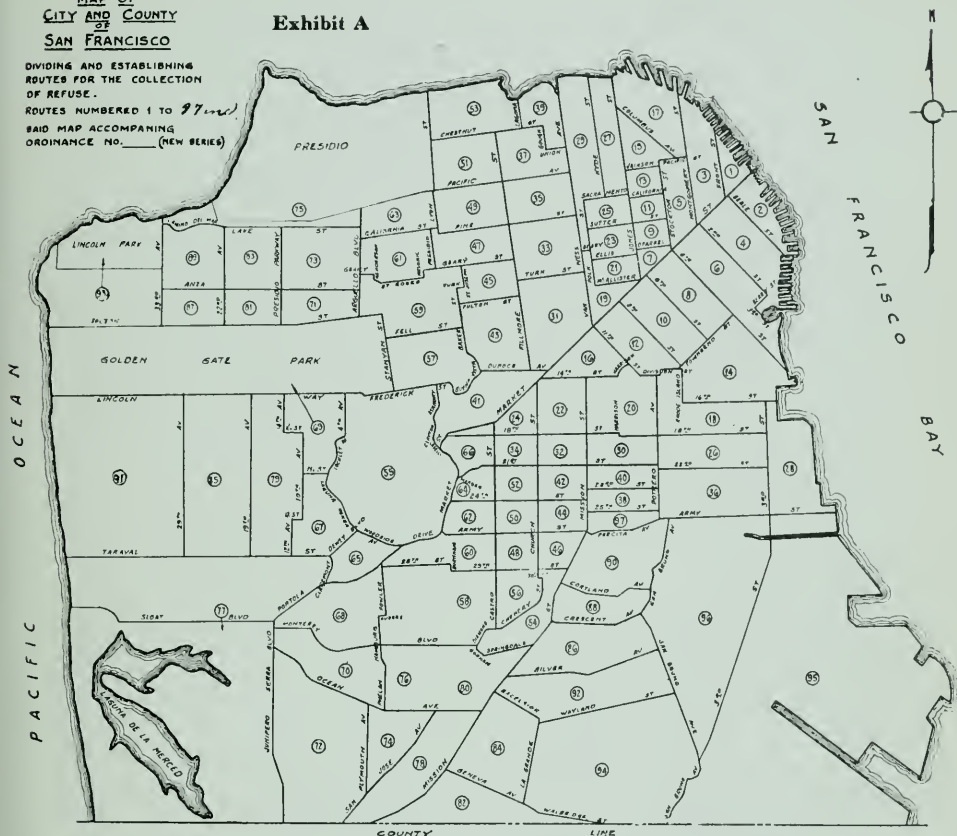

The City and County of San Francisco is herewith divided and established into routes for the collection of refuse, as designated on a map of the City and County of San Francisco, attached hereto, each said route to include only the side of the street or streets bounding each route as designated by a number on said map, said routes being numbered one to ninety-seven inclusive, and said map and said routes are marked Exhibit A, and attached hereto and made a part of this ordinance.

Any person, firm or corporation desiring to transport through the streets of the City and County of San Francisco, any refuse as herein defined, or to collect or dispose of the same, shall make application to the Director of Public Health for permission so to do. Said application for such permit shall contain the name of the person, firm or corporation, any of the particular route or routes, designated in said map of routes, proposed to be served by said person, firm or corporation, and a statement that said person, firm or corporation will abide by all the provisions of this ordinance, and will not charge a greater rate for the collection and disposition of said refuse than that fixed in this ordinance.

The Director of Public Health shall grant such application for a permit, but may refuse the same when the route proposed is already adequately served by a licensed refuse collector. An application for a permit must be granted, however, by the said Director of Public Health, and it is mandatory on said director to grant the same, when it shall appear in any said application for a route or routes by a person, firm or corporation, that twenty per cent or more of the householders, business men, apartment house owners, hotel keepers, institutions or residents in said route or routes, using refuse service, and paying for same, or obligated to do so, have signed a petition or contract in which they have stated that they are inadequately served by any refuse collector who is then collecting refuse on said route. That inadequate service is herein defined as the failure, on the part of any refuse collector to properly collect refuse on said route, or the overcharging for the collection of same, or for insolence towards persons whose refuse has been collected, or the collection by any refuse collector whose license has been revoked as provided in section 9 hereof. Such permit so granted by the Director of Public Health shall not be exclusive, however, and one or more persons, firms or corporations may be given a permit to collect on the same route.

Provided, however, that if such charge cannot be agreed upon, such charge shall be fixed and determined by the Board of Supervisors, but in no event shall the charge exceed the maximum of one dollar and fifty cents per ton. Should any dispute arise between the refuse collector and the person, firm or corporation having control of said incinerator, or other disposition of refuse, as provided for by law, concerning the amount of such charge, pending the determination thereof by the Board of Supervisors as herein provided, the person, firm or corporation having charge and control of said incinerator or other disposition of said refuse, shall continue such disposition until the matter of such charge will have been determined by the Board of Supervisors, and upon such determination, the refuse collector shall pay to the said person, firm or corporation the amount fixed by said person, firm or corporation in charge of said incinerator for all refuse incinerated or otherwise disposed of pending said dispute.

The rates for more than 600 rooms in any one apartment house shall be subject to contract between the owner or lessee of the apartment house and a duly licensed refuse collector.

In determining the number of rooms of any household, building or apartment in order to ascertain the rate for the collection and dispo-

sition of refuse therefrom, halls, alcoves, storerooms, bathrooms, closets and toilets shall not be considered as rooms, nor shall basements or attics be considered as rooms unless the same be occupied as living quarters.

Any collection and disposition charges not specifically set forth herein shall be subject to contract between the producer and a duly licensed refuse collector.

SECTION 7. It shall be unlawful for any refuse collector to charge a greater rate for the collection and disposition of refuse than that fixed in Section 6 of this ordinance.

Nothing herein contained shall be taken or construed as preventing a refuse collector from charging a less rate or charge for the collection of refuse than that fixed in Section 6 of this ordinance.

Section 8. Each licensed refuse collector shall be assigned a number by the Director of Public Health. The Director of Public Health shall furnish each collector a metal badge on which is marked the number assigned the collector, who at all times while collecting refuse shall wear said badge in plain view. The Director of Public Health shall collect from each collector for the expense of providing said badge and the issuance of said license the sum of \$5. Each vehicle or wagon in which refuse is transported through the streets shall be assigned a number by the Director of Public Health and the number thereof shall be plainly marked thereon.

SECTION 9. The license, as distinguished from a permit herein, of any refuse collector, may be revoked by the Director of Public Health for failure on the part of the refuse collector to properly collect refuse, or for overcharging for the collection of same, or for insolence towards persons whose refuse he is collecting, and it shall be unlawful for any person whose license is so revoked to collect refuse in the City and County of San Francisco.

No license of a refuse collector shall be revoked except upon a hearing of which the refuse collector has been given a notice of at least three days.

SECTION 10. Upon the payment of the rate fixed in this ordinance for the collection and removal of refuse, the person paying the same shall be entitled to, and there shall be delivered to him a receipt on which shall be shown the amount paid, the premises for which it is paid, the name and number of the collector, the number of the vehicle or wagon, the schedule of rates herein set forth, and on the back of said receipt there shall be printed the following words:

"The rates for the collection of refuse are fixed by ordinance of the Board of Supervisors. Complaints as to service should be made to the Director of Public Health."

SECTION 11. Disputes over charges made by collectors or as to the character of the service performed shall be decided by the Director of Public Health.

SECTION 12. A refuse collector shall be entitled to payment for the collection of refuse at the end of each month from each householder or landlord served by him and from whom the payment is due.

SECTION 13. The initiative ordinance passed by the People of the City and County of San Francisco on June 14, 1927, providing for the collection and disposition of refuse in the City and County of San Francisco; providing for the licensing of refuse collectors by the Board of Health; fixing the maximum rates or charges for the collection of refuse by licensed refuse collectors from homes and apartment houses; dividing City and County of San Francisco into collection routes; and providing penalties for the violation of the provisions of this ordinance, and all other ordinances in conflict herewith, are herewith repealed.

SECTION 14. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not to exceed five hundred (500) dollars, or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

SECTION 15. This ordinance shall take effect ten days after the declaration of the official count of the votes cast therefor; provided, however, that for the purpose of issuing licenses to refuse collectors, application may be filed and the licenses issued during the period between the final approval of this ordinance and the date of its taking effect.

SECTION 16. During the month of January each year the Controller of the City and County of San Francisco shall survey and examine into the rates to the producer for the collection and disposition of refuse, with a view to a reduction in such rates, and upon completion thereof shall report his conclusions to the Board of Supervisors. The Board of Supervisors may by a two-thirds vote reduce the rates upon receipt of said report when found to be justified, and may increase said rates, but not to exceed the rates herein set forth. The Board of Supervisors shall have no other right to amend this ordinance.

SECTION 17. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. It is hereby declared that this act, and each section, subsection, sentence, clause and phrase thereof, would have been passed irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases had been declared unconstitutional.

CALIFORNIA SUPREME AND APPELLATE COURT DECISIONS

TEACHERS' TENURE ACT—CLASSIFICATION

A teacher who had taught successfully in both day and evening high schools for more than three years and had been duly classified as a permanent teacher, could not be removed without cause; and the "position" from which he could not be removed except for cause was the employment which the statute automatically effected upon his classification as a permanent teacher, it being immaterial that he was assigned to duty in one or more schools or school buildings maintained by the municipality, or that he conducted day and evening classes.

Where a teacher served in both day and evening schools for a period of more than six years prior to his attempted dismissal, and his total period of service in any one day did not exceed eight hours, such assignments constituted but one "position" within the meaning of the Tenure Law, and such teacher, having served in that "position" for more than the probationary period, became automatically re-elected to that position. (On denial of hearing in supreme court, approval withheld.) *Cullen v. Board of Education*, 126 C. A. 510, 15 P. (2d) 227, reviewed in 21 Cal. Law Review, 400.

POWERS OF MUNICIPALITIES—CONFLICTING PROVISIONS

Section 135 of the San Francisco Charter is consistent with the State Tenure Law, notwithstanding the addition of principals and vice-principals.

TEACHERS' TENURE ACT—CLASSIFICATION

The word "position," as used in the school law and in the San Francisco charter, must be interpreted as applying to the "employment" of the individual; and where the employee has been assigned to teach in two separate school buildings and permitted to continue in that service beyond the probationary period and to become classified as a permanent employee—not for a part of the service only—but for all, the tenure, therefore, runs to a position of employment, or service, of equal grade and rank to that to which the statutory classification has applied. (On denial of hearing in supreme court, approval of holding that two employments of teacher constitute but one position withheld.)

PRINCIPALS

Under section 135 of the San Francisco Charter (Stats. 1931, pp. 2973, 3957), a person who has been employed continuously for more

than three years as a teacher in the day high schools of the city and as principal of an evening high school of said city cannot be removed from his position as principal without cause and without a trial. *Anderson v. Board of Education*, 126 C. A. 514, 15 P. (2d) 774, 16 P. (2d) 272.

CIVIL SERVICE IN GENERAL

Under section 142 of the charter of the city and county of San Francisco (Stats. 1931, p. 2973) civil service rights acquired by persons under the provisions of the charter in which it superseded were continued.

The old charter of the city and county of San Francisco contemplated but two types of civil service appointments, to wit: "regular appointments," and "temporary appointments," to remain in force only until "regular appointments" could be made from the eligible list.

Appointments made from eligible lists, being regular as contemplated by old charter of San Francisco, after expiration of the probationary period, the appointments became permanent although the probable period of employment was estimated by the appointing power at less than six months.

The positions of plaintiffs could not be said to be "temporary," even though appointment to, and acceptance of, such positions was made as such, and the commission had no power to adopt a rule that all positions "which were not expected by the appointing power to exist for a period of six months" would be considered "temporary" positions. *McGillcuddy v. Civil Service Com.*, 133 C. A. 782, 24 P. (2d) 942.

COMPENSATION IN GENERAL

A draftsman on work pertaining to the Hetch Hetchy Project performed partly within and partly outside the city and county of San Francisco, was exempt from civil service under Art. XIII, Sec. 11, of the former charter of San Francisco, and he was entitled to his salary under the new charter, section 142. *Cutting v. McKinley*, 130 C. A. 136, 19 P. (2d) 507.

OFFICERS AND AGENTS IN GENERAL

Section 163 of the new charter of San Francisco affects existing police officers only and cannot be held to prohibit a police officer theretofore retired under the old charter from being a candidate for an elective office in the city and county. *Sunder v. Collins*, 219 C. 430, 27 P. (2d) 382.

TRANSPORTATION—STREET RAILWAYS

Charter of City and County of San Francisco, section 121, empowers the Public Utilities Commission to abandon part of the transportation system operated by the city, and it is not necessary, before abandonment is had, that the Board of Supervisors by ordinance determine that the public interest or necessity demand such abandonment. *Mann v. San Francisco*, 139 C. A. 652, 34 P. (2d) 817.

FIXING OF COMPENSATION

Attempt of the Public Utilities Commission of the city and county of San Francisco to reduce petitioner's salary, without complying with law therefor, was without effect.

There was no merit in the contention that because petitioner's tenure

rested in the discretion of the Public Utilities Commission he could be discharged at any time, and, therefore, his compensation could be fixed or changed by such Commission.

The fact that petitioner made no objection to the reduction in salary until after he had resigned and that he had accepted three checks in payment of the services mentioned thereon, did not constitute either a waiver or an estoppel. *Francis v. Leavy*, 131 C. A. 619, 21 P. (2d) 979.

CONSOLIDATED CITY AND COUNTY GOVERNMENTS

Functions performed by city and county officers in particular cases determine whether San Francisco is to be viewed as a city or a county.

JUDICIAL CONTROL GENERALLY

Section 101 of the San Francisco Charter, which incorporates the general law on creation of bonded indebtedness on municipalities, applies "except as otherwise provided in this charter" and does not prevent the creation of bonded indebtedness for county purposes.

SOCIAL MATTERS GENERALLY

The extraordinary number of people in need as a result of the current economic depression was a matter judicially noticed.

BOND ISSUES

San Francisco Charter, Section 101, which incorporates the general law on the creation of bonded indebtedness of municipalities, does not prevent the creation of bonded indebtedness for county purposes, as an exercise of powers appropriate to a county under section 2.

IN GENERAL

The expenditure of public money in performance of a public purpose is not within the scope of the prohibition of Const., art. IV, Section 31.

ELECTIONS

The special election, called under Pol. Code, Section 4088, to approve a proposed bond issue, could lawfully be consolidated with the August primary election.

PAUPERS

Under Pol. Code, Section 4041.16, in view of section 4088, counties may issue bonds for the relief of the poor.

The city and county of San Francisco, acting through its board of supervisors, had power to issue bonds for the care of persons made indigent as a result of the current economic depression.

It cannot be held that the proposed bond issue of the city and county of San Francisco for the relief of indigent sick and dependent poor was a gift of public money in violation of Const., art. VI, Section 31.

Under the Pauper Act (Deering's Gen. Laws, 1931, p. 3120, Act. 5814), the City and County of San Francisco has the duty of supporting its poor by the usual method of taxation, and such duty is mandatory.

The detailed procedure set forth in Pol. Code, Section 4088, was applicable in the creation of the bonded indebtedness for the relief of indigent sick and dependent poor, and it was immaterial that a maximum

rate of interest for the bonds was specified instead of "the rate of interest" as required by said Section 4088.

The special election called to approve the bond issue was not improperly consolidated with the August primary election, although held on the same date with the same precincts. *San Francisco v. Collins*, 216 C. 187, 13 P. (2d) 912.

CONSOLIDATED CITY AND COUNTY OFFICERS

Const., art XI, Section 8½, grants power to consolidated cities and counties to determine in their charters how their officers shall be chosen and to make appointive offices which formerly were elective.

The city and county of San Francisco was authorized, in adopting its new charter in 1931, to provide that certain offices, theretofore elective, should be appointive and subject to civil service, and that the incumbents at the time of ratification should be deemed appointed to the respective offices. (Const., Art. XI, Section 8½.)

The provisions of section 8½ are to authorize a city and county, in a new charter, to designate the officer usually known as "auditor" by the new name of "controller," with the duties imposed by the charter which are the same as the duties imposed by law on county auditors.

By the adoption of the new charter of the city and county of San Francisco, the electors provided new and distinct terms of office and did not extend the terms beyond the period for which the incumbents had been elected.

The general law of the state establishing a uniform system of county and township government is not applicable to the city and county of San Francisco.

EMPLOYMENT—OFFICE DISTINGUISHED

The name of an officer is unimportant. The duties and powers to be exercised by the incumbent determine the office. *Rand v. Collins*, 214 C. 168, 4 P. (2d) 529, *overruling* *Crowley v. Freud*, 132 C. 440, 64 P. 696.

CONSTRUCTION

A municipal resolution must be read in view of the evident purpose of the legislature in its enactment.

A resolution free from ambiguity and uncertainty needs no interpretation.

FIXING COMPENSATION

A resolution reducing the wages of each officer and employee of the city passed by the mayor and board of supervisors of the city and county of San Francisco, under an amendment to the charter, is applicable to all city employees, including employees of a municipal water agency of the city working in another county. *Snell v. Byington*, 79 C. A. D. 607, 37 P. (2d) 734.

CONSTRUCTION AND INTERPRETATION

There being nothing on the face of the new charter to the contrary, its provisions are prospective and not retroactive.

REPEAL

The provisions of the San Francisco charter, which took effect January 8, 1932, are not self-executing, and under such circumstances it cannot be held that ordinances passed under the old charter will be superseded until the ordinances contemplated by the new charter take their place.

If any provision contained in any ordinance adopted before the new charter took effect was in conflict with any self-executing passage in the charter it would stand repealed; if, however, the provisions in the charter required legislation to put them into effect, then they did not repeal existing ordinances on such projects.

REMEDIES

In a proceeding by city employee to compel the controller to audit a demand for salary which was refused on the ground that petitioner's pay was governed by the new San Francisco charter, there was no error in excluding from evidence a document prepared before the charter took effect proposing a salary standardization, where no ordinance approving such a document was ever passed. *King v. Leavy*, 124 C. A. 422, 12 P (2d) 661.

HIRING

Engineering draftsman, who had held a position on a public works project located outside the city for more than a year prior to the effective date of the new San Francisco charter, was "blanketed" without examination into the position under civil service under section 142, and his name was improperly stricken from the civil service eligible list on the ground of nonresidence.

Fact that the engineering work was centered mainly on the municipal airport did not change the character of his employment, and he was not deprived of his status by the new San Francisco Charter, Section 125, which provides that employees of the municipal airport shall, subject to the approval of the public utilities commission, be appointed by and hold office at the pleasure of the manager of utilities. *Archer v. Civil Service Com.*, I. C. (2d) 357, 34 P. (2d) 1023.
